Record '65 Budget For Schools Voted

A record budget of $12,434,798 for operation of the Newton schools in 1965 was given unanimous approval by the School Committee at its final 1964 meeting.

The figure is higher by $924,528 than that for the previous year.

Included in the proposed expenditure is an appropriation of $30,000 for a mental health clinic to be established by Action for Mental Health in Children—a project whose major financial support will be provided by state funds, and which will serve Newton school children referred to it by the Division of Pupil Personnel Services.

Salary raises for teachers, secretaries and custodians, are also included in the 1965 budget.

More than two-thirds of the total increase is an overlay of $580,943, covering salary increases voted a year ago and which were effective last September, and must now be budgeted for 1965.

'New Look" At Local Hospital

New Medical Building at Newton-Wellesley Hospital, open for inspection Sunday, is part of "New Look" program at hospital. Fifty doctors will have offices in building.

New Medical Building At Hospital To Open Sunday

The new four-story Medical Building at Newton-Wellesley Hospital will open officially on Sunday, January 10, it was announced today by George L. White of Newton, president of the 260-bed hospital.

Area residents are invited to inspect the building from 2 p.m. until 4 p.m. on Sunday. A number of physicians will be present at the open house and show their offices. Members of the Newton - Wellesley Hospital Aid Association will serve refreshments to the visitors.

Doctors began occupying offices during November in the air-conditioned, sound-resistant building, Mr. White reported. He expects physician occupancy of the buiding to reach 80 percent by the end of January, with total occupancy achieved within a year.

The million-dollar building, offering offices for about 50 doctors in single and shared suites, will pay for itself, Mr. White noted. Construction costs were financed by loans from Newton-area banks. Rental fees of physician-tenants will liquidate the loans.

The Medical Building is the first in the western suburbs erected on grounds of a hospital. It is one of about a half dozen in Massachusetts located at hospitals.

"The building offers many advantages," Mr. White explained. "Patients find their doctors in close proximity to diagnostic and treatment resources of the hospital. That permits a centralization of health resources in the community. Doctors can step down the hall when hospitalized patients need them, without having to suspend office hours and fight traffic. The hospital has a pool of physicians nearby in event of a community disaster or emergency. In short, the total community benefits, without having had to bear the cost of erecting the building.

The brick and glass structure is linked to the hospital by a two-story covered passageway. Space for 100 cars fronts the building. Elevator service is available from the large, carpeted reception lobby. Music is piped

Jan. 4 Baby Girl May Be 1965 Winner

So far as The Graphic could determine at press time this week, the first 1965 baby born to Newton parents was a girl who came into the world at Newton-Wellesley Hospital on Jan. 4.

If the baby's parents, Mr. and Mrs. William H. Toomey of 20 Clinton St., Newton, will follow the rules, there is a good chance that their little daughter will be winner of this year's prize contest conducted by this newspaper, with the cooperation of a number of Newton merchants.

All they have to do is apply in writing or phone The Graphic, giving details of the exact time the baby was born, her name and her weight. Also, they must give the name of the attending physician and his phone number.

Basbas Launches Drive For Mayor

City Clerk Monte G. Basbas announced today that he will be a candidate for Mayor in next November's municipal election.

Basbas will seek to succeed Mayor Donald L. Gibbs who is planning to retire from office at the end of this year.

Alderman William Carmen, chairman of the Newton Housing Authority, is expected to contest with Basbas for the right to serve as the city's next Mayor although he has not yet formally announced his candidacy.

Basbas, in making known his intention to stand for election as Mayor, expressed the conviction that as a result of his service in the City Clerk's office for the past 14 years he has become familiar with the many complex problems facing the city today and in the years ahead.

He offered the opinion that his lengthy experience in dealing with all city departments, the Mayor's office, the Board of Aldermen and the School Committee provide him with a unique background for coping with these problems.

MONTE G. BASBAS

"Change has been a great challenge for the City of Newton and will continue to provide such a challenge," City Clerk Basbas declared in announcing his candidacy.

"By careful and thoughtful planning and by the use of Newton's great reservoir of talented residents, we can meet this challenge," Basbas continued.

"Change has been particularly notable in our schools." he said. "While we are proud to have a nationally recognized school system, we cannot rest on our laurels. Just as we met the difficult challenge to provide new school buildings, for an expanding population, so must we meet the equally difficult challenge of replacing our outmoded school buildings.

"The recent action of the School Committee and the Mayor in working out a schedule for the rebuilding program is a necessary first step. We must continue to be mindful of the need to provide physical facilities equal to the challenge of modern education.

"The vast and complex project of rehabilitating Newton High is as critical as it is challenging. Its success will require all of the talent, energy and effort that we can summons to the task," Basbas stated.

"Unfortunately, the City's need for capital projects is not limited to schools. We must plan well for many capital needs. The needs of the Library and Recreation Departments have been clearly demonstrated. Recognition of needs is the first step to implementation. We must implement these needs as speedily as possible, but implementation must be accomplished in a manner commensurate with sound municipal financing.

"Obviously, we cannot undertake in a single year capital outlays of many mil-

Aldermen Take No Action On Charge

No action by the Board of Aldermen was taken Monday night on Richard P. Brennan's contention that the name of Harry H. Ham Jr., alderman-at-large from Ward 4, was removed from the voting list on Jan. 1, 1964, and that the alderman, therefore, had held office illegally for a year.

In fact, no official notice was given a letter that Brennan, a one-time candidate for a seat on the Board, had sent to Mayor Donald L. Gibbs, with carbon copies to City Clerk Monte G. Basbas, Aldermanic President Wendell R. Bauckman and Aldermen Warren Sutherland and David W. Jackson.

Investigation of the Election Commission records had revealed that Alderman Ham had, in fact, been listed as a voter on Jan. 1, 1964, and that he still was registered as such. Asked for an opinion, City Solicitor Matt B. Jones stated that in his opinion Ham was qualified to hold his seat on the Board.

The letter, signed by Brennan, who lives at 6 Sharon avenue, Auburndale, and dated Jan. 1, was as follows:

"As a citizen of the City of Newton, I call your attention to the following sections of the City Charter, and,

Bay State GOP Delegates Will Vote To Oust Burch

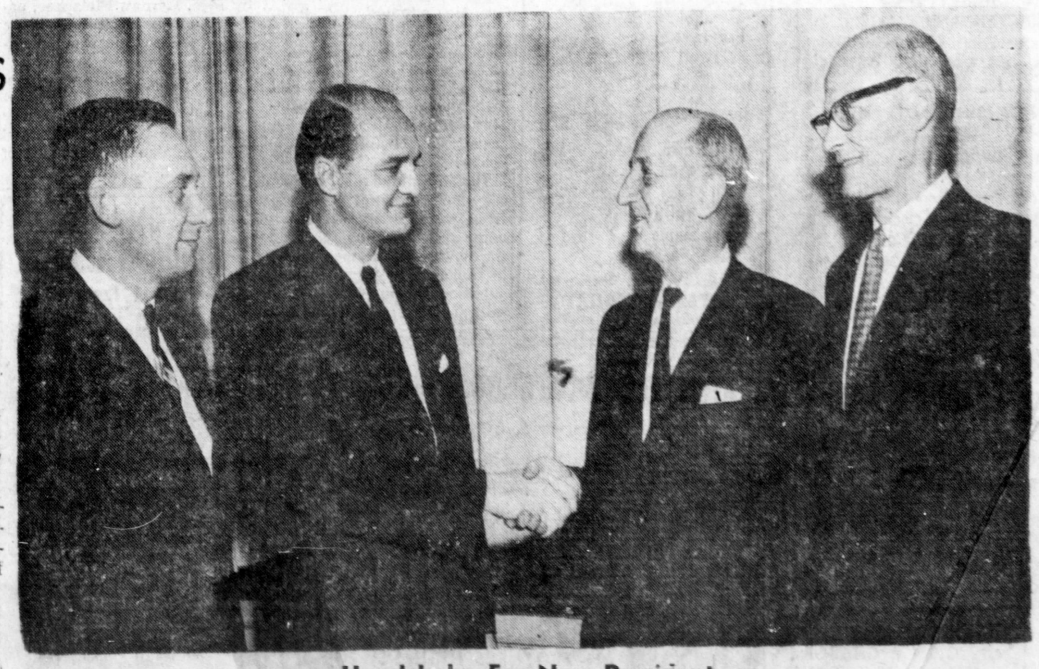

At least two of the three Massachusetts delegat to this month's important meeting of the Republic National Committee will vote to oust Chairman De Burch.

Republican State Committee Chairman Frederic C. Dumaine, Jr., and GOP National Committeeman Bruc Crane both agreed during a conference with Governo John A. Volpe, Attorney General Edward W. Brooke and Lieutenant Governor Elliot L. Richardson that they will vote against Burch.

GOP National Committeewoman Frances Hallowell did not attend the conference and has not committed herself as have Dumaine and Crane. It is anticipated, however, that she will abide by the wishes of Volpe, Brooke and Richardson.

From the way the moderates in the Republica party have been working behind the scenes it seem probable that Burch will be dumped and his place given to Ohio Republican State Committee Chairman Ray Bliss, one of the ablest political organizers and tacticians in the nation.

Service Of Lights To Be Held At St. John's By EYC Seniors

A Service of Lights will be held in St. John's Church, Lowell Ave., Newtonville, conducted by the seniors of the Episcopal Youth Corps, on Sunday evening, Jan. 10, at 7 o'clock.

The seniors will be assisted by a number of other young parishioners. Junior highs will take major parts, members of the junior department and the third grade will be in the processional and recessional. Younger children will sit with parents, and adult parishioners are especially urged to attend.

It will be a brief service, ending with each person accepting the "Light of Christ" and joining in a processional from the church through the hallways to form a candlelight circle in the parish hall for the Benediction. Candles will then be extinguished, but the Christ Light will be left burning on the altar so that after vestments are removed and coats donned, anyone may return to the church to re-light his candle and try to carry the Light home.

In the quieter weeks following Christmas, this is a good opportunity for all St. John's parish family to worship together in a special service.

Beginning Sunday, Jan. 24, and continuing for four consecutive Sunday evenings, senior highs from the Protestant youth groups in Newtonville will join in the study series, "Fit to be Tied." This is a preparation for Christian marriage.

This series was held several years ago, proved to be helpful and popular, and was attended by almost 100 percent of the church's high school members. This time, St. John's will join with Newtonville Methodist, Central Congregational and First Parish Unitarian of West Newton.

Ben Neill Will Give Showing Of Instant Art

Ben Neill, Boston Traveler editorial artist for 16 years, will be the guest at the monthly meeting of the Oak Hill Park Woman's Club on Wednesday, Jan. 13, in Memorial School.

His demonstration of "Instant Art" will give the audience an insight into situations encountered in a day at the artist's desk of a big-town newspaper's city room.

Mrs. Kenneth F. Giracca, club president, will preside, and Mrs. Norman Berkowitz will give the invocation.

As an added attraction, Miss Esther Gorodetsky and the Fine Arts Committee will display paintings by club members.

Parking Rules At School Stay

The Newton Traffic Commission has disapproved a Newton High School Student Council request for unlimited parking near the school.

The council, whose members are represented by Jacqueline Maloff and Frederick Fisher III, sought to have restrictions removed on the north side of Clyde street from Walnut street to Pulsifer street.

The commission's members are: Chairman, Robert S. Kretschmar; secretary, Public Works Director Willard S. Pratt, and Police Chief Philip Purcell, Fire Chief Frederick A. Perkins Jr., and City Engineer U. M. Schiavone.

Boston Section Member Meeting On January 14th

Mrs. Kliman has announced that all new and prospective members are invited to attend the meeting.

A luncheon and wine tasting will be held at noon and designed clothes will be informally modeled during the luncheon. Mrs. Mark Leipman and Mrs. Morris Bresnak are co-hostesses for the afternoon.

Mrs. Ruth Ley, of the S.S. Pierce Company, will serve red and white wines selected during her recent tour of the French chateaux country.

The National Council of Jewish Women, Boston Section, is a woman's educational and service organization. It maintains some 1,000 community services and a broad social action program in the United States. It operates a Thrift Shop in Boston.

Newton Junior College In Showdown Clash On Monday

John Cox, Nick Pasquarosa, and Bruce Gregory combined for 69 points to lead the Newton Junior College Bears to its seventh straight win, an 89-80 verdict, over a tough Bryant & Stratton five, Monday night at Woburn High.

The victory sets the stage for the battle of the undefeateds, Newton and Quincy Junior Colleges, next Monday night at Newton High.

Three straight hoops at the end of the first half gave the Junior College a nine point half-time advantage, 44-35. Midway through the second half the fast break combination of Gregory, Cox, and Pasquarosa built the lead to 19 and the Bears were never headed.

Kevin Maloney, Newton's sixth man, came off the bench early in the first half when Jerry Ready picked up his third foul. Maloney responded with a clutch performance, hooping 5 of 11 shots for 10 points and grabbing 8 rebound.

Newton mentor, George Ruggiero, praised his charges for another team victory. "The little man won this game for us. The fast break was working beautifully. I thought Kevin Maloney did a good job replacing Ready."

Bryant & Stratton coach, Bob Lewis, said, "I've seen every team in the league and this Newton club has the best nucleus. The Quincy contest should be a whale of a game.

While the Herald-Traveler papers are the first standard sized Boston newspaper to adopt the practice, The Graphic adopted the policy with its edition of May 9, 1963.

As the Traveler states, the adless front page format is a practice that is becoming standard among the country's leading newspapers.

The Graphic also adopted the modern idea of "giving the front page plenty of air" by using new headline types and the now popular open variety of make-up, brought about by additional spacing of story paragraphs and headlines.

subsequently, their pertinence to my petition.

"Section 4 states that aldermen-at-large shall be elected by and from the voters of the City of Newton. Section 15 states that the Mayor shall be responsible to see that all sections of the Charter shall be enforced. Section 36 (second sentence) states that the removal of an alderman from the city shall create a vacancy in this office. The Charter also states that the remainder of the Board of Aldermen shall elect a replacement for a vacated office.

"I hereby petition you that the office of Alderman-at-Large from Ward 4, now held by Mr. Harry Ham Jr., should be vacated and the basis of such petition is that on Jan. 1, 1964, said Alderman Harry Ham Jr., was removed from the list of registered voters of the City of Newton. Such evidence is contained in the records of the Election Commission of the City of Newton, and was supplied to me at the commission office at my request.

"Noting that Alderman Ham has, in fact, held this office illegally for a period of one year, I also request that action be taken on this petition at the meeting of the Board of Aldermen to be held Monday, Jan. 4, a regular business session."

junior colleges; administrators and directors of nursing from hospitals; and faculty from junior colleges currently conducting programs in nursing. Representatives from New England boards of registration in Nursing have also been invited.

Charles W. Dudley, President of Newton Junior College, will greet the guests and extend the hospitality of the college.

The main speakers on the program today are Dr. Mildred Montag, professor nursing education, Teachers College, Columbia University, and Dr. Walter Sindlinger, director, Junior College leadership program, Teachers College, Columbia University.

Dr. Montag will sepak on "Education of the Nurse Practioner in the Community Junior College," and Dr. Sindlinger will speak on "Fitting a Nursing Program Into the On-going structure of the Community College Curriculum."

The Friday program will include group work in case analysis and a discussion in the total group with Doctors Montag and Sindlinger.

Among those present who will greet the members of the conference will be Dr. Martin Lichterman, director, New England Board of Higher Education, and Dr. William Dwyer, president of the Massachusetts Board of Regional Community Colleges.

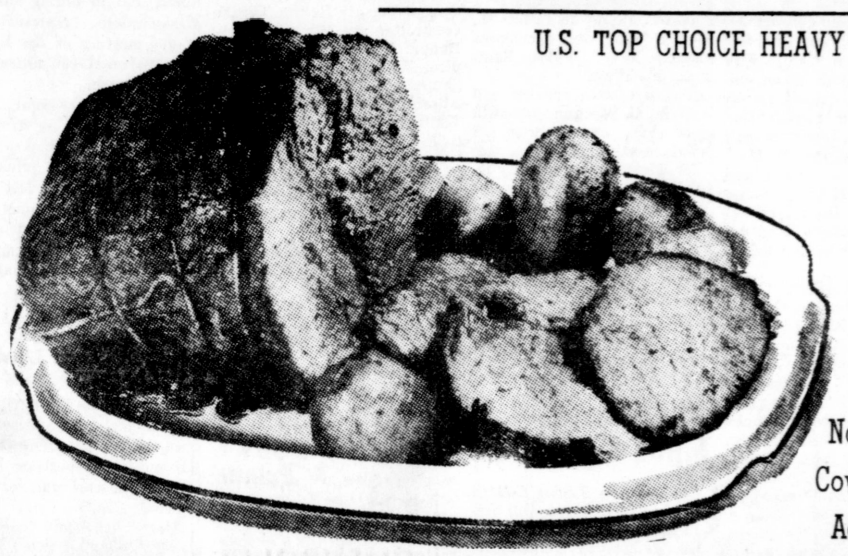

In a statement to the press, President Dudley remarked: "It is particularly fitting that Newton Junior College co-sponsor this significant conference in view of its role in nursing education in New England. As the first public junior college to institute a two-year nursing program, we look with pride upon its development.

"Not only have all our graduates become registered nurses, but they have passed the State Boards with notably high scores." Mr. Dudley also pointed out that "the nursing program at Newton Junior College has been considered a paragon by community colleges who have undertaken similiar programs."

Camp Fire Girls List Many Activities Here

The Camp Fire Girls in Newton welcome the New Year with service and leadership in their community through a program of creative activities and fun.

Auburndale Camp Fire Girls Margaret Carten, Mary Costa, Luisa Nazarro and Karen Americangoli received the highly coveted and well-earned Marion Awards at ceremonies at the Holy Cross Cathedral from Bishop Thomas I. Riley, D.D., PHD.

Following the service, a reception and tea was held at Corpus Christi Church for the girls and their honored guests: Mrs. Orazio Vacarro, Diocesan chairman for greater Boston; Mrs. William D'Agastino, Chairman of the Auburndale Camp Fire Girls; Mrs. Leonard Martin, Miss Mary Ellen Stofflett, Father Edward Beucler. Mrs. James Peghiny was hostess for the afternoon.

Junior Hi Camp Fire Girls under the leadership of Mrs. Kenneth Lee and Mrs. George E. MacDonald presented a musical program to the guests at the Baptist Home of Massachusetts. Twenty-three girls sang holiday songs and recreated in pantomine the nostalgic songs of old. The girls then served the refreshments they had baked, and visited with all the guests.

Under the direction of Mrs. Helen Gately, the Junior Hi girls are continuing their work for the Horace Mann School for Deaf Children. Because there are no text books for teachers for the deaf, these 7th and 8th graders are making Vertical files of pictures from which the children learn to lip read. These may be simple pictures to action pictures about science, art, nature, etc.

For a day of fun in the out-of-doors the Junior Hi girls hiked the Blue Hills trail, visited the Police horses and picnicked. Mrs. William A. Woods and Mrs. David Joftes accompanied Mrs. MacDonald and Mrs. Lee on this trip.

Mrs. Martin Umans from the Mason-Rice school area wants to share with the Camp Fire Girls the letter she received from her former Camp Fire Girl Maritza Struyvenberg of the Netherlands, daughter of Dr. and Mrs. Albert Struyvenberg. Maritza was a Newton Camp Fire Girl while her father was furthering his medical education and she is looking forward to coming back in 1966 to visit her Camp Fire Sisters.

The little Blue Birds are taking a delight in doing for others and having fun for themselves. In Waban, Mrs. Perry Jacobson and Mrs. Selma Waldstein's Blue Birds have made felt-covered boards with felt cut-outs to be used at the Home for Little Wanderers. These brightly-colored felt boards are used by the kindergarten and first grades to learn to associate numbers and colors and learn color concepts. The Blue Birds enjoyed the hospitality extended to them by the Home.

At the Spaulding School area, the Buttercup Blues Blue Birds under the leadership of Mrs. Jerome Schlakman and Mrs. J. Berkson earned enough money to fill a basket with a complete Holiday dinner and it was distributed by the Salvation Army.

During the recent Candy Sale two little Blue Birds each sold thirty-six boxes of candy — Mimi Fasher and Jacqueline Saltz.

At recent Fly-up ceremonies at the Spaulding and Oak Hill School area the Camp Fire Girls participated in an unusual poetry reading. A specially written poem, "The Princess in the Ivory Tower" was written by Muriel Margolis, well-known radio and television performer and pointed out the importance of living harmoniously and understandingly with our neighbors.

The Horizon Club Camp Fire Girls under the leadership of Mrs. Richard Gould and Mrs. John Alman are planning to take on the responsibility of clothing a family in the Appalachia area.

Mrs. Lee A. Rowe, Chairman of the Newton District Committee and Mrs. Howard A. Boardman vice-chairman in charge of school areas, extend a cordial invitation to all leaders, assistant leaders, and sponsors to attend the annual meeting, January 25 at the First Church in Newton Centre.

Kiddies Music Show Practice Opens At YMCA

The eighth production of the Intermediate Company of the Children's Music Theatre at the Newton Y.M.C.A. will begin work on Saturday, January 9 at 10:00 a. m.

The two hour sessions will continue each Saturday morning until the musical is presented in the spring. Between the above date and the time of the production, youngsters 9 through 12 years of age will learn about the many facets of theatre work from actual experience.

The season will end with a production for the public, and the students will have a deeper appreciation of dramatics and its background.

John C. Morgan Speaker Before Church Group

The Newton Branch Alliance of the First Unitarian Church in West Newton will meet on Wednesday, Jan. 13. At the morning session at 10 o'clock, there will be a group discussion, accompanied by a film, "The Role of Religion in Community Life."

At one o'clock, luncheon will be served by a committee, headed by Mrs. L. V. Coulter, 244 Prince St., West Newton and Mrs. Richard A. Lowell, 13 Hillside Ter., West Newton.

This will be followed by a devotional service, led by Mrs. Julian C. Jayne, 76 Prince St., West Newton, and a business meeting, Mrs. L. Fabian Bachrach, presiding.

The afternoon speaker will be John C. Morgan, who will show slides and describe Colonial meetinghouses.

Mr. Morgan has recently retired from the faculty of Northeastern University, where he taught chemical engineering. His home is in Newtonville.

Both morning and afternoon sessions are open to interested persons.

Art Films To Be Presented January 13th

The Newton Junior College Art and Music Series will present two art films at 8:15 p.m., Wednesday, January 13, 1965, at College Hall, Washington Park, Newtonville.

LOUISIANA STORY is Robert Flaherty's most eloquent documentary film. With a background of music by Virgil Thompson, it traces through a boy's eyes the encroachments of civilization into rural Louisiana.

ORANGE AND BLUE is an experimental color journey through an incredible junkyard.

Both these films have received both national and international acclaim for their artistry. Critics here and abroad have hailed their direction, photography and composition. This event is free of charge and open to the public.

Hills And Falls Has Yule Party

Mrs. Eleanor Boylan of Newton, noted TV personality, entranced the youngsters of the Hills and Falls Community Nursery School at their recent Christmas Party in St. Mary's Church, Newton Lower Falls, with her showing of puppets.

Guests were the children's mothers and younger sisters and brothers.

Theme of the party was giving, rather than receiving, and each child brought a small gift to be left at the school for the use of all the children during the rest of the year.

Airman Mazor Going To Otis For Training

Airman Richard S. Mazor, son of Sally Mazor, 300 Woodcliff Rd., Newton Highlands, a graduate of Newton South High School, has completed basic training at Lackland AFB, Texas. He will go to Otis AFB on the Cape for training and duty as a vehicle maintenance specialist.

Obedience To God's Will To Be Science Text

The spiritual demands of "Sacrament" will be brought out in the communion service to be held this Sunday at all Christian Science branch churches and societies.

Bible verses to be considered include the "new commandment" given by Jesus: "as I have loved you, that ye also love one another" (John 13).

Related passages from the Christian Science textbook will speak of Jesus' complete obedience to God's will: "This is the new understanding of spiritual Love. It gives all for Christ, or Truth. It blesses its enemies, heals the sick, casts out error, raises the dead from trespasses and sin, and preaches the gospel to the poor, the meek in heart" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 33).

Political Highlights

(Continued from Page 1)

Barry Goldwater has been and is making an all-out fight to keep Burch at the head of the GOP national committee. But Goldwater's influence with leaders in his own party has been ebbing since the election debacle.

In the long run the replacement of Burch with Bliss undoubtedly will be a good thing for the Republican party. But its immediate effect will be to create fresh bitterness and new feuds and rifts within the already weak GOP.

Some Republican leaders who favor the ouster of Burch believe it would be advisable to allow a cooling-off period, in which feelings and tempers could be quieted down, before replacing Burch.

They also are concerned as to how the conservative wing of the Republican party will react to what will be an obvious rebuff to Goldwater.

But many influential GOP chieftains insist that the job of giving their party a new image must be started immediately and that the direction of the national party machinery must be placed in new hands this month.

The battle which will be fought in Chicago two weeks hence will leave real scars on the Republican party — but not as many as did the November election when a number of outstanding GOP candidates were swept down to defeat by the powerful anti-Goldwater tide when they would have won had almost anyone else been their party's nominee for President.

Attorney General Brooke has been the most vigorous of the Bay State GOP leaders in pressing for the replacement of Burch and in urging that the Massachusetts representatives at the meeting of the Republican national committee vote against Burch.

Lieutenant Governor Richardson is almost as strong in his views as Brooke. Like Brooke, Richardson refused to endorse Goldwater last fall. Volpe has been the most moderate of the three but agrees that Burch should be replaced for the good of the Republican party.

Passage of Sales Tax Now Seen More Likely

The likelihood that a sales tax will be enacted during the present legislative session has been substantially increased by the public support given the so-called master plan for quality education.

Most legislators are disposed to support any measure designed to raise educational standards.

A majority of the House and Senate members probably would vote for a sales tax if it were labelled as an education tax.

However, the situation is complicated by the fact that the Massachusetts Education Commission advanced its praiseworthy but expensive plan at a time when the State is practically bankrupt.

The State needs a great deal of new revenue for purposes other than education.

In fact, it needed a sales tax even before the proposal was made that the Commonwealth spend an estimated $123 million a year on the master plan for better education.

It would require not only a sales tax but also a whopping increase in State income taxes if the proposed program for better education is to be launched and Volpe is to do even part of the things he promised in last fall's campaign.

Members of the Legislature will find themselves in a thorny dilemma before their 1965 session is concluded.

They will be exteremely reluctant to vote for both a sales tax and a boost in income taxes.

Yet, the plan for quality education is too vital to be pigeon-holed. Strong public pressure undoubtedly will require that a start be made this year toward putting it into operation.

And the State will need close to $100 million in additional money just to stay solvent if no new programs at all are started.

Volpe Better Fitted For Job Than in '61

Governor Volpe should do a better job in the term he is now starting than he did back in 1961 when he first assumed the gubernatorial duties.

It took Volpe nearly a year to find himself and to settle into his job during his first term in office. That is true of most new Governors, especially those with no legislative experience.

Volpe now is far more poised and experienced than he was four years ago. He understands the problems confronting the State. He no longer needs any on-the-job training.

Better than anyone else, he recognizes the mistakes he made during his first term in office, and he isn't likely to repeat them.

Peabody Made Mistakes But Motives Were High

Governor Peabody apparently is leaving office with no regrets — except that he is leaving instead of staying.

However, his assertion that he would engage in the same controversies and make the same decisions if he had it to do all over again, was a little surprising.

Endicott Peabody was as well-intended a Governor as Massachusetts ever had.

His motives were always high. His integrity was unquestioned. There was never a hint of scandal during his administration.

But he wasn't infallible. He made mistakes, especially during the early part of his administration, and some of them contributed to his defeat for renomination.

Peabody, it should be remembered, had comparatively little experience in State government when he took over the Governor's chair.

Up to that time his only service in elective office had been the two years he spent in the Governor's Council, a body he himself later maintained was useless and should be abolished.

In some ways Peabody was unprepared for the jungle warfare of Beacon Hill politics. At times it seemed he would be more at home as headmaster of a preparatory school for boys.

On obvious mistake he committed at the very outset of his administration was in making John F. Thompson his top lieutenant in the battle to abolish capital punishment after he had waged a furious but futile fight to oust Thompson from the House Speakership.

However, Peabody deserved a better fate than befell him in last September's primary.

He did much that was good as Governor. Whether you agreed or disagreed with his views, the fact is that Peabody fought for what he thought was right. His mistakes were honest ones.

Peabody evidently will pass up any opportunity to obtain a federal job and will practice law for the next year until he sees how things shape up politically in 1966.

Incidentally, this writer would like to direct a word of praise to Mrs. Toni Peabody.

The State House rarely has witnessed any more moving scenes than those presented when the Governor's wife held a series of Christmas parties for hundreds of retarded and under-privileged children.

This was something she did from the sheer goodness of her heart only a matter of days before her husband was to leave office.

Rocky Plans To Run Again

New York's Governor Nelson Rockefeller apparently is getting ready to seek reelection to a third term in 1966.

Ordinarily, that would not be a matter of any great interest in Massachusetts. In this case, however, it is since Robert F. Kennedy reportedly has his eyes on the New York Governorship which could be a springboard to the Presidency.

Just about everyone believes Bobby Kennedy would defeat Rockefeller. About everyone, that is, except Rocky.

Rockefeller has hired a leading public relations firm to try to polish up his public image in preparation of the '66 campaign.

Governor Rockefeller seemingly is unable or unwilling to accept the hard political fact that he alienated a tremendous number of voters when he was divorced, remarried and broke up another man's family.

Public relations experts may succeed in improving Rocky's image, but they will not be able to restore the respect and esteem he commanded before his remarriage.

States Compared

Houston — Texas is larger than combined areas of Michigan, Indiana, Illinois, Iowa and Wisconsin.

Lee Loumos Says:

Color television has been on the market for ten years and although it has been basically perfected for the last five years, it did not really come into its own until this season.

The "sound barrier" of public acceptance has finally been breeched and color is now rivaling black and white TV in sales.

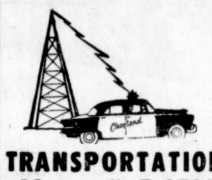

No small part of this "coming of age" is attributed to the many and varied color programs put on by the NBC network — a total of 2300 hours of color shows in 1964! ABC has shown about 160 hours of color, not bad for that smaller network, but CBS, according to Home Furnishings Daily, has only scheduled a pitiful 7 hours of color TV. Fie on thee, CBS! Do you expect to maintain your public image by drab programming and coming into the color picture only to ride a bountiful rainbow? Now is the time for your New Year's resolution — let the ever-growing color TV owning public see at least a fair share of your better shows in color: it is only your franchised public duty.

as a man thinks...

We're just beginning to realize how true it is that a man's thinking determines his life. Yet it was many years ago when the Bible proverb was written, "As he thinketh in his heart, so is he." This is one reason why prayer is so important. Prayer helps to bring our thoughts under the controlling power of God — to give us "the mind of Christ." You're invited to hear a one-hour public lecture on this subject by William Milford Correll of The Christian Science Board of Lectureship. Title: "Your Thinking Determines Your Experience." Everyone is welcome.

The 21st annual New England Open Individual Bridge Tournament, the largest individual tournament in the world, will be held Jan. 16-17 at Boston's Statler-Hilton Hotel.

Last year 508 tables were in play during the four sessions, which means 2032 players were seeking the Sheinwold-Globe trophy and the red points they win if they are within the first 16 places in the final session.

Registration may be made with William H. Keohane, chairman of the tournament by Jan. 9 or take the chance of being able to register and play, up to one half hour before game time.

Expanded Winter Classes For Adults Open At YMCA

Winter session of classes for adults at the Y.M.C.A. in Newton will be starting again during the week of January 11th. Both morning and evening classes have been expanded in number to make the services available to a greater number of men and women.

The ever popular Golf Classes will be returning under the direction of John D. Oteri, pro at Blue Hills Golf Club and assisted by Jay Woodworth pro at Furnace Brook Golf Club.

Subjects that have been expanded beyond introduction courses are Folk Guitar, Drawing, Painting, Ballroom Dancing, and Languages so that those folks who already know something about the particular topic may learn more.

Embroidery and Dressmaking have been added for the benefit of the women and will be offered when there is baby sitting available.

Auto Driving for Adults only which was over subscribed during the first semester will be offered again with the assurance that the on-the-road instruction will be scheduled when the byways are clear of ice.

A special feature of program for adults will be Duplicate Bridge Play which will start in February under the direction of Mrs. Forrest Maddix. This will offer the real bridge players the opportunity for broader experiences in competition as well as occasions to pick up master points.

Further information concerning the aforementioned classes and the regular offerings may be obtained by calling the Adult Division office at BI 4-6050.

Headlights And Highlights From Newton South High

By DANIEL LAX

Newton South's spring musical has, after long deliberation, been chosen. This year, the students will perform "Plain and Fancy," a story of the Pennsylvania Dutch, on March 12 and 13.

Donald Kaplan will be in charge of the musical aspects while Ernest Chamberlain will direct the show itself. Auditions for singing roles were December 14 and 15, even before the specific play was chosen.

About this sort of presentation, Mr. Kaplan says, "The main objective in the presentation of this type of a show is the 'musical experience' and the knowledge to be gained by those who are involved.

Miss Clara Ashley, the school's Latin teacher is planning to take a leave of absence to write Latin textbooks. Planning to leave February 1, Miss Ashley will be working with Austin Lashbrook, chairman of the Department of Classics of the University of Kansas. These books are being written for Ginn and Company.

Several weeks ago in this column, it was stated that "Ictus" was the newest of the NSHS publications. Since that time, however, a newcomer, "Venture," has taken this position. Its purpose, according to co-editors Connie Roud and Steven Macdonald ". . . is to serve as a sounding board, a vehicle of communication for all students at South, using genres other than those that are strictly 'literary'."

The first issue is expected to appear during this month and if it is a success, future editions will be published. Advisors, Mrs. Dorothy Gonson and Jon Silverman will be available to aid the operation of the staff.

DISCUSS PROGRAM BOOK—Vice-chairmen of the annual Program Book to be published by the Brookline Hospital Women's Auxiliary in conjunction with annual luncheon at Statler-Hilton Hotel are, seated, left to right, Mrs. Sumner Redstone and Mrs. Wesley Marks, both of Newton. Standing is Mrs. Herbert Rosenbaum of Chestnut Hill. Mrs. Joel Levine was not present.

East-West Trade Subject Of Women Voters Meeting

A panel discussion on East-West Trade: "Cold Facts on a Hot Potato" will be presented by the Foreign Economic Committee of the League of Women Voters of Newton on Tuesday evening, January 12, at 8 at the home of Mrs. Mathew Ross, 333 Commonwealth Avenue, Chestnut Hill. The public is cordially invited to attend.

The discussion will point up recent East-West trade developments and the relative merits of political and economic objectives to be considered in determining future U. S. trade policies with the Soviet bloc countries.

The following questions will be considerd: What has been U. S. policy concerning this important issue? What are the opportunities and the dangers in policies that would be more flexible or more rigid in dealing with Russia and the Eastern European satellites? Do we have a unified allied policy? What are the political overtones to this economic question? What place should the Soviet bloc have in the trading world?

The League of Women Voters supports U. S. policies which promote world economic development, maintain a sound U. S. economy and further international and regional cooperation and is now interested in deciding on what direction U. S. policy should take concerning this particular aspect of world trade.

After the discussion, those present will break up into small groups so that League members may reach consensus on this important question.

Members of the panel include Mrs. Joseph Apelbaum, chairman; Mrs. Samuel Waldstein, vice-chairman; and Mrs. Mathew Ross. Other members of the committee who have joined in the study and will assist in the discussion are Mrs. Abraham Kreig and Mrs. Alvan Rosenberg.

The League of Women Voters has prepared excellent material in a 4-page report entitled "Freshening East-West Trade Winds." Those interested in obtaining a copy may do so by calling the publications chairman of the Newton League, Mrs. Peter Morehouse at BI 4-5826.

Maureen Sullivan Makes Bow At St. Nicholas Cotillion

Miss Maureen Sara Sullivan, daughter of Mr. and Mrs. Gregory Sullivan of 129 Upland avenue, Newton Highlands, was one of the twenty-eight debutantes presented at the recent St. Nicholas Cotillion in the Sheraton Plaza, Boston.

MAUREEN SULLIVAN

Maureen was escorted by William H. Ellis of Newton, who was home from Dartmouth College, and John Crowe of Eggertsville, N. Y., who is attending St. Bonaventure University.

The pretty Newton deb chose a traditional white gown of peau designed with an empire bodice marked with seed pearls and an A-line skirt. She carried a bouquet of pink camellias with royal purple violets.

Her ushers were Ralph Salvucci of Newton, who is here from Notre Dame University, Peter O'Neil of Boston, a student at State College at Boston and Jerome Bowes of Newton, who is attending St. Anselems College.

Seated in their box, brilliant with cardinal red and pink flowers and topped with a heraldic canopy, Mr. and Mrs. Sullivan had as their guests Mr. and Mrs. Henry Desmond of North Scituate, Mr. and Mrs. William H. Ellis Jr., of Newtonville, Mr. and Mrs. James P. O'Neil of Needham Heights as well as another daughter, Miss Karen Sullivan and her fiance, William Paine of Norwood, and Miss Joanne Burke of Newton Centre, who is attending Regis College.

Each girl received a traditional gold charm bracelet with one charm, which had been blessed by the Cardinal.

PRESENTED AT BALL—Miss Jerrilyn Rae Green, daughter of Mr. and Mrs. William Green of Newton Centre and Hull, was presented recently at the Ambassador's Ball in the Imperial ballroom on December 26th, at the Statler Hilton Hotel in Boston. Jerrilyn, a graduate of Newton High School, is attending Boston University, where she is majoring in theatre arts. She was recently appointed director of education at Temple Beth Shalom in Melrose. Papal Blessing Given At Clark - Prato Wedding

St. Philip Neri Church in Waban was the recent scene of the marriage of Miss Madeline Josephine Prato to Robert George Clark 3rd.

Mr. and Mrs. Remo Prato of 108 Pine Ridge road, Waban, and Judge and Mrs. Robert C. Clark Jr., of Bridgewater are the couple's parents.

The Rt. Rev. John L. Parsons celebrated the 11 o'clock nuptial Mass and read the Papal Blessing. A reception followed at the Wellesley Country Club.

Escorted by her father, the bride wore a gown made of ivory silk satin. The empire bodice, marked with seed pearl and crystal motifs, had a sabrina neckline and continental sleeves. Similar jewels, enhanced the hemline of her Watteau detachable train.

A matching satin cap held in place her sheer illusion veil. She carried a cascade of calla lilies and holly.

Miss Carole Prato of Chicago, Ill., sister of the bride, was maid of honor. Mrs. Alvar Nelson of Marblehead, Miss Marie Orlandella of Weston and Miss Sally Thompson of Boston were the other attendants.

Richard Clark of New York City served as best man for his brother. Peter Borre Jr., of Cambridge, Joseph Dunn Jr., of Providence, R. I., Frederick Mahony Jr., of Weston, John McHugh of Bridgewater and Remo Prato of Waban, brother of the bride, were the ushers.

The bride was graduated from Centenary College for Women.

MRS. ROBERT CLARK 3RD

Mr. Clark is a graduate of Holy Cross College and the Georgetown University Law School. He served with the Naval Reserve as a lieutenant (j.g.).

Theme Of The Sacrament To Be Discussed

The spiritual demands of "Sacrament" will be brought out in the communion service to be held this Sunday at all Christian Science branch churches and societies.

Bible verses to be considered include the "new commandment" given by Jesus: "as I have loved you, that ye also love one another" (John 13).

Related passages from the Christian Science textbook will speak of Jesus' complete obedience to God's will: "This is the new understanding of spiritual Love. It gives all for Christ, or Truth. It blesses its enemies, heals the sick, casts out error, raises the dead from trespasses and sins, and preaches the gospel to the poor, the meek in heart" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 33).

Troth Announced of Nancy Baby, D. G. Kempf Jr.

Announcement from Mr. and Mrs. Henry Prindiville Baby of Winnetka, Ill., makes known the engagement of their daughter, Miss Nancy Perlitz Baby, to Donald G. Kempf Jr., of 855 Commonwealth avenue, Newton. He is the son of Mr. and Mrs. Donald G. Kempf of Deerfield, Ill.

Miss Baby was graduated from Woodlands Academy, Lake Forest, Ill., and Newton College of the Sacred Heart.

A provisional member of the Junior League of Chicago, she is the granddaughter of Mr. Charles A. Perlitz of Houston.

Mr. Kempf is a graduate of St. George's School and Villanova University. Having served as an officer in the Marine Corps, he is now in his final year at Harvard Law School. Vice-president of the Harvard Legal Aid Bureau. Mr. Kempf is the grandson of Mrs. Edward L. Kempf of Deerfield, Ill.

M.I.T. Chapel Setting For Hoffman - Weinstein Bridal

In the Massachusetts Institute of Technology Chapel, on December's final Sunday, the 27th, Miss Emily Phyllis Weinstein became the bride of Richard A. Hoffman.

Mr. and Mrs. Sumner Weinstein of 175 Woodcliffe road, Newton Highlands, and Mr. and Mrs. Maxwell Hoffman of Williamansett are the couple's parents.

Rabbi Herman Pollack officiated at the 12 o'clock noon service at which two rings were exchanged. A reception followed at Temple Bnai Moche in Brighton.

Given in marriage by her father, the bride wore a traditional white satin gown. Her shoulder length illusion veil fell from a becoming headpiece. She carried white flowers.

Miss Janice Weinstein of Newton Highlands was her sister's sole attendant.

Serving as best man for his cousin was Robert Edelstein of New York City.

Now in Puerto Rico on their honeymoon, the couple plan to make their home in Newton Corner.

The bride expects to be graduated from the University of Massachusetts this month. Mr. Hoffman is a graduate of the same university.

President's Message

The comparative figures shown in this statement reflect the continued loyalty of our depositors and their confidence in our Officers and Directors.

Eight years of good business practice and prudent banking procedures have produced a stability that has inspired the confidence of the community and furnished the impetus for continued growth from year to year. Having achieved the stability necessary for healthy growth, we look forward with happiness to an early opening of our first branch in the Newmarket Square area and to the opening of further branches in other parts of Suffolk County as wisdom and judgment may warrant.

We are most grateful for the community's acceptance which we have enjoyed and the cooperative efforts of our friends and depositors to ensure our progress. In recognition of our debt to the community and in the same spirit of cooperation, we, in turn, have participated in many charitable endeavors such as American Cancer Society, March of Dimes, Salvation Army, B'nai B'rith, Combined Jewish Philanthropies, Greater Boston Association for Retarded Children, United Fund, Children's Hospital Medical Center, Associated Synagogues of Massachusetts, Boston Catholic Guild for the Blind, National Conference of Christians and Jews, Boston College Building Fund, Brandeis University, New England Colleges Fund, American Technion Society, Heart Fund, Hebrew Teachers College, Maimonides School, Boston Tuberculosis Association, Catholic Youth Organization, Youth Educational Assistance, Cardinal Cushing Charity Fund, Massachusetts Committee Catholics, Protestants and Jews, Boston Opera Group, Boys' Town of Italy, Home for Italian Children, Aid to Spastics, Jewish Memorial Hospital, Brookline Hospital, Beth Israel Hospital, New England Sinai Hospital, Hebrew Rehabilitation Center for Aged, Don Orione Home, and other religious and charitable organizations whose work is truly deserving of wide support.

This bank is proud of the fact that it has already initiated many "firsts" in banking in this area, and is now pleased to add another "first" to its record: We are the first state-chartered commercial bank in Massachusetts to pay 4% interest on savings deposits.

As the year draws to a close, our staff reaffirms its dedication and loyalty to our depositors and friends, and looks forward with confidence to your continued friendship and loyalty and to a fufure of even greater growth and success in which you may all share.

Sincerely,

Rubin Epstein
President

throughout the offices and hallways.

According to Mr. White, the building represents the first step in a long range "new look" at Newton-Wellesley Hospital.

Last month trustees announced a $3.5 million expansion program, to be financed by a community-wide fund drive. Now gaining momentum, the drive is designed to correct inadequacies in obsolescence in the existing hospital building.

On tap are two additions housing a new surgical department, X-ray department, beds for hospitalized psychiatric patients, beds for patients requiring extended care, and an outpatient department with public and private clinics.

Other departments slated to gain essential additional space or scheduled to be moved to new locations within the hospital are the laboratories of pathology, physical therapy, central supply, special care, pediatrics, and obstetrics. When departments move, space in the present building will open up for additional beds. Total bed complement will increase to 335, adequate for present demands and demands forecasted in the near future.

Groundbreaking for the Medical Building occurred during the Fall of 1963, following the razing of two frame cottages. The cottages were the original hospital buildings, opened in 1886.

The general contractor was Richard White Sons of Newton, lowest of six firms submitting competitive bids. Architects were James H. Ritchie & Sons of Boston. The Medical Building will be managed by Willard Welsh & Co., Inc., of Boston.

Participating in the financing are the Auburndale Co-operative Bank, the Newton Co-operative Bank, the Newton Savings Bank, the Newton South Co-operative Bank, the Newton - Waltham Bank and Trust Company, the West Newton Co-operative Bank, and the West Newton Savings Bank.

Construction of the building had figured prominently in the hospital's "Plan for Development," Mr. White related. Published first in 1956, the Plan has been updated at three-year intervals. Drawing upon recommendations of the Medical Staff, department heads and administration, the Plan assesses needs of the hospital and weighs them against documented evidences of growth and use of the hospital.

In 1960, Mark C. Walker of Waban, former president of the 75-member Board of Trustees, appointed a committee to assist Hospital Director William S. Brines of Wellesley in a study of the Medical Building project. Another former president of the hospital, Chester E. Borden of Auburndale, was named chairman of the committee.

Hospital trustees who assisted Chairman Borden during the planning stages, and later in the construction phases, included Marshall G. Bolster of Needham, John L. MacNeil of Newton, Philip C. Raye of Wellesley Hills, Thomas E. Shirley of Waban and Mark C. Wheeler of Needham.

PLAN BIG RUG SALE — Emerson Rug Company executives shown as they planned January sale at six stores. John Reilly, president, is seated; standing, left to right: Daniel Reilly, executive vice president, and John Emerson, treasurer.

Huge January Sale At 6 Emerson Rug Stores

Emerson Rug stores in Natick, Norwood, Quincy, Danvers, Stoneham and Hanover, are now holding their January Sale. This is a month-long broadloom event famous for its unusual bargains and beautiful assortment of carpets.

This is one occasion when customers can save on a wide variety of colors and styles by each of the brand name carpet makers. It's actually six giant sales in one.

A sale of James Lees broadloom . . . a Cabin Crafts sale . . . a Mohawk sale . . . a Bigelow sale . . . a Masland sale . . . and a Barwick sale. There are hundreds of carpets reduced 30 per cent to 40 per cent in every Emerson store.

Here's what to look for when you visit the nearest showroom. If the room you're carpeting gets lots of use, or if your family is young and active, check Emerson's selection of tweeds, loops and twists.

These carpets are made to take strenuous wear. Jumping, romping dancing and frolicking won't mar their original beauty. The surface won't crush or mat. Cleaning will be easier and less frequent. You'll appreciate their practicality and love the way they blend with your furniture, walls and fabrics.

Emerson offers several convenient budget plans that are quick to arrange and easy to pay. You can carpet now, take advantage of the January Sale prices, and pay a little each month. A small deposit will secure your savings and you can take up to 36 months to pay.

City Bank And Trust Reports High Earnings

Rubin Epstein, president of City Bank & Trust Company, reports net operating earnings, after taxes $324,233 for the year 1964 were $326,707.00, or $2.59 per share as compared with 2.24 per share for 1963, resulting in an increase of 16 percent on the total outstanding shares at the end of 1964, notwithstanding the increase of 6,000 additional shares issued as stock dividends in 1964. Had these additional shares not been issued, the 1964 earnings would have been $2.72 per share.

Total deposits for the year ended December 31 were $30,290,182.52 as compared with $27,993,899.28 for 1963. Total assets were $34,988,594.97 as compared with $31,706,892.84 for 1963. Loans and discounts were $19,438,313.34 for 1964 as compared with $16,945,168.63 for 1963.

Instead of declaring a cash dividends for 1964, a 5 percent stock dividend was declared. Each fractional share was redeemable at $2.00 which was an increase of 100% over the 1963 dividend.

$310,000.00 was transferred to the surplus account, increasing the capital accounts (including reserves) to $3,044,653.16 for the year 1964, compared with $2,561,947.87 in 1963.

City Bank & Trust Company is the only state-chartered commercial bank in Massachusetts paying 4 percent per annum on its savings deposits, and it makes no service charges on checking accounts for charitable non-profit organizations or personal checking accounts for senior citizens over 65 who have retired from business.

The bank is opening its first branch in Newmarket Square in the near future.

lions of dollars. We must establish some order of priority. Bonded indebtedness cannot be parlayed promiscuously. The establishment of a full-time Planning Department represents needed progress in this area. The Planning Department is now engaged in developing recommendations for a capital outlay plan. Undoubtedly such a plan will be adopted, but we must be constantly alert to change, to new problems and to the need for new solutions. Any such plan must be regularly re-evaluated, and we must be flexible enough to review critically our needs and priorities.

"Urbanization is another great challenge of change facing the City of Newton. We cannot be blind to the realities of the forces which have been loosed upon Newton by its involvement as a part of Greater Boston. Sound planning can direct the impact of these forces so that they will support and not destroy the Garden City qualities of Newton.

"A green belt of owner-occupied homes and jealously guarded open spaces are indispensable to the maintenance of the way of life we have so long cherished in Newton. Newton may be proud of its community renewal program. The updating of our building codes, the adoption of a stronger housing code, and the establishment of an enforcement division in this area are all in the works. I pledge my continued support to these goals.

"A renewal authority was created last July. It is important that this agency begin to function as quickly as possible so that we will be in a better position to help the people affected by the program and they will be in a better position to know where they stand.

"Newton may also be proud of the program of Housing for the Elderly which has become a reality through the cooperation of many city agencies," Basbas asserted.

"The heterogeneous population of Newton is a great asset and at the same time represents a gerat challenge. The recent report of the Newton Community Council on its Human Relations Study provides us with a good start for meeting the inevitable challenges that arise from a heterogenous population. We must continue to be alert to problems of group tensions and human relations and be willing to do what needs to be done to meet the challenge," he went on.

"While Newton faces great challenges, we have great resources with which to meet those challenges. Our greatest resources are the talents, knowledge, wisdom and dedication of our citizens. We can meet these challenges effectively by taking full advantage of our human resources. Paraphrasing our last great President, John F. Kennedy, I know that the citizens of Newton are as mindful of what they can do for their city as they are of what their city can do for them," Basbas said.

"The city government has been fortunate in the past by having available the valuable advice and assistance of many fine organizations. The Mayor of Newton should take every advantage of this valuable source. As Mayor, I would seek and welcome the advice, counsel and thoughts of such important organizations as the League of Women Voters, Newton Community Council, the PTA's, Rotary, Kiwanis, Lions, church groups, Chamber of Commerce, Newton Taxpayers' Association, etc. While I may not always accept or agree with the views of these organizations, I will always give them careful and thorough consideration, he continued.

"Another resource of the city which many of us often take for granted is the wealth of talent, dedication and efficiency among our city employees. The Mayor needs the respect and help of the city's employees, but this is a two-way street. I am mindful that such respect and help must be earned by giving respect and recognition to city employees who have played a significant and integral role in retaining progressive and efficient government for Newton," Basbas stated.

"Newton has flourished because its citizens have demanded the best in the way of municipal services. They have been willing to pay for value received. In turn, their property values have been maintained at high levels, but we have no guarantee that this state of affairs will continue. To maintain the quality of our municipal government, we must be ever vigilant, resourceful and dedicated in the Mayor's office and throughout the entire city government. I shall welcome the support in the coming campaign of all citizens of Newton who share my interest in and concern with the future of our great city and who want to join with me in laying the plans to make that future great. I feel I know at first hand what is required of the next Mayor of Newton, and I believe with all my heart that I can fulfill these requirements," City Clerk Basbas concluded.

Mr. Basbas has been City Clerk of Newton since 1953 after having served as Assistant City Clerk for two years. During this period, Mr. Basbas served also as clerk of the Board of Aldermen and as the city's Workmen's Compensation Agent. For 10 years prior to the creation of an Election Commission, he was responsible for the handling of all national, state and city elections in Newton.

Complementing Mr. Basbas' career in the Newton City government, he has served as president of the Massachusetts City Clerks' Association and is a member also of the International City Clerks' Association. Mr. Basbas received his A.B. degree from Dartmouth College and his LL.B. degree from Boston University. He has been a practicing attorney and is a member of the Massachusetts and Federal Bars. He is also a member of the Boston Bar Association and the Waltham, Watertown, Weston and Newton Bar Association.

During World War II, Basbas served as a combat pilot in the Army Air Force in the South Pacific and was awarded the Distinguished Flying Cross and the Air Medal with cluster. He was honorably discharged with the rank of captain in the Air Force Judge Advocate General Department after the war.

Community projects in which Mr. Basbas has participated include municipal chairman and Newton Highlands Advanced Gifts chairman for the United Fund; industrial chairman of the Salvation Army Drive; general chairman for the Citizens Oral Polio Immunization Committee; general chairman in 1962 and 1963 for the Retarded Children's Drive; vice president for Action for Mental Health in Newton; vice chairman of the city-wide Halloween parties; campaign chairman for the Medic-Alert in Newton; director of the Newton Tuberculosis and Health Association, and member of the executive board of the Norumbega Council, Boy Scouts.

Mr. Basbas is a director of the Garden City Trust Company and of the Newton South Co-operative Bank.

A past commander of the Newton Post #48, American Legion, he is also a member of the Veterans of Foreign Wars. Active in Masonic circles, he is a past master of Boston University Lodge and a member of Dalhousie Lodge. He is a member of Dartmouth Chapter of Phi Delta Phi nity; the Boston University Chatper of Phi Delta Phi legal fraternity; and the Newton Lodge of Elks.

Mr. Basbas has resided in Newton for almost 20 years. He and his wife Audrey, have three children: John T., 16; Monte G., 12, and Audrey Ann, 11. They live at 178 Kirkstall Road, Newtonville.

Problems Of Youth To Be Discussed Jan. 10

The Commission on Social Concerns extends an invitation to all junior and senior high school students and their parents to a program dealing with some of the problems involving our youth of Newton to be held at the Newton Centre Methodist Church parlor, Sunday evening, January 10, from 7:45 to 9:00 p. m. Refreshments will be served.

The guest speaker will be Officer Charles Feeley, youth officer of the city of Newton and a member of the Mayor's Committee on Youth. A question and answer period will follow the speaker's presentation.

It is the earnest desire of the commission that by discussing these problems, both the youth and their parents may have a better understanding of the problems that are now facing many urban communities. Perhaps some answers to the following questions that have been bothering many of us will be forthcoming:

1. How to cope with party crashing; 2. What to do about the street corner gang; 3. How to handle under-age drinking; 4. Are church affiliated children becoming more involved; 5. What can we do as a community.

One-Two Punch In Track From Local Athlete

Thanks to Newton's Ray Frieden, Harvard University may have come up with the best one-two shot put punch in New England intercollegiate track circles.

Frieden posted the best mark of his collegiate career — 51 ft. 6¾ inches — to finish second behind Crimson Captain Art Croasdale in Harvard's recent victory over Army.

"There aren't many track teams with two 50-foot plus shot putters," Coach Bill McCurdy points out, "and Ray's development is going to mean a lot to us as the season unfolds.

"If he can maintain that level consistently, he could be a key man in our defense of the Heptagonal Championship (decided among the eight Ivy colleges, Army and Navy) later this winter."

After captaining both the football and track teams at Newton South High School.

Literature Of America Is DAR Meeting Theme

Continuing its interest in our country's heritage, Lydia Partridge Whiting Chapter, D.A.R., will consider American literature at the regular meeting on Monday, January 11, in the Workshop, Columbus St., Newton Highlands.

A dessert and social hour beginning at one o'clock will precede the regular business meeting at one-thirty. Following this Mrs. David Hamblen will present "Our Heritage of Literature" assisted by several members of the chapter.

Coffee hostesses for the day are Mrs. Arthur J. Anderson, Jr., Mrs. Ross E. Langill, and Mrs. J. Douglas Johnston.

School Dinner In Honor Of Dr. Goldstein

The testimonial dinner tendered by the Solomon Schechter Day School in honor of Dr. Martin Goldstein, its founding principal, is scheduled to take place Monday, Jan. 11, at Temple Emanuel, Newton Centre. A cocktail hour at 6:00 p.m. precedes the 7:00 p.m. dinner.

Guest speaker will be Dr. Azriel Eisenberg, executive director of the New York Jewish Education Committee, the largest bureau of Jewish education in the nation, and the fore-runner of similar communal educational agencies. Dr. Eisenberg, a prolific author and dynamic speaker, is one of the leading educators on the American Jewish scene.

Paying tribute to Dr. Goldberg will be an assemblage of rabbis, educators and lay leaders representing conservative congregations from throughout New England.

Harry J. Greenblatt, president of the host congregation, will serve as toastmaster. Participating in the program will be the Day School's rabbinical guides, including Rabbis Albert I. Gordon, Israel J. Kazis, Zev K. Nelson, Manuel Saltzman, Jack Schechter and Jacob Hochman, in addition to the school's lay leaders, Harry Lakin, United Synagogue president, and J. Harry Greenblatt and Leo Rabinovitz, co-chairmen of development.

Dr. Goldstein, retiring educational director of Temple Emanuel, has guided the educational program of the Schechter Day School since its inception four years ago. Organized by the N. E. Regions of the United Synagogue and Rabbinical Assembly, the school has grown from a nucleus of five children in a single grade to close to 40 children in four elementary grades. Plans for the coming school year call for the addition of another grade, the engagement of a full-time principal and the acquisition of new quarters for the school's expanding enrollment.

Friends and supporters of Jewish education are asked to make dinner reservations with the United Synagogue Office at 1330 Beacon street, Brookline, immediately.

Housing

(Continued from Page 1)

Washington to discuss with Congressional leaders an invitation he had received to appear before a Congressional committee as an expert witness on matters concerning legislation on public housing for persons of low income, both elderly and non-elderly and their relationship to community renewal.

The contribution that Carmen expects to make to this discussion is with relation to the potential effect such construction might have on private enterprise and on middle-income urban communities such as Newton, and the impact on the prospective upgrading of the social climate of such a community.

The urgency of the expanding Federal housing legislation was stressed this week in the State of the Union Message delivered by President Johnson, when he said:

"An educated and healthy people require surroundings in harmony with their hopes. In our urban areas, the central problem today is to protect and restore men's satisfaction in belonging to a community where he can find security and significance.

"We must also make important changes in our housing program if we are to pursue the same basic goals."

William Carmen is a partner in the Carmen Management Company, which manages and operates real estate enterprises in the northeast section of the United States, and has long been known as a successful leader in racially and religiously integrated multi-family housing.

It is anticipated that Newton Housing Chairman Carmen will return to Washington early during the 89th session of Congress to deliver his testimony.

Dr. Berg Heads New Project At Beth Israel

Dr. Robert Berg of 33 Washington St., Newton, chief pediatrician at Beth Israel Hospital and assistant professor of pediatrics at Harvard Medical School, is directing a demonstration project now underway at Beth Israel.

The project utilizes the hospital as a community center for providing health care for infants and children of medically indigent families.

Financed by a three-year grant from the Permanent Charities Foundation of Boston, it aims to overcome the "fragmented care" now available to such children. Also, it seeks to furnish the essentials of continuity of physician responsibility, comprehensive care, qualified pediatricians in charge, and care delivered at the lowest possible cost.

An expected outgrowth of the study will be the development of a new teaching program focussed on giving the pediatrician-in-training a clear picture of the responsibilities of a children's doctor to his patients.

Doris S. Getter Memorialized By Aldermen

A resolution presented Monday night to the Board of Aldermen by Alderman Franklin N. Flaschner on the recent death of Mrs. Doris S. Getter of Waban received the Board's unanimous approval.

It was as follows:

"Whereas on December 27, 1964, Mrs. Doris S. Getter finally succumbed to the cancerous disease against which she courageously battled for seven years; and

"Whereas Mrs. Getter had carried on her real concern for the Newton community literally to her last, a concern combined with such unusual talents as evidenced by the leadership she gave to the Newton Free Library, the League of Women Voters (both locally and statewide), the Newton Community Council, the Girl Scouts and many other civic enterprises ;but

"Whereas Mrs. Getter's contributions are not to be measured by her achievements, rather by her spirit of commitment to community, particularly to Newton, a spirit moved by her deep appreciation of the way a fine community like Newton can enrich one's life and by a sense of dedicated service inspired by this appreciation;

"Now, therefore, the members of the Newton Board of Aldermen do hereby resolve that their sympathy upon the death of Mrs. Doris S. Getter be conveyed to the members of her immediate family, together with their recognition of her superlative and quite memorable contribution to the lives of her fellow citizens and to the city of Newton; and that appropriate copies of this resolution be made a part of the permanent records of the Board of Aldermen and sent to Mrs. Getter's husband."

Newton High Students Are Fund Donors

Newton High School's Bacon House Council was recently added to the growing list of groups and individuals who contributed funds to Newton's Christmas Service Project, which helped more than 400 families have a merrier holiday.

The Bacon House Council, headed by Ranny Cooper as president, joins Riley House Council at Newton High School in making generous contributions of $50 each to this work.

Funds were raised by each group through a fair and cake sale held earlier in December. Jane Coleman forwarded the Riley House contribution.

This holiday project in Newton is co-sponsored by the Newton Community Council and Newton Federation of Women's Clubs, and is headed by Mrs. Richard D. Hurter and Mrs. Victor D. Baer.

CITY OF NEWTON
FROM OFFICE OF CITY CLERK
NEWTON, MASS.

Notice is hereby given of the adoption of the following ordinance, adopted on April 21, 1964, as Ordinance #491, as amended by Ordinance #500, adopted on May 18, 1964, and Ordinance #513 as adopted on June 22, 1964:

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF NEWTON, AS FOLLOWS:

Chapter 11 of the Revised Ordinances of Newton, Massachusetts, 1952, is hereby amended by inserting following Article VIII thereof the following new Article IX

Article IX — Pedestrian Control Regulations

Sec. 11.79. Pedestrian control, general.

The provisions of this Article IX are adopted pursuant to G.L. c. 90, s. 18A, and subject to the provisions thereof as rules regulating the use by pedestrians of ways within the control of the city. The word "pedestrian" as used in this article shall have the meaning assigned to it in said s. 18A.

Section 11.80. Pedestrians crossing ways or roadways.

Pedestrians shall obeyy the directions of police officers directing traffic and whenever there is an officer directing traffic, a traffic control signal or a marked crosswalk within three hundred (300) feet of a pedestrian, no such pedestrian shall cross a way or roadway except within the limits of a marked crosswalk as hereinafter provided in these regulations. For the purpose of this article, a marked crosswalk shall only be construed to be that area of a roadway reserved for pedestrian crossing located between two solid white reflectorized 12 inch pavement markings in rural areas or markings not less than six inches wide in urban areas, said markings or lines being no less than six feet apart.

Sec. 11.81. Pedestrian actuation of traffic control signals.

(a) At a traffic control signal location where pedestrian indications are provided but which are shown only upon actuation by means of a pedestrian push button, no pedestrian shall cross a roadway unless or until the pedestrian control signal push button has been actuated and then cross only on the proper pedestrian signal indication. At traffic control signal locations where no pedestrian indication is provided, pedestrians shall cross only on the green indication. If necesssary, the green indication shall be actuated by the pedestrian by means of a push button.

(b) At a traffic control signal location, pedestrians shall yield the right of way to vehicles of a funeral or other procession or authorized emergency vehicle while in performance of emergency duties regardless of the signal indication given, and they shall not attempt to cross the roadway until such vehicles or procession has passed at which time pedestrians shall then cross the roadway only as provided in these regulations.

Sec. 11.82. Pedestrian obedience to traffic control signals

Traffic control signal color indications and legends shall have the commands ascribed to them in this section and no other meanings, and every pedestrian shall comply therewith, except when otherwise directed by a police officer.

(a) Red and yellow or the word "walk" — Whenever the red and yellow lenses are illuminated together or the single word "walk" is illuminated, pedestrians facing such indication may proceed across the roadway and in the direction of such signal only.

(b) Red alone or "don't walk" — Whenever the words "don't walk" or any indication other than red and yellow shown together are illuminated in a traffic control signal where pedestrian indications are provided, pedestrians approaching or facing such indication shall wait on the sidewalk, edge of roadway or in the pedestrian refuge area of a traffic island and shall not enter upon or cross a roadway until the proper indication is illuminated in the traffic control signal, but any pedestrian who has partially completed his crossing on the walk indication shall proceed or return to the nearest sidewalk or safety island on the yellow indication, the red indication or when the words "don't walk" are illuminated by rapid intermittent flashes.

(c) Green alone — At traffic control signal locations where no pedestrian indication is given or provided, pedestrians facing the signal may proceed across the roadway within any marked crosswalk in the direction of the green indication.

(d) Yellow alone, red alone or flashing "don't walk"— Pedestrians approaching or facing a yellow, red or flashing "don't walk" illuminated indication shall not start to cross a roadway.

(e) Flashing red, yellow or green—At any traffic control signal location where a flashing red, flashing yellow or flashing green indication is being given facing a crosswalk, pedestrians shall actuate, where provided, the pedestrian signal indication and cross the roadway only on the red-yellow or "walk" indication when such indication is in operation. If no pedestrian signal is provided, pedestrians shall cross within crosswalks with due care.

Sec. 11.83. Vehicle operation at crosswalks

(a) When traffic control signals are not in place or not in operation the driver of a vehicle, which for the purposes of this article shall include bicycles, shall yield the right of way, slowing down or stopping if need be so to yield, to a pedestrian crossing the roadway within a marked crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is travelling or when the pedestrian approaches from the opposite half of the roadway upon which the vehicle is travelling.

(b) No operator of a vehicle shall pass anv other vehicle which has been stopped at a marked crosswalk to permit a pedestrian to cross a way, nor shall any operator enter a marked crosswalk until there is sufficient space on the other side of the crosswalk to accommodate the vehicle he is operating notwithstanding any traffic control signal indication to proceed.

Sec. 11.84 Pedestrian crossings and use of roadways

(a) No pedestrian shall suddenly leave a sidewalk or safety island and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield the right of way.

(b) Pedestrians shall at all times attempt to cross a roadway using the right half of crosswalks.

(c) Where sidewalks are provided, it shall be unlawful for any pedestrian to walk along and upon an adjacent roadway whenever the sidewalk is open to pedestrian use.

(d) Where sidewalks are not provided, any pedestrian walking along and upon a highway shall, when practicable, walk only on the left side of the roadway on its unfinished shoulder facing traffic which may approach from the opposite direction.

(e) Persons alighting from the roadway side of any vehicle parked at the curb or edge of roadway shall proceed immediately to the sidewalk or edge of roadway adjacent to vehicle, and shall cross the roadway only as authorized by these regulations.

(f) It shall be unlawful for any person to actuate a pedestrian control signal or to enter a marked crosswalk unless a crossing of the roadway is intended.

Sec. 11.85. Crossing at non-signalized locations

Every pedestrian crossing at any point other than within a marked crosswalk shall yield the right of way to all vehicles upon the roadway. At a point where a pedestrian tunnel or overpass has been provided pedestrians shall cross the roadway only by the proper use of the tunnel or overpass.

Sec. 11.86. Operators to exercise due care

The provisions of this article shall in no way abrogate the provisions of Chapter 90, Sections 14 and 14A of the General Laws (Ter. Ed.) which provide: "Precautions for Safety of Other Travelers" and for the "Protection of Blind Persons Crossing Ways." Further more, nothwithstanding the provisions of this article every operator of a vehicle shall exercise due care to avoid colliding with any pedestrian upon the roadway and shall give warning by sounding the horn when necessary and shall exercise proper precautions which may become necessary for safe operation.

Sec. 11.87. Pedestrians soliciting rides or business

No person shall stand in a roadway for the purpose of soliciting a ride, employment or business from the operator or occupant of any vehicle without the written permission of the board or officer having control of such roadway or highway.

Sec. 11.88. Officers to enforce pedestrian regulations

The provisions of this article shall be enforced by all officers of the city of Newton on and after August 1, 1964.

Sec. 11.89. Exemptions

City Help To Get Pay Hikes In Gibbs' Plan

Mayor Donald L. Gibbs is planning to recommend pay raises for all municipal employees when he submits his 1965 budget to the Board of Aldermen next month.

The Mayor will propose an increase of approximately 6 per cent in the salary levels of members of the police and fire departments and a 5 per cent hike for other city workers.

Under the Mayor's plan, the maximum pay for patrolmen and fire-fighters would be boosted from $6015 to $6400 a year, a raise of $385 a year, or about $7.40 per week.

There are approximately 225 persons in the fire department and about 170 on the police force, the Mayor reported.

Some Aldermen who have been quietly sounded out on the matter have expressed the conviction that all municipal employees should be treated the same and should get either a 5 or 6 per cent raise.

Mayor Gibbs, however, will seek a slightly higher increase for the police and firefighters than for other city workers.

He feels that the salary standards in the police and fire departments should be brought closer to those in other cities such as Boston, Cambridge and Somerville.

Even with the raise Gibbs will recommend, the police and firefighters in Newton would still get substantially less pay than those in Boston and a number of other Massachusetts cities.

The action of Boston voters last November in approving a $1000-a-year wage hike for members of the police department in their city has had a chain reaction which is being felt in Newton.

Mayor Gibbs, meanwhile, will shortly begin the preparation of the 1965 city budget which he must submit to the Board of Aldermen by Feb. 15.

The Mayor has instructed all municipal department heads to prepare their budgets immediately and to arrange conferences with him concerning the funds they are requesting for the operation of their agencies during the present year.

Gibbs in all probability will trim down the estimates of his department heads before he puts the budget into final form for presentation to the Aldermen.

Then the Aldermen will give the budget some further pruning before they approve it and return it to the Mayor.

$400,000 Nursing Home Hits Hassle

Construction of an 85-bed, $400,000 nursing home in Newton Centre was proposed and opposed at public hearings Monday night at Newton City Hall. The new structure, two stories high in the front and three in the rear, will replace the Parker Convalescent and Nursing Home, Inc. which currently occupies the site of the proposed structure at 7 Parker street, if thte petition is granted.

The nursing home petition was one of three brought before the Newton Planning Board and Aldermanic Claims and Rules Committee. A second petition, that of Clarence B. Clay to build a single-story structure enclosing the used car lot of the Clay Chevrolet Co. at 431 Washington street, was also opposed.

Former Alderman Ernest G. Angevine, representing the Parker Convalescent and Nursing Home, stated that his clients plan to raze the existing nursing home on Parker street and replace it with the large, modern institution. In arguing for the petition, Mr. Angevine said the new institution would supply a need for the city in that Newton residents would be given preference and the home would accept welfare patients.

"If the city does not permit private developers to build nursing homes," he said, "it will have to build them at public expense.

"New and more stringent state and city requirements will result in the elimination of small nursing homes, since only large structures can afford the expenditures necessary to meet them," he stated.

Mr. Angevine's clients, Edgar and Paul Carver, are both Newton residents who now operate nursing homes in Brockton and Newburyport.

Medical Building Opened

With the cutting of a six-yard gauze ribbon last Sunday afternoon, the four-story Medical Building at Newton-Wellesley Hospital was opened officially.

Mayor Donald L. Gibbs took part in the ribbon cutting which preceded an open house which attracted a large crowd of interested people from Newton and surrounding communities.

The modern structure on the grounds of the hospital provides offices for approximately 50 doctors. It is unique in that it is the only building of its kind on hospital grounds in the western suburbs, and one of a half dozen in Massachusetts.

The million dollar project was financed by funds borrowed from banks in this area. Rental fees of physician tenants will pay off the bank loans, it was announced.

Taking part with Mayor Gibbs at the ribbon-cutting and open house ceremonies were, George L. White, of Newton, president of the 260-bed community hospital; William S. Brines, hospital director; Bernard D. Grossman, of West Newton, recently appointed chairman of the $3.5-million expansion drive launched by the hospital; and Chester E. Borden, of Auburndale, chairman of a trustee committee that helped plan the new Medical Building, and supervised its construction.

The spanking, modern structure is linked to the hospital by a two-story covered passageway. Fronting the building is a parking area to accommodate 100 cars. Elevator service is available from the large, reception lobby.

It is expected that complete doctor occupancy of the building will be realized

The recommendation will be before the Aldermanic finance committee when it meets tonight (Thursday).

Mayor Pushes For Swimming Pool Action

Mayor Gibbs is pressing for speedy action by the Board of Aldermen on a proposed $330,000 bond issue to finance the construction of a swimming pool at the Albemarle Playground in Newtonville.

The Mayor is hopeful of starting work on the swimming pool this spring so that it might be completed and placed in use the latter part of next summer.

Mayor Gibbs' recommendation for approval of the bond issue will be considered at a meeting tonight (Thursday) of the Aldermanic committees on finance and public buildings.

The matter may be reported back to the full board for action at next Monday night's meeting.

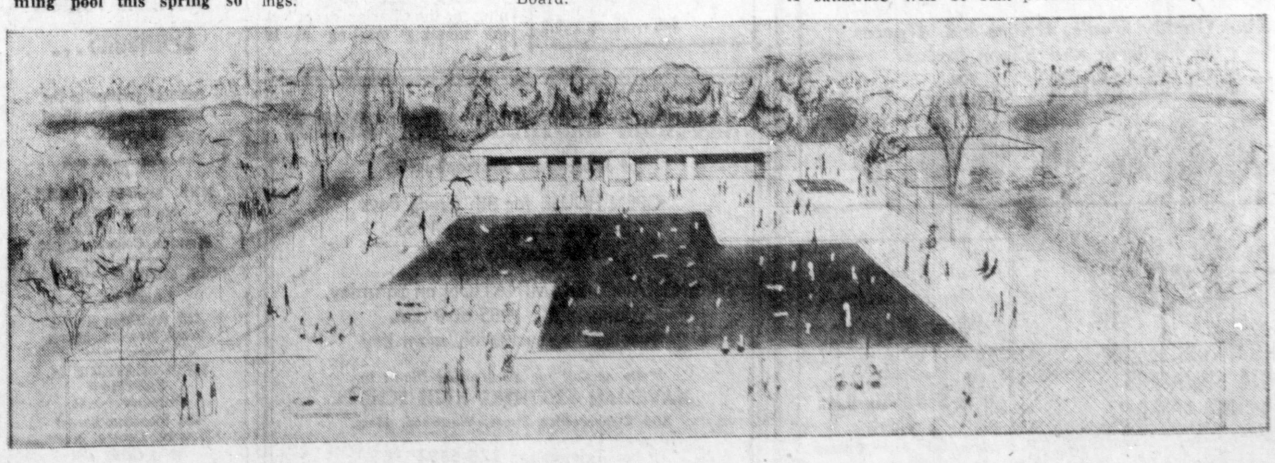

After the Board of Aldermen approves the bond issue, as it is considered virtually certain to do, the Mayor must then obtain the okay of the State Emergency Finance Board.

The next step will be to advertise for bids for the construction of the pool. Plans and specifications for the swimming pool have been completed. It is to be a Z-shaped pool, with a diving area and a wading pool for small children.

A bathhouse will be built near the swimming pool.

The swimming pool actually will consist of three connecting sections.

A diving area with three boards will be 50 feet by 40 feet. A swimming area will be 75 feet by 42 feet. The wading pool will be 50 feet by 40 feet.

Volpe Faces Terrific Fight To Assist Cities and Towns

Governor Volpe is headed for a terrific fight in his endeavor to provide financial assistance for the cities and towns so that the upward climb of real estate tax rates may be curbed.

Present sentiment in the State Legislature appears to be against enacting new taxes for the purpose of aiding the plight of the local communities.

Many law-makers are fearful that they would get the blame for adopting new taxes but not the credit for helping out the cities and towns.

How much of Volpe's tax program will survive its journey through the legislative channels is very uncertain.

Under the plan advanced by the special commission headed by Senator Kevin B. Harrington of Salem, however, the proceeds from such a tax would be used to raise educational standards throughout the Commonwealth rather than lower the city and town tax rates.

Christmas Volunteers At Hospital Commended

teered to spend all or part of Christmas Day serving patients and visitors at their community hospital were commended this week by William S. Brines, director of Newton-Wellesley Hospital.

The adults and teen-agers, including some who volunteer for Christmas service year after year, worked as ward helpers, messengers or receptionists. Others staffed the Information Desk, helped the Dietary Department serve Christmas dinner or delivered newspapers to patients, Mr. Brines revealed.

"The hospital was busier than ever this Christmas," Mr. Brines observed. "During the past month occupancy of medical-surgical beds has averaged nearly 93 per cent. You can see how much the helping hands of volunteers were welcomed."

According to Mr. Brines, all patients received a morning visit from Mr. and Mrs. Santa Claus. Playing those roles were Dr. John J. O'Hayre, Chief of the Oral Surgical Service and a member of the Active Medical Staff, and Miss Rita Perlstein, a Laboratory Technician.

Cited by Mr. Brines for volunteering their services on Christmas Day at the 260-bed hospital were Miss Marla Baker of Newton; Miss Dian Blumenthal and her father Mike, of Newton; Miss Judit Branzburg of Newton; Mr Reinhold Carlson of Auburndale; Miss Phyllis Chotkowski of Newton Upper Falls Miss Miriam Finch of Newton; Mrs. Frank Lapp of Waban; Miss Lois Lubin of Wellesley; and Miss Joan Mahoney of West Newton.

Outline School Building Plans To Council of PTA Associations

School construction plans and the use of schools for leisure time activities by Newton youths were discussed at a meeting of the Newton Council of Parent-Teacher Association held at the Division of Instruction on Chestnut street in West Newton.

School Committee Chairman Haskell Freedman and School Superintendent Charles E. Brown informed the PTA presidents and principals that work on the additions to the Carr, Day, Hyde and Lincoln-Elliot Schools will begin this year as will the construction of the new Burr School.

The building plan, according to Freedman, continues with Bigelow Jr. High School which involves more complicated structures and will take longer to plan and design. He said that 1967 should see the completion of the two junior high schools. The projected date of the start of work on Newton High School is the spring of 1968, and the Newton Junior College will need some major building after 1970.

Dr. Brown clarified the financial picture somewhat by reminding the group that the state will reimburse 40 per cent of the cost only (not interest) on new construction—not on renovations.

Appearing on behalf of the Newton League of Women Voters were Mrs. Proctor Houghton, president, and Mrs. Ralph Rosenbaum, Chairman of Local Continuing Responsibilities.

Mrs. Rosenbaum asked cooperation from the PTA Council in informing their membership that the Newton Recreation Department "stands ready to initiate new recreation programs as needs are expressed and opportunities arise. It is particularly interested in working with neighborhood groups to develop additional indoor programs using school buildings in the evenings. Programs come into existence only after being requested by citizens or neighborhood groups," she said.

"The Newton League of Women Voters has made a study of recreation in Newton with emphasis on leisure time activities of our youth," she stated. "Our conclusion was that probably one big youth center was not the answer for Newton. There are at present some schools open evenings for these needs.

"The Recreation Department will pay for the heating, lighting, and janitorial services for these schools that are open. They will provide professional leadership, but the professionals must be assisted by volunteers, namely interested parents. The League's function is to point up the need and to suggest the means for meeting this need. We urge the Council to look into this matter and alert their PTA's to the part that they can play," Mrs. Rosenbaum asserted.

The Council noted with regret the resignation of Mrs. Charles Ryan, Library Coordinator, for reasons of health. Mrs. Thomas Gephart was named as her replacement.

The meeting was presided over by Henry Shor, president.

Waldmans Back After Foreign Air Force Tour

Dr. and Mrs. J. Edward Waldman, former Newton residents, have returned from Europe, after living 60 miles from Paris at Evreux Air Force Base.

While overseas, they visited many countries, including England, Italy, Germany, Israel and the Scandanavian countries.

Some 10 years ago, Dr. Waldman left his practice of eye, ear, nose and throat medicine on Bay State Rd., Boston, to enter the U. S. Air Force. He lived three years in Japan with his wife and daughter, three years in Illinois and lastly in France.

Their son, a Newton High School graduate, attended the University of Colorado and is now apilot (captain) in the USAF, living in Florida with his wife and 9-months-old daughter.

The Waldman's daughter returned from France to attend the Beth Israel Hospital School of Nursing. Now Mrs. Martin N. Zabarsky, she lives in Newton with her husband and their 7-months-old daughter. Mr. Zabarsky, a graduate of Boston University School of Business Administration, is vice president of the St. Johnsbury Trucking Company.

Col. Waldman now lives in New York, where he is commander of the USAF dispensary at Stewart AFB.

BERNARD D. GROSSMAN

Campaign

who has already demonstrated deep interest in vital civic activities."

Mr. Grossman, treasurer and a director of L. Grossman & Sons, distributors of lumber and building materials, with a major branch in Wellesley, said: "I am deeply honored by this evidence of confidence which the trustees of Newton-Wellesley Hospital have placed in me. Being a resident of West Newton, I am personally concerned with the operation of this hospital.

"As a result of my work with other hospitals in the Greater Boston area, I am acquainted with the almost unbelievable increase in their laboratory and X-ray operations, and the same holds true for Newton-Wellesley Hospital. Here, the work load has virtually doubled in the last 10 years, with only minor alterations of existing buildings. The economical operation of such overcrowded and outdated facilities becomes almost impossible.

"What Newton-Wellesley Hospital needs urgently, are new surgical facilities, a new and larger X-ray department, new laboratories, and more bed space. I regard this expansion and renovation program as the single most important project the people of Newton and Wellesley have faced in the past quarter-century. I am equally conscious of the obligation I am undertaking in accepting the position of general chairman," he said.

The $3.5 million Newton-Wellesley Hospital fund drive, which Mr. Grossman has been chosen to lead, provides for the construction of two additions to the present hospital and provides for larger and more efficient operating rooms. New and improved laboratories and an X-ray department will replace the presently over-crowded facilities.

The space represented by the new additions, plus re-arrangement of other facilities, will give the hospital 75 additional patient beds, bringing its capacity to 335, which is considered ample to meet the needs of the foreseeable future. There will also be a new psychiatric department for in-hospital treatment, and a department for patients requiring extended care. A new out-patient department is planned for general patients and a new out-patient department for psychiatric patients. The physical therapy department will be expanded, as will be the post-operative recovery room.

"I am confident that every man, woman and child will respond generously to this appeal, when they remember that this is not an annual drive to make up for an operating deficit, but instead is a drive for capital funds that will serve for a generation to come," Mr. Grossman said.

Mr. Grossman took his bachelor of arts degree, cum laude, at Harvard University in 1939. He graduated from the Harvard Business School in 1941. He entered the army in 1942, advancing from private to captain.

Mr. Grossman married the former Grace Swig, and the couple have two teen-age children, Betsy and Richard. Mrs. Grossman has long been among the most active members of Newton-Wellesley Hospital Aid Association.

Other business affiliations held by Mr. Grossman include that of director and treasurer of Grossman Industrial Properties, Inc.; director of the Home Owners Federal Savings & Loan, and director of Cramer Electronics, Inc.

He is a director of Brandeis University Associates, the National Conference of Christians and Jews, and a former director of the Newton Chamber of Commerce, Newton Taxpayers Association, the Newton-Brookline Community Center, and a former member of the Newton Republican Committee.

STEPHEN JOHNSTON

Sacred Heart High Grad At Lackland Base

Stephen A. Johnston, 18, son of Attorney William F. Johnston, 71 Oxford Rd., Newton Centre, has been accepted for active duty in the U.S. Air Force.

He is a graduate of Sacred Heart High School, and attended Newton Junior College and Norfolk University.

He was prominent in athletics, particularly baseball and basketball at Sacred Heart High, and at college. He was also active in Democratic Party politics in Newton. Stephen has had considerable experience in theatricals playing parts on the legitimate stage and in stock on the Cape.

He is stationed at Lackland Air Force Base in Texas for his basic training.

Home

(Continued from Page 1)

The 33,000 square foot site is one lot removed from a business zone and is adjacent to Parker House, the city's housing development for the elderly. The petition states that the rear and north side of the property would be screened by evergreen trees. Parking space for 29 cars would be provided.

Two registered nurses and six or seven practical nurses would staff the home.

The present owners of the property, appearing in support of the petition, said the new regulation make operation of a small nursing home unfeasible and burdensome. Beatrice A. Davis were represented by Stanley S. Wewenberg of 41 Longfellow road, Waban, who added that the new structure would bring additional taxes to the city.

Francis Woodbridge, 42 Parker st., urged approval and expressed fear that, if the petition were not granted, the present structure would "fall to rack and ruin."

Max Wexler, 53 Oxford rd., leading the opposition, presented a petition bearing 150 names urging denial of the petition. He said he represented the Newton Centre Neighborhood Association which is also opposed. The Association has 400 families, according to Mr. Wexler.

Also urging rejection of the petition was Joseph H. Gorman of 362 Cypress st., who argued that the petitioners were seeking to build a large commercial structure in a residential neighborhood.

Harold Murphy of 36 Oxford rd.; Mrs. Charles Lovinvirth, 25 Parker st., and Mrs. Jean Barrett, 32 Paul st., were also heard in opposition.

Solomon Schulman of Boston, attorney for Cesidio Paglia of 15 Hovey st., an abutter of the Clay Chevrolet property, argued against the automobile dealer's petition on the grounds that the proposed paint and body shop which would be housed in the structure would bring more cars, more noise and heavier traffic to the area and would result in the lowering of the value of his client's property.

Mr. Clay, a Wellesley resident, averred that used cars now sell for substantial figures and would be displayed "with dignity" in the new structure. He also denied that there would be any additional parking on the street since the new area would provide space for 50 cars.

Unopposed was a petition to erect a dormitory for 120 students at the Newton College of the Sacred Heart at 885 Centre street. The new building would be the fifth and last dormitory on the campus.

Joyce Arnold, daughter of Mr. and Mrs. Chappie Arnold of Quinobequin Rd., Waban, is a sophomore at the University of Pennsylvania, where she is majoring in French and the Fine Arts. She was awarded the hone of "Freshman Distinction" upon completion of her first year, the highest academic achievement a freshman can attain. Joyce is a graduate of Newton South High School.

The combined AFS clubs of Newton High and Newton South sponsored an AFS Day on Jan. 8. Eight foreign students from neighboring communities were invited to join in the festivities, and the four Newton AFS students exchanged schools for the day.

Countries represented included Norway, Denmark, Switzerland, Spain, Nigeria, South Africa, New Zealand, Austria, Japan, Saudi Arabia, and France.

The students visited classes with Newton students, and after school most went to South High to join in a panel discussion. The exchange students either went to large dinner parties or had a quiet dinner at the homes of their hosts. In the evening everyone gathered at South High for an evening of folk dancing and square dancing.

Mental Health Clinic Funds From City Dept.

Funds for the establishment of a mental health clinic in Newton which will serve emotionally disturbed children will be allocated from the city's public health department and not from the School Committee budget it was decided Monday night.

A decision by Mayor Donald L. Gibbs to make city money available for the clinic which will be established in Newton by AMHIN (Action for Mental Health in Newton) resulted in a School Committee vote to reduce its 1965 budget by $30,000. Chairman Haskell C. Freedman said the Mayor had requested the action in an oral communication.

AMHIN President Kenneth Huberman of Waban, leader of the drive for local support of the clinic, said his group had been deeply impressed and truly grateful for the action taken by the School Committee on Dec. 28 which recognized the need for such a facility in the community.

Expressing similar gratitude for the Mayor's action, Mr. Huberman urged cooperation between all city departments in getting an early start on the project.

The $30,000, which represents the community's share in financing the project, will be added to the $55,000 already allocated by the Massachusetts Department of Mental Health for salaries of the professional staff including a psychiatrist — director soon to be named. Under legislation passed some time ago, the state can enter into partnerships with local communities for the establishment of such clinics with the local community assuming the expenses of housing and paying the non-professional staff.

Anxious that the action by the School Committee in withdrawing its support not be misinterpreted, Chairman Freedman said,:

"The School Committee stepped into the gap when there was one. Now the Mayor wants to take advantage of the statute and has asked that the School Committee withdraw. I think it represents a good solution."

The move did not go without opposition, however. Rep. Joseph G. Bradley, who was ill and unable to attend the meeting, sent a telegram which was read by Chairman Freedman before the vote was taken urging the School Committee to retain control of the funds.

"To do otherrwise would be to jeopardize the entire program," the telegram said.

The Committee's vote came on a motion by Francis Frazier of Ward 1 and was unanimous. The decision reduces the total 1965 budget increase from $924,528 to $894,528.

St. John's Plans Annual Meeting

St. John's Episcopal Parish will hold its annual meeting in the parish house on Lowell Ave., Newtonville, Monday evening, Jan. 18, at 8 o'clock, following a pot luck supper at 6:30.

Stated purpose of the meeting is "to take stock of the past; to plan for the future; to express our constitutional right to self-government within our democratic church, and to have fellowship one with another."

Political Highlights

(Continued from Page 1)

Few people will dispute the contention of the Harrington Commission that the quality of education in Massachusetts should be improved and that the money necessary to improve it should be expended. That's an investment in our future we can't afford not to make.

At the same time the dilemma of the cities and towns, where real estate tax rates are soaring to confiscatory heights, is too critical to be ignored.

Whether the problem will be disregarded and brushed aside by the Legislature, depends at least partly on the selling job done by city and town officials and how well they make the people understand the urgency of the situation and what is really at stake.

It isn't that a home-owner's real estate tax bill may go up $50 or $100 or that a tenant may have his rent increased $5 or $10 a month.

Basically, the question is whether Massachusetts can remain a prosperous State with jobs enough for its citizens if real estate tax rates are way out of line with those in other States.

There is a very real danger that jobs, which are needed to maintain the State's prosperity, will be lost if tax rates continue to mount.

Industrial firms considering the establishment of plants in Massachusetts may conclude they can't operate profitably here because of our high tax rates and go elsewhere.

Factories now in business here and showing only a narrow margin of profit may decide to move to a State with a lower tax rate.

These are the things which worry local officials who know from experience that one of the first questions they are asked, when they are attempting to get a new industrial plant for their community, is the amount of their tax rate.

Officials in the cities and towns cannot enact new taxes. That is a right the Legislature reserves for itself in Massachusetts.

One thing ex-Governor Endicott Peabody failed utterly to do was to place this State on a sound financial footing. Instead, he allowed it to drift to the brink of bankruptcy.

That probably was the biggest failure of the Peabody administration. It caused Boston Mayor John F. Collins to sound off against Peabody a year ago.

Early in 1963, Peabody recommended a whopping increase in the State income tax after the voters had recorded themselves overwhelmingly against a graduated State tax. That bill slid quietly down the legislative drain without even a real fight. It never had a chance of passage.

In 1964—an election year—Peabody got by with the gimmick of collecting 18 months of taxes in a 12-month period, a maneuver which worsened the State's financial crisis.

Now Governor Volpe will try to face up to the problem of cleaning up the Commonwealth's financial mess and at the same time seek to furnish some relief for the cities and towns.

That wouldn't be easy under any circumstances, but Volpe will be working with a strongly Democratic Legislature which will not be anxious to make him look good and which will adopt his proposals and programs only when it serves its purpose to do so or when it has no other alternative.

Volpe, however, will not be operating entirely from a position of weakness.

The battle to help out the cities and towns will be more the fight of the officials of those communities than it will be Volpe's.

If Volpe fights and loses, he also can point out that he tried to provide relief for the cities and towns but that the Democratic Legislature blocked his efforts.

That might prove a potent campaign issue.

Toomey's Demotion May Prove Blunder

Whether Speaker John F. X. Davoren committed a major blunder in dropping Representative John J. Toomey from the chairmanship of the powerful House Ways and Means Committee is a question only future events will answer.

Davoren, who intends to run the House with a strong hand, apparently wants to be in a position to obtain favorable reports from the Ways and Means Committee when he desires them.

That is about the only explanation which can be offered for Davoren's action in replacing Toomey.

Toomey is a recognized expert on State finances and budget matters.

He also is a strong-willed legislator with ideas of his own who doesn't take orders from anybody if they conflict with his own convictions. He didn't take orders from former Speaker John F. Thompson, and he wouldn't have taken them from Davoren.

When ex-Governor Foster Furcolo was trying to get a sales tax bill through the Legislature, Toomey resigned from the Ways and Means Committee chairmanship rather than support Furcolo's measure.

Beacon Hill observers will be watching to see whether any clashes develop between Toomey and Davoren. Toomey is not the type to turn the other cheek. But if he engages in a fight he'll pick his issue.

Even though he has been demoted from the Ways and Means Chairmanship, Toomey has a substantial following in the House, and when he takes a stand on a bill during this legislative session it will have considerable impact.

MISS LENORE

Miss Lenore On Staff Of Girls Finishing School

Mrs. Mildred Albert, Dean of the Academie Moderne, takes pleasure in announcing the appointment of Miss Lenore of Newton as a member of the Academie staff.

Miss Lenore has been a resident of Newton for twenty-three years. In private life, the wife of Joseph B. Wolbarsht, esq., Miss Lenore was formerly associated with Bermar Teen Types, Newton Centre. As the Youth Coordinator, she is well known for her supervision of charm school workshops, and became a wardrobe specialist for teenage girls. Many Newton residents will recall the outstanding fashion shows with which she has been associated.

Recently, Miss Lenore has added the speakers platform to the many and varied means by which she is able to communicate her timely thoughts and suggestions on subjects which currently perplex many parents of the younger generation.

It has been said that Miss Lenore has inherited a continuing interest in young people from her late father who was among the founders of a great social movement known as the George Junior Republics, the forerunner of our present day Boys Town.

In 1949, she received a special grant to make an intensive inspection tour of existing conditions among the underprivileged who were attending the World ORT Union Vocational Training schools in six European countries.

Loyal to the Newton community, Miss Lenore has taken an active role not merely as a business woman, but as leader in many civic groups. She is well known for her organizational leadership courses.

Newton Man In High State Job

Francis J. Sawyer of Newton, Deputy Commissioner for Tourism of the Department of Commerce and Development, has been named Acting Commissioner of the Department. He will serve until Governor Volpe names a successor to former Commissioner Lester S. Hyman. Hyman went out of office last Thursday (Jan. 7). Sawyer's appointment was effective at the same time.

Sawyer, President of General Rental Company of Boston was appointed by Hyman with the approval of both Governor Volpe and former Governor Peabody.

Sawyer, a Suffolk Law School graduate and World War II Navy veteran, began an auto rental business in 1952 and now operates one of the few wholly-owned Avis franchises in the country. His firm now has a rental fleet of about 1,000 cars and 100 trucks.

His father, Frank Sawyer, is owner of Checker Taxi Co. The new Acting Commissioner, who holds a law degree but has never practiced, began as assistant to his father. Before the war, he was a Chrysler-Plymouth dealer.

Last year, he served as chairman of the New England Council's Vacation Travel Committee and as a trustee of the New England Exhibit at the World's Fair in New York.

He is the father of two children. His son is a senior at Holy Cross College, Worcester. His daughter is married and has one child.

2 Important Items On Women Voters' Agenda

The Newton League of Women Voters will consider two important topics at next week's unit meetings: how needed reforms in Massachusetts government can best be achieved, and what study program the state League should undertake during the next two years.

Included in the first topic will be a discussion of arguments for and against a Constitutional Convention, one widely suggested method of overhauling the state government. Those attending the unit meetings will have a chance to express their opinions on such a convention, to aid the League in reaching a consensus on the question.

Recommendations concerning the second topic, a future statewide program for the women's organization, will be used along with those from other chapters by the League's State Board as a basis for a proposed program. The Board's proposal will be discussed at local unit meetings in March, and may then be revised accordingly. Finally, after still more discussion, the League's State Convention in May will adopt a statewide program of study based on the total membership's views.

Next week's unit meetings will be held at the following times and places, and the League invites all interested women to attend whichever is most convenient:

Wednesday, January 20: 9:45 a.m. at the home of Mrs. E. P. Little, 216 Highland street, West Newton, with Mrs. Roy Green as leader; 1:15 p.m. at the home of Mrs. Gordon Hurwitz, 12 Clark street, Newton Centre, with Mrs. George Gerard as leader; and 8 p.m. at the home of Mrs. Michael Ambrosino, 566 Centre street, Newton, with Mrs. Roy Lapidus as leader.

Thursday, January 21: 9:45 a.m. at the Newton Highlands Workshop, 72 Columbus street, Newton Highlands, with Mrs. John W. Locke as hostess and Mrs. Mathew Ross as leader; and 8 p.m. at the home of Mrs. Herbert Shuster, 6 Wamesit road, Waban, with Mrs. Maynard Slessinger as leader.

Background material on government reform to be presented at the meetings has been prepared by the League's Committee on Government Structure. Members are Mrs. Ernest H. Picard, chairman; Mrs. Leon I. Bawer, vice chairman; Mrs. Alan H. Crist, Mrs. Luis Fernandez-Herlihy, and Mrs. Joseph Siegal.

Women who are interested in joining or learning more about the League of Women Voters may contact the membership chairman, Mrs. Robert Wofsey. Her telephone number is MO 9-7668.

Newtonville Woman's Club Meets Jan. 20

Tuesday, January 19th, will be a gala day at the Newtonville Woman's Club when the club has its important, annual auction. This one promises to be the best ever. What started out as a purely intramural affair has now mushroomed into a full-scale sale with the public invited. Guest fees will be waived for this meeting.

There will be all sorts of new saleable articles. Rather than pack away the Christmas gifts that have not found immediate usage the club members are bringing them for the sale. In addition to the new articles there will be some antiques and many good, used articles which are forever in demand.

The club coffee hour is at 1:30 p.m. with the auction starting promptly at 2 p.m. Mrs. Henry W. Webster will act as auctioneer assisted by Mrs. John F. Farrington, Mrs. Joseph L. Sevigny, Mrs. Harry W. Abells, Miss Theresa L. Cram, Mrs. Walter N. Keene, Mrs. Ross E. Langill, Mrs. Vaughan A. Richardson, Mrs. Charles W. Tenney, Mrs. Fred L. Tappan, and Mrs. Dwight L. Woodberry.

Mrs. Joseph Sevigny has been in charge of posters, and Mrs. Edward Raphel, Mrs. L. Harold DeWolf, Mrs. John Farrington, Mrs. Charles Laffin and Mrs. Warren L. Huston will deliver your purchases to you.

Lee Loumos Says:

Last week I talked of the wide acceptance color TV enjoyed in 1964. For those of you who still do not have color TV, I have more good news. Some of my customers had been saying that it would be wonderful if color TV could be tuned in simply without the necessity of fussing with the fine tuning control. Well, Magnavox has come up with an answer, Automatic Color, a development in engineering on their new color sets that eliminates the necessity of critical fine tuning which may degrade the picture. You can now select your channel, and color pictures will appear instantly and perfectly. Coupled with the new brilliant color tube that makes pictures half again as bright as before; Chromatone, which adds depth and beauty to the picture; Color Purifier, which automatically keeps all pictures pure; and Quick Pictures, which eliminates the annoying waiting period during set warm-up, the Magnavox Color TV Receiver now becomes an outstanding value. Come in for the 7:30 p.m. Thursday or Friday color shows and, "let me entertain you."

And remember, when you do select your color TV from our store, you get our personalized and competent service and installation that the self-service stores cannot provide at any price and it is all included with your purchase at our competitive prices.

Two Petitions Granted, Third Gets A Denial

Action by the Aldermen on various petitions recently were as follows:

Permission was granted to Gabriel Koundakjian for conversion of his single dwelling at 54 Evergreen avenue, Auburndale, to a two-family house. The request was granted under a city ordinance that permits such a conversion if the house is 25 or more years old and has more than 2500 square feet of space on the ground floor.

That part of the ordinance is being repealed under the decondification soon to become effective, Chairman Harry H. Ham Jr., of the committee on Claims and Rules said.

Mazzola Brothers Bakery Trust was granted permission to build an addition to its bakery at 230 Adams street, Nanantum, provided that 12 parking spaces are provided and a picket fence is erected along the easterly and southerly boundary line.

Although Luther Paul Company asked permission to withdraw its petition for construction of a garage and for permission to increase oil storage capacity on Paul street, Newton Centre, the Aldermen unanimously denied the request. Alderman Ham reported that the company requires permissive use for a new garage and extension of a non-conforming use for increased oil storage.

Community Peace Center Meeting Plans For 1965

MRS. DWIGHT MERRILL

The Newton Community Peace Center featured plans for 1965 for the International Cooperation Year, recently proclaimed by President Johnson, at an open meeting of local community organizations, held last Tuesday at the home of Mrs. Proctor W. Houghton, Chestnut St., West Newton. The meeting opened with dessert and coffee.

The Rev. Harold R. Fray, Jr., coordinator of the Newton Community Peace Center chaired the meeting. He explained the aim of the ICY, International Cooperation Year, as an educational one, to broaden the understanding in Newton of the work of the United Nations, around the theme of "Peace and Progress Through Cooperation".

Mr. Elliot H. (Pete) Rosenberg, president of the United Nations Association of Greater Boston, was introduced and spoke of the resources for Organizations interested in promoting the ICY program with their local groups.

In order to also assist Newton with coordinating the efforts of local groups to promote understanding and information about the U.N. and the ICY program, Mrs. Dwight P. Merrill was introduced as the new executive secretary of the Newton Community Peace Center, replacing Mr. Donald Cilley who has served this function as a Peace Intern, since September.

The Peace Center office located at the Eliot Church, 474 Centre St., Newton, will be open from nine to twelve each morning, Monday through Friday, telephone 332-9110.

Members of the Executive Committee of the Peace Center, and Mrs. Merrill, will be available at the office on Monday mornings at ten o'clock to give resource help to any or all community groups interested in speakers, displays, literature, programs, discussions, or activities centered about the ICY program.

The following organizations were represented at this open meeting to initiate local participation in the ICY: Turn Toward Peace of Greater Boston, the Bay Path Colonial Girl Scout Council, B'nai Brith Women, Jewish War Veterans, Campfire Girls, Newton District, American Jewish Congress, League of Women Voters, Newton Hadassah, Political Action for Peace, United Nations Association of Greater Boston, Mass. Pax, UNESCO, Voice of Women, and the Women's International League for Peace and Freedom.

Local organizations in Newton are urged to incorporate some part of the International Cooperation Year Program (ICY) into their 1965 activitiy plans, and also keep the Newton Community Peace Center informed of their efforts.

Newton High In Hockey Win Over Somerville 5-2

Newton High School's hockey team defeated Somerville 5-1 in an underclassmen GBI League game at the Boston Arena last Saturday.

The senior members of the Tiger squad were absent from the ice taking their college entrance board examinations.

But Steve Bagley and Kim Britt paced the Tigers to a victory as they tallied two goals apiece.

Britt, who regularly plays on defense, centered Newton's first team and not only scored twice but assisted on two other goals.

Bagley, a sophomore, made an impressive debut as he hammered home two goals.

Charlie Donovan tallied the fifth score for Newton. Steve Toomey, younger brother of Dick and Bob, played an excellent game and had three assists.

Coach Sarge Kinlin brought up 16 members of the junior varsity in order to have a full compliment of players.

PREPARE PLANS FOR COOKIE SALE—Local women at last week's Bay Path Colonial Girl Scout Council meeting at Wayside Inn, Sudbury, are, seated, left to right: Mrs. Paul F. Nation, Waban, and Mrs. Richard Carey, West Newton; standing, Mrs. Angelo Lo Porto, Newtonville; Mrs. Robert Lang, Weston, Mrs. Harold Learner and Mrs. Robert Bonner, both of Newton Centre.

Chairmen Picked For Girl Scout Annual Cookie Sale

Mrs. Vincent Ashton, cookie chairman for the Bay Path Colonial Girl Scout Council, announced the appointment of and introduced the following Newton volunteers as Neighborhood Cookie chairmen at the "Cookie Sale Kick-Off" luncheon and training session at Wayside Inn, Sudbury, Jan. 4:

Newton, Weston chairman, Mrs. Paul F. Nation, Waban; Centre neighborhood, Mrs. Robert Bonner, Newton Centre; Great Meadow neighborhood, Mrs. Martin J. Lebow, Newton Centre; Mrs. Harold Learner, Newton Ctre.; Quinobequin neighborhood, Mrs. Marshall Glen, West Newton; Village neighborhood, Mrs. Angelo LoPorto, Newtonville; and Westdale neighborhood, Mrs. Richard Carey, West Newton. Mrs. John J. Ronney, Newton press representative for the council, also attended.

Complete plans for the 1965 cookie sale were discussed. Junior, Cadette and Senior Scouts throughout the 25 communities of the Council will take orders from Feb. 5-15, and deliveries will be made March 27-April 3.

Although this council receives generous support from the United Funds and Community Chest in the area, additional money is needed to provide: enriched troop program through inter-troop, inter-neighborhood and inter-council events; girl opportunities on national and international level, such as Round-up, All States Encampments, International Events at Our proved facilities at all camps; supplies, equipment and training for outdoor program.

As in past years the cookies will be available in five different varieties including vanilla butter, chocolate and vanilla sandwich, butter-nut roundups, frosted, and the highly popular cooky-mint.

Time For Test Of Devices For Weighing, Measuring

J. Ellis Bowen, Sealer of Weights and Measures of the City of Newton, has given a statutory notice to the public to have all commercially used weighing and measuring devices tested at his office at City Hall.

Sealer Bowen's notice is addressed to all persons having or using weighing or measuring devices commercially in Newton and is as follows:

"All individuals, partnerships, associations or trusts and corporations, using weighing or measuring devices for the purpose of buying or selling goods, wares or merchandise, for public weighing or for hire or reward doing business or having places of business located in this City of Newton are hereby notified to bring them in to the Department of Weights and Measures to be tested, adjusted, sealed or condemned by the Sealer."

The testing, adjusting, sealing and condemning of weighing and measuring devices will be performed on the following specified dates and time: Jan. 4 through Jan 22, inclusive, except Saturdays and Sundays, 8:30 to 9:30 a.m.

In pointing out the importance to the community of local weights and measures administration and enforcement with relation to scale and meter accuracy, Sealer Bowen reports that he is not only concerned with the weighing devices of the butcher and grocer, but also the scales of the apothecary, junk dealer, express company, candy stores, hardware stores and laundry as well as all gasoline vending pump meters, grease meters, fuel oil delivery truck meters and linear measures from yard sticks to taxi meters ,not only to insure accuracy for the benefit of consumers, but for the benefit of vendors as well.

With reference to small inaccuracies that may seem inconsequential, Sealer Bowen said, "A weighing error of one ounce per pound for 100 weighings a day causes a loss of 6¼ pounds. Multiplied by 300 days in a year of a commodity priced at $1 a pound, the resultant loss is $1,875.00. If a scale be fast, the loss is that of consumers. If the scale be slow, such loss falls upon the merchant. If a gasoline vending pump meter is in error by 1/10 gallon (1/50th part on each five gallon delivery at 30 cents per gallon, such loss will be $60 on each 10,000 gallons, and over 40 million gallons of motor vehicle fuel pass through Newton's pumps annually.

"In addition to testing, adjusting and sealing or condemning devices, containers, linear measures, etc., Deputy Sealer Silver and I, during the past year, have conducted thousands of inspections and trial weighings of merchandise prepackaged in anticipation of sale to insure the proper use of devices and fair merchandising practices. The paramount function of the Weights and Measures Department is to enforce equity and fair play with relation to quantity determinations in all commercial transactions."

Stanley Freedman, son of Mr. and Mrs. Arthur Freedman, 33 Wesley St., Newton, was tapped into "Scarlet Key," honorary activities society of Boston University. He is past president of both the sophomore and junior classes and is vice president of the B.U. Student Council.

Dr. Mather Is Guest Speaker At Delhi Event

Dr. Kirtley F. Mather, world renowned geologist and author of the newly published text "The Earth Beneath Us," and well known in Newton, recently appeared as guest speaker before the International Geological Congress in Delhi, India.

The Congress concluded its more than two weeks of meetings on December 22. Dr. Mather, professor emeritus at Harvard University and vice chairman of the Board of Trustees of Curry College in Milton, left Delhi on December 22 for a three-day stay in Tehran.

Later on Dr. Mather, who is widely known in intellectual circles in the Newton area, will visit many places of geological and archeological interest in the Middle East and in the Far East, in Africa and in the islands of the Pacific before concluding his 'round-the-world tour late in April, 1965. Earlier on the tour, which began last November 8, the noted scientist visited London.

A teacher, author, and lecturer for more than half a century, Dr. Mather is an acknowledged master at taking specialized knowledge from the field of experts and interpreting it effectively for people in all walks of life.

"The Earth Beneath Us," his latest publication, is a picture book of geology for the layman. Among other books written by Dr. Mather are "Old Mother Earth," "Science in Search of God," and "Sons of Earth."

Dr. Mather was recently the recipient of one of three special honorary citations for outstanding scientific achievement given in the name of Bradford Washburn, director of Boston's Museum of Science.

He is past president of the American Association for the Advancement of Science and the American Academy of Arts and Sciences. He has been a trustee of Curry College — the College where Alexander Graham Bell once served as chancellor

Aldermen Approve Funds In Advance Of 1965 Budget

A number of appropriations in advance of the 1965 budget were given unanimous approval by the Board of Aldermen at the recent meeting.

One of them was for $1,888.94 requested by the city solicitor for the services of a full-time assistant solicitor priamily assigned to codes enforcements covering the period between Jan. 11 and March 31 of this year.

That appropriation, and another recommendation of the city solicitor, "A Program of Code Enforcement for Newton," having been approved by the board, it was stated that the mayor would name former Alderman Charles H. Morang to the post of full-time assistant city solicitor.

The former alderman, since Oct. 6, 1964, has divided his time between two posts—administrative assistant to the mayor and assistant city solicitor. In view of that fact, Chairman John P. Nixon of the committee on Finance reported that in the committee's opinion, no action was necessary on the city solicitor's recommendation for an appropriation of $2,043.89 to cover Morang's salary during the last three months of 1964, and that recommendation was accepted.

Also approved was a request of Mayor Gibbs for an appropriation in advance of the budget of $4,484.19 for various city departments other than the Water Department.

Another item approved authorized the city treasurer to borrow up to $8,000,000 in anticipation of taxes for the calendar year 1965.

The Board gave its approval to a request of Arthur G. Heaney, chairman of the Election Commission, for $17,725 to cover the following expenses in connection with the census taking: For the police officers concerned, $15,000, for payment to special clerks, $2,500, and as remuneration to police officers for use of their private cars in making call-backs on residents, $225.

A report of the committee on Street Traffic, presented by William Carmen, its chairman, was accepted. The following matters, some given a favorable committee report, and others given a recommendation for denial, go automatically to the committee on Claims and Rules:

A petition of Leo Karas and Virginia Lewis for study of traffic problems in the vicinity of Newton South High School was approved by committee on Traffic, and the Traffic Commission recommended that Great Meadow Rd. be made one-way easterly from Hagen Rd. to Brandeis Rd., and Hagen Rd., be made one-way westerly from Oldfield Rd. to Great Meadow Rd.

A favorable Traffic Committee report was made on the Traffic Commission's recommendation that there be no parking on both sides of Jones Ct., Newton, from Adams St. southeasterly to the end. Also favorable was the committee's report on a recommendation of the Traffic Commission for Chestnut Terr., Newton Centre, to be made one- way northerly from Marshall St. to Commonwealth Ave.

The Traffic Committee recommended denial of the following matters: Alderman Paul J. Burke's recommendation for installation of signs throughout the city proclaiming that all should "Drive Slowly — Death Is Permanent." Recommendation for denial was made by the Traffic Commission.

A petition for a traffic light at Centre and Pelham Sts., Newton Centre.

A petition for a stop sign at Cypress and Parker Sts., Newton Centre.

A petition for alleviation of a parking situation on Weldon Rd., Newton.

Petitions for parking restrictions on Border St., West Newton, Alderman David Jackson's recommendation for an alternate route for heavy flow of big-rig tractor-trailer trucks over Washington St. from West Newton Sq. to the Wellesley line, for widening of the intersection of Sargent, Cabot and Centre Sts., Newton, to eliminate traffic hazards; installation of a pedestrian control traffic light in Newton Highlands Square at Hartford and Lincoln Sts., elimination of trucking on Washington St. from West Newton Square to Rte. 128, for a pedestrian traffic light at the Brimmer and May School, and a stop and enter sign at Lake Ave. and Rogers St., Newton Highlands.

Referred to the committee on Parking Meters was the Mayor's recommendation for an evaluation by the Traffic Commission of the off-street parking meter problem throughout the city. (The Traffic Commission had recommended that meters be installed in off-street areas in Auburndale, West Newton, Newtonville, Newton Corner and Newton Highlands.)

Miss Ealine Woo, daughter of School Committeeman and Mrs. Way Dong Woo, 70 Burdean Rd., Newton Centre, is prom chairman for the sophomore class at Wellesley College. A graduate of Newton South High School, she sang in the college choir and was a dormitory song leader last year. This year is a member of Tupelos, an informal singing group on campus.

and Rev. John J. Griffin of St. Bernard's Church.

The discussion, which will be based on the Human Relations Report of the Newton Community Council, is jointly sponsored by the Newton League of Women Voters and the Newton Committee for Fair Housing and Equal Rights.

The Human Relations Report stated that Newton "finds itself at new crossroads" as a result of its growth.

"An awakened social conscience among all peoples and the urgency of the times," the Report declared, "demands new perspectives, re-examination in the light of new perspectives, and a fresh and vigorous approach toward the more complete realization of the American ideals of humanity, justice and democracy."

The Report noted that although "an encouraging degree of progress in the fields of human relations has been made in this city during the past decade, "there is a need for a change in emphasis and urgency."

It was therefore recommended that the present Human Relations Committee, established in 1953, be replaced by a nine-member volunteer Commission on Human Relations. The Commission would be authorized a $15,000 budget under the Report's recommendations.

Suggested areas for Commission actions included expansion of interfaith activities, widening of employment opportunities for minority groups, and educational and cultural programs.

The Report said, "Newton, with its history of leadership in many fields in both its public and its private institutions, can contribute substantially to provide this same kind of leadership in human relations.

"This would seem to be the most opportune time for our city government, in the light of current conditions locally and country-wide, to take a series of positive steps in this direction."

Title of the panel discussion is "Newton: Pluralistic Society, Melting Pot or Competing Groups."

YOUTH PROBLEMS TREATED HERE — The myriad problems of today's troubled youth are considered and treated at Ledgewood Home for Jewish Children, at 1000 Harvard street, Mattapan. Some 2,000 women in the Ledgewood organization purchased the 22 acre facility three years ago and are maintaining it. Ledgewood Home for Jewish Children is an adjunct of the Jewish Family and Children Services.

Jewish Home For Children Announces Change Of Name

After more than 60 years of service, the Jewish Ladies' Helping Hand, Home for Jewish Children, has changed its name to the Ledgewood Home for Jewish Children.

The announcement was made by Mrs. Benjamin Slawsby of Newton, organization president who heads the group of more than 2,000 women who purchased and support the 22-acre Ledgewood treatment and residential center at 1000 Harvard Street, Mattapan.

The home is "home" for boys between the ages of 12 & 18 who have been referred to the site from various agencies, courts or organizations within the community. For many years, the group has worked as an adjunct of the Jewish Family and Children Services, offering unique and specific services in the field of child welfare.

"To quote the poet who asked 'what's in a name?' the only thing we can say is that there is not too much difference if the name is 'service,'' Mrs. Slawsby said.

So far, Ledgewood has returned several youngsters back to the community—youngsters who might have been behavorial problem in school or at home, or kids clouded by unnamed fears which had made them borderline delinquents.

Now, through the concerted efforts of the staff and the 2,000 women who have created Ledgewood, some of the boys are now college students — while others have been placed in worthwhile trades or occupations.

Ledgewood supplies all medical and dental care for the youngsters as well as meeting the obvious emotional and physical needs.

The boys, referred to the home by the courts or and various social agencies, notably, the Jewish Family and Children Services, live both in the home and in the community. They attend local schools and participate in local activities.

For many of them, this is their first taste of a "Normal" existence.

"Return Over Cost"
In all of these examples the net cost of insurance at the end of five years is very low when compared with the premiums paid.

In ten years, and beyond, the policy's cash value and the sum of dividends amounts to much more than total premium payments. The difference is called your "return over cost."

Return over cost figures are even more attractive when dividends are allowed to accumulate at interest.

The true "cost" of any life insurance policy can be determined by weighing the premium against the dividends the policy earns and comparing the result with the growing cash and loan values. Low premiums, high dividends and generous cash values are ideal. Our new booklet, "You can afford SBLI", illustrates the true "cost" of all policies with understandable charts like the above. When you consider the long-range benefits, you'll insist on Savings Bank Life Insurance.

co," an organization of past national commanders of all major veteran organizations in the United States.

"Panco" was established during the period when Alderman Carmen was national commander of the Jewish War Veterans. Carmen was one of the 10 organizers and charter members of this group.

The friendship between Vice President Humphrey and the Carmens dates back to 1957. In May of that year Carmen, accompanied by his wife Beverly, was on a special mission to Israel.

An Israeli military aircraft was made available to the Carmens during their stay, and on the fifth and next-to-last day they flew from the Lydaa Airport near Tel Aviv to Elath on the Red Sea, a port within view of both Egypt and Saudi Arabia.

Just prior to the takeoff, the air force crew informed the Carmens that five passengers were seeking a ride to Elath.

One of the five was Hubert Humphrey, then a U. S. Senator.

Others in the group were a woman newspaper correspondent from Washington, a clergyman from Rochester, N. Y., a recently returned Israeli Ambassador to Canada (now Israeli Ambassador to the United Nations), and Senator Humphrey's administrative assistant.

The Carmens welcomed the five aboard. The group spent the day together, and a lasting friendship started between Humphrey and the Carmens.

The Ambassador to the United Nations has since visited Newton as the guest of the Carmens.

Humphrey and Carmen have maintained a correspondence since their unusual meeting in Israeli and over the years have become good friends. The Carmens have been invited to Washington in the past by the Humphreys.

Alderman Carmen expressed pleasure both at the invitation to the inaugural and at the prospect of seeing his old friend take the oath as the next Vice President of the United States.

Lenox School Choir To Sing Here On Sunday

The choir of the Lenox School will sing at the 10:30 a.m. service at the Church of the Messiah, Auburndale on Sunday, January 17.

The musical setting for the service of Holy Communion will be "The Lenox Mass," written by John Davies, a 1964 Lenox School graduate. The Mass was scored for two guitars. This is contempory folk music.

The choir, under the direction of the Rev. Timothy B. Gogan has emphasized excellence and simplicity in church music and has learned to lead (not perform) the "Common Song" which is just as much a part of the worship of a congregation as "Common Prayer."

The Rev. Robert L. Curry, D.D., headmaster, will preach. The Rev. Robert W. Colledge, rector of the Church of the Messiah, will be the celebrant. Frank P. Pickett is the church organist.

Lenox School is a secondary school of the Episcopal Church for boys located in the Berkshire Hills in the town of Lenox, Mass.

ARTHRITIS

MEDICAL PROGRESS IN Massachusetts with the MARCH OF DIMES

BIRTH DEFECTS

POLIO

In MASSACHUSETTS your contributions to the 1964 MARCH OF DIMES will fight crippling diseases on three major fronts:

ARTHRITIS

The MARCH OF DIMES Special Treatment Center for Juvenile Rheumatoid Arthritis at the ROBERT BRECK BRIGHAM HOSPITAL in Boston is supported by all Massachusetts Chapters.

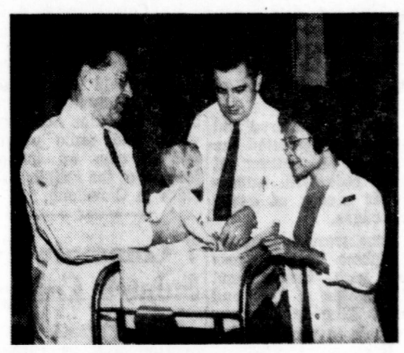

The grant from The National Foundation-March of Dimes makes possible the out-patient treatment of arthritis patients by providing part-time support for the clinic staff in addition to the necessary x-rays and laboratory work.

Referral to the March of Dimes Arthritis and Birth Defects Centers may be accomplished through the family doctor. Further information may be obtained at your local chapter of The National Foundation—March of Dimes.

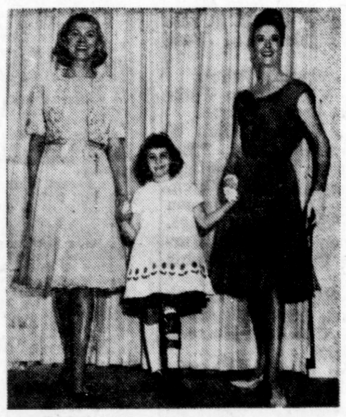

BIRTH DEFECTS

The MARCH OF DIMES Birth Defects Center at the BOSTON CITY HOSPITAL emphasizes the total care of the infant with the defect and the impact on the child and its family.

Doctors, medical students and nurses are being trained in the early detection of birth defects. This information is also being communicated to local physicians.

POLIO

Hundreds of polio patients still need aid. They were stricken before the SALK and SABIN vaccines were developed with MARCH OF DIMES contributions.

These patients annually require corrective surgery, physical therapy, special shoes, braces or clinical treatment.

Research by the same health agency that was responsible for a reduction of 98% in the incidence of POLIO can, with your help, make breakthroughs in other crippling diseases.

Today's Agric-Fact: Lou Webster of the Dept. of Ariculture reports that the cold Autumn of 1964 was just the culmination of a cycle of dry weather. Dry weather is great for fairs and for fixing roofs and for many of the activities of people everywhere, but when it is so dry that artesian wells cease to function and people have to carry water for months on end it hurts. Did you know that a good sized cow thinks nothing of drinking 25 to 30 gallons of water a day So the load of water for a big herd is huge.

Save Now On Projects To Remodel Home

Now is the time for homeowners to cut the cost of remodeling or adding to their home at the January Clearance Sales of the Plywood Center in Dedham. Raymond Marchi and Joseph Morgan, owners and managers, are eager to point out the benefits homeowners can obtain by selecting numerous items from their end of the year inventory sale. Items that have been around throughout the year must be sold to make room for new spring merchandise already starting to arrive. So whether the project is to create a basement playroom; to modernize a kitchen; or to improve some storage space, now is the time to start and save, advise Mr. Marchi and Mr. Morgan.

The Plywood Center of Dedham this spring enters its eleventh year of specializing in home remodeling by offering to the homeowners of the greater Norwood area the lowest prices for the best quality in building materials. Instructions on how to organize and carry out a project are willingly given to all customers by the salesmen at the Plywood Center. Mr. Morgan invites everyone to visit the Plywood center display rooms and see how inexpensive a new project around the house could be with materials chosen from their sale priced items.

Principals Of 2 High Schools To Be Speakers

On January 26th, at 8:00, the PTA of Spaulding School will open the New Year with an exciting and provocative meeting, which should be of interest to all elementary school parents.

The highlight of the evening will be discussions by Dr. Donald Davidson, principal of Newton South High School, and Richard Mechem, principal of Newton North High School.

After some opening remarks by David Yarosh, president of the PTA, Helen Punch, Spaulding's principal, will say a few words to the audience.

Then the guest speakers will take the rostrum. First Dr. Davidson and then Mr. Mechem will discuss children and their relationships to school, family and community. Because of their extensive experience with children at all levels, the discussions should prove to be very informative.

Their aim will not be to degrade children or to point out their faults or those of the parents but rather to emphasize their potential and to tell parents and educators what can be done to make the most of it.

The meeting will be followed by an informal gathering in the gymnasium for coffee and cake.

Gymnast Star Of Olympics Here Saturday

Newton South High School is privileged to have former Olympic gymnast Muriel Davis Grossfeld give a demonstration Saturday, January 16, and conduct an all-day clinic in their gym from 9 a.m. to 4 p.m. Everyone is invited to attend and it is free of charge. Registration is at 9 a.m., the program starts at 9:30 a. m.

Muriel Davis Grossfeld at 16 was on the U. S. Olympic gymnast team where she excelled in floor exercises. She has been national AAU floor champion for eight of the last nine years, and has won many other honors.

Muriel has coached several teenage gymnasts who have made the Olympics teams. She is a member of the Clinic staff of the President's Council on Physical Fitness, and has gone around the world giving exhibitions.

Muriel feels that gymnastics is the best way for an individual to bring herself to top form as it exercises the whole body. Mrs. Grossfeld herself provides a good example why teenage girls can and should shape up—she is lovely and slender, 5'4", 110 lbs., wears a size 7 dress.

Mrs. Mark Kissil is chairman of this event sponsored by the Newton South High School phys. ed. dept. and invites all to attend free.

Meets Seniors In Schools Here

Thomas E. Dunn, assistant in admissions at St. Michael's College, Winooski Park, Vt., visited schools in this area recently to confer with guidance officials and with seniors interested in attending the liberal arts college.

Schools on his itinerary were Newton High, Our Lady of Christians High and St. Sebastian's Country Day School.

He will be picked from among these three finalists, Rep. Joseph G. Bradley, Oscar Wasserman and Peter Cobb, at the annual banquet to be held this Saturday night, January 23, at Valle's Steak House at 7 o'clock.

State Senator Francis X. McCann, of Cambridge, will be the guest speaker at the 11th Annual Distinguished Service award banquet and dance. James Vaccaro is chairman of the event. Reservations may be made by calling BI 4-2780 or DE 2-3339.

Dog Control Law Blocked By Alderman

Any action Monday night by the Board of Aldermen on Mayor Donald L. Gibbs' recommendations to put into effect the city's new animal control ordinances was held up by a charter objection.

The mayor had recommended that $6120 be appropriated for salaries and special equipment for a dog officer. The latter would be a patrolman giving full time to the new duties on a 24-hour, seven-day a week basis. He would get $1040 in addition to his salary as a patrolman, which is now $6015.

Alderman David W. Jackson imposed the charter objection, which halted further debate until the next meeting.

Finance Chairman John P. Nixon had reported that his

$60,000 Seen As Snow Storm Cost

The weekend storm, which dropped eight inches of snow on the city, ran up a plowing and sanding bill of $60,000 it was reported by Willard S. Pratt, director of public works.

Street department crews went on duty Friday night at 11 o'clock, and their task was completed by midnight, Sunday.

There were more than 130 vehicles, including some 70 hired trucks, engaged in the operation.

Early Start Seen For City's Swimming Pool

Work will be started as speedily as possible on the construction of a $330,000 municipal swimming pool at the Albermarle Playground in Newtonville, Mayor Donald L. Gibbs declared last night after the Board of Aldermen by a 19-2 vote had authorized the floating of a bond issue to finance the erection of the facility.

The Mayor said he will advertise for bids for building the three-section outdoor swimming pool just as soon as the State Emergency Finance Board gives its okay to the bond issue.

He expressed the hope that the swimming pool will be completed next August so that it can be in use part of the summer.

Mayor Gibbs expressed gratification at the action of the Aldermanic Board in approving his swimming pool measure on Monday night.

He said the construction of the swimming pool will mark a new era in recreation for Newton.

The two votes against the swimming pool bond issue were cast by Aldermen Harry H. Ham, Jr., and William W. Glovsky.

Recorded in favor of the bond issue were President Wendell R. Bauckman and Aldermen Winslow C. Auryansen, Adelaide B. Ball, William L. Bruce, Paul J. Burke, William Carmen, Melvin J. Dangel, Ernest F. Dietz, Franklin N. Flaschner, George L. Hicks, John F. Holden, William E. Hopkins, Charles F. Hovey, David W. Jackson, Andrew J. Magni, John P. McCarthy, John P. Nixon, Warren A. Sutherland and Edward C. Uehlein.

Alderman Carmen, in commenting on his vote for the bond issue, emphasized that as far as he was concerned it was not a matter of choosing between the swimming pool and any school building project.

"Construction of this swimming pool should not delay any school project," asserted Carmen.

"Newton can and should provide swimming pools for the youth of our city and at the same time erect the school buildings needed to house our children," he asserted.

The swimming pool at Albemarle Playground will be comprised of three sections, one a swimming area, one a diving area and the third a wading pool for small children.

An advisory committee appointed by Mayor Gibbs recommended the construction of a total of eight swimming pools in Newton along with improvements to Crystal Lake. The entire program would cost an estimated $1.3 million.

In addition to the pool at Albemarle Playground, the committee proposed that indoor-outdoor pools be erected at the two high schools and that five smaller neighborhood pools be built. The latter would be located at the Burr and Auburndale playgrounds, the playgrounds in Newton Lower and Upper Falls and at the Memorial School.

Carmen Favors Report Airing Problems Here

Alderman William Carmen this week officially endorsed the report of the Community Relations Committee of the Newton Community Council.

At the same time Carmen called on Mayor Donald L. Gibbs to implement the committee's report by establishing a nine-member Community Relations Committee with a professional director and an annual budget of $15,000.

Carmen expressed the conviction that the city's human relations problems "have been too long disregarded. They exist," he asserted. "They won't go away by themselves."

He voiced the opinion that the best way to begin to solve the problems "is for the Mayor to immediately implement the Community Relations Committee report and for those both in and out of government, interested in human problems, to strongly support the committee's recommendations.

$998,734 Contract Given For Third Elderly Housing

Award of a $998,734 contract to a Newton firm for the construction of a 72-unit development of housing for the elderly on Watertown street, Newtonville, was announced this week by Authority Chairman William Carmen.

The development will be located on the site of the old Horace Mann School, which was purchased from the city for $120,000, and will be known as the Horace Mann Apartments.

Included in the development will be a community building containing a meeting hall large enough to accommodate 200 persons. The hall will be the scene of events attended by residents in all the elderly housing projects in Newton.

The contract will be formally executed as soon as it is approved by the Public Housing Administration in New York to which it has been forwarded for review. A representative of the PHA attended the bid openings last Friday.

The job went to the Franchi Construction Co., Inc., of 429 Watertown street, Newton, which submitted the lowest bid.

Second lowest bidder was the Vitti Construction Co. of 132 Adams street, Newton.

They were the only two Newton firms to seek the job. Chairman Carmen commented on the fact that first and second lowest bids came from Newton companies. Eight bids in all were submitted.

Carmen declared that the development will be completed in about a year. He said the apartments are urgently needed since the Housing Authority has more than 200 applications on file from eligible Newton families.

The development will contain two-story garden-type apartments in eight separate buildings. They will all be one-bedroom apartments.

This is Newton's third housing project for the elderly. The others already in existence are the 33-unit Parker

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Hike In State Income Taxes Is Now Regarded As Certain

An increase in State income taxes appears sure to be voted by the State Legislature during its present session.

But the ultimate fate of Governor Volpe's sales tax proposal, which will carry an education label, is highly uncertain.

The rise in income taxes will be intended to provide the money the State needs to balance its own budget.

There really is no way the Legislature can avoid raising the money needed to cover the cost of operating the State government. So a jump in the income tax levy is inevitable.

Whether the income tax bill will be adopted in precisely the form submitted by Volpe or will have revisions made in it by the Legislature remains to be determined.

Clergy, Local Leaders, In Support Of Human Relat'ns

Importance of Monday's (January 25) meeting on human relations in the Garden City was emphasized today by the heads of two civic organizations.

Both Mrs. Proctor W. Houghton, president of the Newton League of Women Voters, and Edward L. Richmond, chairman of the Newton Committee for Fair Housing and Equal Rights, urged Newton residents to attend the 8 p.m. panel discussion at the Peirce School, 175 Temple street, West Newton.

The meeting, based on the Human Relations Study recommendations of the Newton Community Council, will take the form of a panel discussion by three local clergymen.

They are Rabbi Murray I. Rothman of Temple Shalom, Rev. Harold Frey Jr. of Eliot Church, and Rev. John J. Griffin of St. Bernard's Church. Moderator for the discussion will be Bradbury Seasholes of Newton Centre, Director of Political Studies at the Lincoln Filene Center for Citizenship and Public Affairs at Tufts University.

The study by the Community Council considered social problems arising out of Newton's growth over the past decade, and recommended establishment of a nine-member volunteer Commission on Human Relations with a $15,000 budget.

Mrs. Houghton, LWV president, declared, "No community is an island unto itself. The concerns of our nation for re-interpretation and new applications of our democratic belief in equal opportunities for all are also Newton's own concerns.

"Let us unite in our mutual endeavors and convictions," Mrs. Houghton continued, "and as Newton citizens together explore ways for continuing their orderly growth toward equal opportunities for each and every Newton resident."

In his statement, Mr. Richmond termed the Human Relations Study "a significant step forward in recognizing potential difficulties in Newton's shifting population."

The chairman of the Newton Committee for Fair Housing and Equal Rights stated "For a city of its size, Newton has been reasonably free of disturbing incidents, but there is no guarantee that this state of affairs will continue without positive action by the city government and its citizens.

"I hope that every Newton resident with a sincere interest in the future of his community will join us for this significant discussion Monday night."

The Human Relations Report was a 21-month study made at the request of the Mayor by the Newton Community Council for two purposes: to evaluate the need for activity in the human relations field in the city, and to make any appropriate recommendatons.

Newton, the Report said, "has markedly changed over mation of the city's Human Relations Committee in 1953, population changes and growth have complicated the city's social structure.

As a result of this grwth, the Report stated, Newton "finds itself at new crossroads." The Report declared, "An awakened social conscience among all peoples and the urgency of the times, demands new perspectives, reexamination in the light of new perspectives, and a fresh and vigorous approach toward the more complete realization of the American ideals of humanity, justice and democracy."

The Report noted that "although an encouraging degree of progress in the field of human relations has been made in this city during the past decade," there is need for "a change in emphasis and urgency."

The remaining 1700 students will form an experimental group. They will receive instruction through regular channels and from additional teaching materials supplied by the American Cancer Society.

All pupils from grades five through nine will be asked annually to complete confidential questionnaires. The American Cancer Society, by analyzing the responses, will then have comparative data about the smoking habits at different age-grade levels.

At the completion of the project in 1969, the Cancer Society hopes to have evidence as to the effectiveness of instruction and specific lessons in keeping children from beginning to smoke.

Lee Loumos Says:

Over the years, there has been a lot of joking about the lonely "golf-widows," but I think that finally golf and matrimonial bliss have been reconciled, at least on Television.

The new series of Sunday afternoon golf specials, with Gene Sarazen as host-narrator, will satisfy the most dedicated golfing enthusiast with its fine play and excellent "inside-golf" comments of old pro Gene and should delight his non-golfing spouse with the beautiful color scenery of the various European courses.

Next Sunday's program will be from the Monte Carlo course on the French Riviera and, in color, it should be an eye-catching treat for all members of the family. Who said that Television cannot bring the family together in happy harmony?

If you do not yet have a color Television receiver in your home, there is still time to get one for this week-end's show, and you will be amazed at the low prices you will find among our Mid-Winter Specials on Magnavox Advanced Color TV.

Protestant Churches Will Hold Youth Group Program

Four Protestant Churches of Newton; the Central Congregational, St. John's Episcopal Church and the Methodist, all of Newtonville, anl the First Unitarian Church in West Newton, will co-operate in a program for their High School Youth Groups on four Sundays, beginning on Sunday, Jan. 24.

The plan has a two-fold purpose, 1—a chance to meet and study together; 2—to offer to these young people an opportunity to learn and discuss the whole topic of sex education and preparation for Christian marriage, a topic of vital concern to the youth of today.

To these ends, a study series of four weeks has been planned, "Fit To Be Tied." The four weeks with carefully planned leadership will include:

(1) Introductory talk and film on "Human Reproduction" at St. John's Episcopal Church with the Rev. John Matthews of the Newtonville Methodist Church as speaker, on Jan. 24; (2) "What Does It Mean to be Popular?" at the First Unitarian Church in West Newton on Jan. 31, with Rev. Manuel Holland of First Parish, Framingham as leader; (3) Group meetings, divided by sex and age, conducted by several Doctors of Medicine at Central Congregational Church in Newtonville, Feb. 7; and (4) "Tying the Knot", group discussion led by the clergy of the four churches at the Newtonville Methodist, Feb. 14.

Preceding the series there will be a meeting for the parents of all the High School Group members on Friday, Jan. 22, at 8:00 p.m. in the Parish Hall of St. John's Episcopal Church. This will give the parents an opportunity to see the film and to know exactly what is planned and who the leaders are.

Each student must have a permission slip, signed by his parents to be admitted to the series. Each young person is urged to attend the whole series. Much of the value is lost, otherwise.

What Is Truth? To Be Explored By Scientists

The age-old question of "What is truth?" is given a fresh exploration in Christian Science churches this Sunday. The Bible Lesson is on "Truth," and the Golden Text is from Psalms (86:11): "Teach me thy way, O Lord; I will walk in thy truth."

One insight into the question is presented in a paragraph from the opening pages of the Christian Science textbook: "The time for thinkers has come. Truth, independent of doctrines and time-honored systems, knocks at the portal of humanity. Contentment with the past and the cold conventionality of materialism are crumbling away. Ignorance of God is no longer the stepping-stone to faith. The only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal" (Science and Health with Key to the Scriptures by Mary Baker Eddy).

Freedom School Children Hear Top Folk Singer

Jackie Washington, well-known Boston Folk singer, entertained 70 youngsters at the third meeting of the Freedom School held at Eliot Church in Newton Corner on Tuesday, Jana. 5.

In addition to singing for the children, Jackie Washington described the role of music in the Negroes' long srtuggle for freedom. During the period of slavery, spirituals often had a double meaning—a song praising the Lord might also describe the landscape of an escape route.

Or runaway slaves could relay messages, disguised in song, to others on the escape route. The present struggle for full civil rights has inspired its own songs.

Again, Newton citizens joined in working for the success of the meeting of children from Newton and from Roxbury. They were: Mr. Charles Harper, Co-ordinator; Mrs. Michael Ambrosino, Program; Mrs. Walter Rosenfeld, Food; Miss Judy Kumin, Nursery; Mrs. Justin Williams, Registrar; Mrs. Edmond Berkeley, Treasurer.

The medical staff, along with the board of trustees and hospital employees, comprise the hospital "family," and solicitation of these groups will be completed in advance of the public canvass.

The expansion program of Newton - Wellesley Hospital will provide two major new additions together with extensive renovation and relocation of existing facilities. When completed, the hospital will be among the most modern community hospitals in the country. The program is an outgrowth of a master plan first published in 1956 and periodically updated since then.

The plan summarizes recommendations of the medical staff and department heads and relates them to such factors as population growth, health resources in the Greater Boston area and service demands anticipated during the next 10 years.

It is the first major expansion of Newton-Wellesley Hospital in 18 years, and among many other improvements provides for a new surgical department, a new X-ray department, new laboratories, a new out-patient department and a section for in-hospital teratment of psychiatric patients. An increase of 75 patient beds will bring the capacity of the hospital to 335 beds.

Connolly Gives Volpe His Reason For Resignation

Herbert L. Connolly, 80 Claremont St., Newton, Boston automobile dealer, who was appointed as international representative of the State Department of Commerce on the final day of Governor Endicott Peabody's administration, has tendered his resignation to Governor John A. Volpe.

Connolly's letter of resignation gave the following reason for his action:

"While I am deeply appreciative of former Governor Peabody's trust in me, I did not agree to accept this appointment and actually had no knowledge of it until the last day of the previous administration.

"During the discussion over my possible appointment as Registrar of Motor Vehicles, I assured Governor Peabody that I would forego participation in politics, including a possible mayoral candidacy in Newton.

"I do not feel that I can make any such committment in connection with the Commerce Department post.

Thanks Graphic For Veterans' Publicity

Editor of The Graphic:

Again, it is with a deep sense of gratitude that I express my thanks to you for the consideration which was extended through the medium of your newspaper, to the many, many thousands of veterans and their dependents of Massachusetts during the past year.

In these trying days, many people forget the great and untold sacrifices made by the veterans of our country, and it is because of the publicity focused on them through friendly newspapers, such as yours, that we are being kept aware of their great sacrifices. Your efforts in the cause of the veteran are immeasurable.

One can point with justifiable pride to the intelligent and patriotic coverage of veterans' activities and problems by the newspapers of our great Commonwealth, and your contribution in this respect has not passed unnoticed. Your efforts are an expression of community interest and a service which is gratefully appreciated by the many thousands of veterans and their dependents.

With the sincere hope that the New Year will be a rewarding one for you and your staff, I am.

Gratefully yours,
CHARLES N. COLLATOS

Political Highlights

(Continued from Page 1)

A hot dispute probably will erupt over the recommendation that the deduction for federal income taxes be eliminated from the State return. The argument against that change is that people will be paying taxes on taxes.

Whatever bill is finally enacted, whether it be Volpe's or a modified version of it, practically everyone who now pays a State income tax bill will be required to pay a higher one.

If Volpe's plan is adopted, some people in the low-income brackets, who have not been obliged to pay any State income taxes in the past, will be tapped for small amounts. That is in line with Volpe's theory of getting more taxes from more people.

While the additional income taxes will be used to pay the State's bills, the sales tax will be designed to provide about $150 million for the cities and towns.

The crucial battle on the sales tax issue will be waged in the House of Representatives.

If the measure is passed by the House, it probably will have picked up enough support and momentum to assure it a safe trip through the Senate.

If it is killed by the House, it will not even reach the Senate for consideration.

Right now the odds are against the passage of a sales tax bill in any form by the House this year. But, of course, the fight hasn't really started.

Sharp differences of opinion as to how the proceeds from a sales tax should be earmarked and used are certain to create complications and to cause behind-the-scenes pulling and hauling on the proposition.

One group of legislators believe the money raised by a sales tax should be used to lift standards in the public schools throughout the Commonwealth and to provide the so-called quality education called for by the Harrington Commission.

Many city and town officials are lukewarm or even cool to such a proposal.

They don't come right out and say they are against it. But they make it plain that they're primarily looking for money from the State to lower their real estate tax rates.

Their financial problems would not be eased, they point out privately, if virtually all the revenue they received from a sales tax had to be spent to provide better education.

Still other opposition has been quietly developing to the idea of enacting a sales tax so that a much greater amount of money can be spent on the operation of public schools across the Commonwealth.

A number of legislators report that parents of children attending parochial and private schools are unenthusiastic over the prospect of paying an educational tax.

This poses a delicate problem for many law-makers. They can't afford to be against quality education or to be labelled anti-education. At the same time they want to avoid antagonizing constituents who have no desire whatever to pay more taxes to raise the standards in schools their children don't attend.

The obvious answer is that quality education should be provided in all schools, public and parochial.

What will eventually happen on the sales tax or education tax issue will provide the biggest story of the year on Beacon Hill.

Could Ted and Bobby Run on Same Ticket?

An intriguing question posed by a reader is whether Senator Edward M. Kennedy and Senator Robert F. Kennedy could run together on the same national ticket, one as the nominee for President, the other as the candidate for Vice President.

As far as this writer can ascertain, there is no legal or constitutional provision which prohibits two brothers from running together on the same ticket as candidates for President and Vice President.

It isn't likely that it will ever happen, but it is possible.

The U. S. Constitution specifies that the President and Vice President cannot both be from the same state.

That is no problem. Ted Kennedy is a resident of Massachusetts, and Bobby Kennedy now lives in New York. So they would meet the requirement of coming from different States even if they do come from the same family.

When a candidate wins the Presidential nomination, he invariably hand-picks his Vice Presidential running mate. Usually he selects the ticket companion who will most strengthen his own election prospects.

Only twice in modern political history have there been floor fights for second place on a national ticket.

Estes Kefauver nosed out John F. Kennedy after a hectic battle at the 1956 Democratic national convention. Harry Truman defeated Henry Wallace at the 1944 Democratic conclave.

But those were exceptions which prove the rule. Both battles occurred under unusual circumstances. Adlai Stevenson didn't want to choose between John F. Kennedy and Estes Keleaders knowing Franking D. Roosevelt was in poor health, insisted Wallace not be renominated for the Vice Presidency. Wallace wouldn't step aside, and the fight developed.

Most Presidential standard-bearers want to pick their own ticket mates and not leave the choice to the convention delegates.

Lyndon Johnson even flew to Atlantic City last summer to tell the Democratic convention his choice was Hubert Humphrey.

If Ted Kennedy or Robert Kennedy won the Presidential nomination — a not unlikely development — would he then choose the other as the Vice Presidential nominee?

That's a question history still to be made will answer.

Political observers like to speculate on whether Ted Kennedy or Robert Kennedy will be a candidate for President in 1968 or 1972 — depending on how long Lyndon Johnson wants to stay in the White House and on how his health stands up.

Robert Kennedy now represents a State which has a far bigger bloc of votes at a national convention than does Massachusetts.

But Ted Kennedy at the present time is more popular with the Democratic leaders who control their own State delegations than is Robert.

That, of course, may change. Ted is starting his third year in the U. S. Senate, Bobby his first.

During his freshman term Ted Kennedy conducted himself in such a way as to win the respect, esteem and affection of his older colleagues.

Robert may well do the same thing. He has a somewhat different personality and manner than Ted. But there have been definite indications that he is adjusting himself to his new role of politician in his own right.

A safe prediction is that there will not be a contest between Ted and Robert Kennedy for the Presidential nomination in 1968, 1972 or any other year. The bonds between the two brothers are extremely strong and close.

One of the two will run for the Presidency. The other will support his brother. Our long distance guess is that the one who stands aside will remain in the U. S. Senate and that the two will not wind up as running mates on the same ticket.

Cong. Martin Endorses Fast Train Service

Fast train service between Boston and Washington was endorsed today by Congressman Joseph W. Martin, Jr., who urged the Federal Government to assume major responsibility for solution of the mass transportation problem along the Atlantic seaboard.

"Two-hour service between Boston and New York, and four-hour service between Boston and Washington is a possibility that has been long delayed," Congressman Martin said.

"While we have been occupied in the race through space, we have too long neglected surafce transportation between our major cities. Many countries of the world are now far ahead of us in moving large numbers of people between major cities, safely and economically."

Modern mass transportation is essential to the vitality of our cities, Congressman Martin declared, and only trains are able to move large numbers of people great distances speedily and safely in all kinds of weather.

"This is a project too vast, too expensive and too important to be left to the states alone," Congressman Martin declared. "The Federal Government has a major responsibility to lead the way."

First Aid Is Lecture Theme In Series Here

The Newton Health Department in cooperation with the Newton School Department is presenting a series of seven lectures which have been designed to cover serious first aid emergencies that may arise in the public and parochial schools or the city departments.

About 100 individuals have been designated to assume the responsibility for this care, and after completion of the instruction will be able to render emergency care in any serious emergency or illness until competent medical or police aid arrives.

A new and revised manual has been drawn up to act as a guide for handling first aid emergencies, and a copy of this is available in each school and city department. It is hoped to continue this course by giving refresher courses at intervals, so that the personnel are able to utilize the most efficient and latest techniques.

The course has been given by a group of Newton doctors who are specialists in each area, and the Newton Police Department has cooperated in areas of transportation demonstration and resuscitation technique.

Aid To Art Appreciation

Sylvia Feinson and Marion Kofman, left to right, discuss paintings as prelude to opening here in spring of unique art appreciation venture.

Art Revival Is Due Here

The expanding national interest in the finer arts, particularly painting, will soon find expression in Newton through the efforts of a unique new venture, Art Unlimited.

Two local women, Sylvia Feinson of Chestnut Hill, and Marion Kofman, are the key figures behind the venture in this city.

Art Unlimited comprises travelling art exhibits. Organizations dedicated to beneficial causes will benefit from the proceeds of the exhibits, the first one to be seen here in the early spring.

A dual purpose prompts the inauguration of the idea, to raise money for worthy causes and to help educate the general public in the field of art, including oil and water color painting, graphics and sculpture.

The first Newton spring exhibit will be held at Temple Beth Avodah to be followed by similar displays at the new Prudential Center in Boston in May.

The John F. Kennedy Memorial Library and the Women's American ORT Honor Roll Tribute Luncheon will benefit from the first exhibitions.

Mrs. Feinson, active in Women's American ORT and Mrs. Kofman, an accomplished artist and teacher have contacted local galleries, unaffiliated artists and local art associations who will compile exhibits representing all art media.

These exhibits will display paintings which will appeal to all, and will feature original works ranging in cost from hundreds of dollars down to those of lesser value.

A feature of the exhibits will be the oportunity given the public to learn the background of the paintings and methods of technique and to purchase one or more if they so desire.

Retired Men's Club Holds 5th Anniversary Meeting

The recent meeting of the Retired Men's Club of Newton represented the fifth anniversary of the founding of the club.

On January 14th, 1960, the decision to form such a club was made by the founders, who were George A. Morley, William S. Knickerbocker, Herman J. Wells, Walter J. Helm, J. Ralph Stout and John J. Learmonth.

From the six enthusiasts who met on January 14th to plan the venture and the thirteen at the first public meeting on January 28, 1960, membership increased steadily, and by the end of 1960 the enrollment had reached 69.

It was not long before the meeting quarters at St. Paul's Episcopal Church in Newton Highlands was outgrown. On April 14, 1960, the Newton Highlands Congregational Church offered its facilities, and meetings have been held there ever since. At the recent meeting it was reported that the enrollment in the club had mounted to 421 with an average attendance of 175 at the regular meetings.

At the anniversary meeting George A. Morley instructed the newly elected officers as to their duties and obligations and inducted them into their respective offices. The officers for 1965 are: Allston T. Budgell, president; Edward T. Jones, vice-president; Carl C. Perry, secretary; Richard M. Hill, assistant secretary; Carl S. Cooper, treasurer; Henry D. Stone, assistant treasurer.

The chairmen of the various committees are: John G. Learmonth, executive; Frank H. Wrigley, sick and visiting; Edward T. Jones, program; Edward Humphrey, hospitality; Donald C. Root, activities.

Following the regular business session at the last meeting, the club members were privileged to hear Dr. C. Stark Draper of M.I.T. speak on the subject: "Our Country and the Moon."

The next meeting of the Retired Men's Club of Newton will be held on January 28th at 9:30 a.m. at the Newton Highlands Congregational Church.

Postmaster In Call For Care Of Icy Stairs

Postmaster Ephraim Martin has asked the public to help prevent accidents to letter carriers by clearing and sanding their walks and stairs leading to their homes or places of business.

The Postmaster stated that in 1964, 119 carriers in the Boston Postal District were injured by falls, mostly during the winter months.

"While the carriers can withhold delivery of mail where the icy conditions on private properties would cause serious injury, letter carriers in many instances climb slippery stairs with resulting falls. Aside from the suffering these accidents cause to the carriers and the problems which come to their families, the patrons on their route lose the services of an experienced mailman who knows the territory and the families he serves," said the Postmaster.

Children of the Hills and Falls Community Nursery School were taken on a field trip to the M.D.C. Trailside Museum at Blue Hills Reservation, which features animal and plant life of Massachusetts.

Of special interest were the live snakes, otters, red fox, weasel and turtles, but the biggest hit of all was Rascal, the racoon, which was taken out of its cage and patted by the children.

Registration for the Hills and Falls Cooperative nursery school for the 1965-66 season is now open until April, and inquiries may be made of Mrs. Shelley Herson at DE 2-3186.

Annual Valentine Ball Set For February 12th

Attractive pink and red invitations to the Valentine Ball, sponsored by the Newton-Wellesley Hospital Junior Aid Association, were mailed recently announcing that the Ball will be held at the Newton Armory on the night of February 12.

This mid-winter dance is eagerly anticipated each year by residents of the western suburbs. This year there is an added fillip to dancers because the Glen Miller band, under the direction of Ray McKinley, will provide the music.

Many Newton women have been working for several months planning the evening. Mrs. Reinhold Carlson is working as the chairman of the Donations Committee; Mrs. Robert T. Steinsieck is in charge of the Decorations Committee; Mrs. Richard C. Schofield is organizing the Check Room facilities. Mrs. Norman E. MacNeil is busy in an over-all capacity helping with details at the Newton Armory. Mrs. Robert M. Mustard of Wellesley is the General Chairman of the Ball.

Many parties before the Ball have been planned in Newton and in Wellesley; many dinners were planned before the invitations had been mailed. Among the Newton hosts and hostesses are Mr. and Mrs. Reinhold Carlson and Mr. and Mrs. Norman MacNeil.

Reservations will be available until the date of February 1, and a telephone call to Mrs. Thomas E. Franks, CE 5-5029, will insure you of a table. Many residents support the hospital by buying sponsors tickets.

In past years the profits from the Valentine Ball have been used for specific equipment needed at Newton-Wellesley Hospital. This year, the proceeds are to be used as an initial gift to the major building program of Newton-Wellesley Hospital.

Miss Helen Fogg Speaks At Local Church Sunday

Miss Helen Fogg, director of Social Work Overseas for the Unitarian Universalist Service Committee, will speak on Sunday, January 24, at the morning service of the First Unitarian Church in West Newton. Her topic will be "Changing Patterns of Service."

The Unitarian Universalist Service Committee is an International, non-denominational service agency conducting projects in the fields of medicine, social work, education, community development and leadership training.

Under contract to the United States Agency for International Development, the UUSC helped to establish the first Teacher Training Center in Cambodia. Miss Fogg had charge of this project from 1955 to 1962. She is also responsible for the Spanish Refugee Center in Toulouse, France.

In this country, UUSC is working in the field of race relations, sponsoring over 50 African students and assisting unsponsored students. It also served as the operating agency of the Gallup Indian Center in New Mexico from 1953 to 1962.

In carrying out UUSC's basic tenet of "helping people help themselves," Miss Fogg states, "Whether they live in a crowded city or in a steaming jungle village, no matter what their education, their culture, or their color, people the world over, would rather stand on their own feet than accept a hand-out."

Before joining the Unitarian Universalist Service Committee in 1946, Miss Fogg headed a Red Cross Hospital Unit in the South Pacific in World War II. She was a teacher at Shady Hill School in Cambridge from 1928 to 1942.

Miss Fogg began her career as a volunteer teacher and welfare worker with the International Grenfell Association in Labrador. She is a graduate of Smith College and received her Master's degree at Radcliffe.

Miss Fogg is the recipient of the following awards: The King's Medal in the Cause of Freedom for work with British War Relief, the U.S. Army Medal for teaching at the University of the South Pacific on the Island of New Caledonia, the Gold Medal of Recognition from the Government of Cambodia for "signal services to Cambodia, the Gold Cross of the Order of Benevolence, bestowed by King Paul of Greece, the Smith Medal, awarded by Smith to those who "exemplify in their lives and service to their community and to the college, the true purpose of Liberal Arts Education for Women. Miss Fogg is a resident of Norwell.

About $90 billion in motor fuel taxes have been paid by motorists in the U. S. since 1919 when the first gasoline tax was imposed in Oregon, according to the Automobile Legal Association.

Author-Teacher To Address Day Jr. High PTA

Thayer S. Warshaw, author of "Studying the Bible in Public School," will be the main speaker at the winter meeting of the Day Junior High PTA to be held at 8 p.m. next Tuesday, Jan. 26.

Professor Paul Siskins, program chairman, has issued special invitations to the eight elementary schools which feed into Day Junior High to share in what promises to be a most interesting evening.

Mr. Warshaw has received widespread attention and praise for his work at Newton High School where he teaches English.

He will speak on what it means to study the Bible "not as a religious book — but as a source book for the humanities." Should a child study Shakespeare and Mythology and not the Bible? The public is invited to hear the answers to these questions as Mr. Warshaw describes his English course at New High.

Mr. Warshaw is a graduate of Phillips Academy and Harvard College. He is married, the father of three girls. He has been teaching at Newton High since 1960 during which time he has been a Master Teacher in the Harvard-Newton Summer Program and a supervisor of student teachers in the winter program.

Last February his article on "Studying the Bible in Public School" appeared in "The English Journal." As a result of the hundreds of responses to this article, Mr. Warshaw has just completed a book which he hopes will be of help to those who want to objectively introduce the Bible into the curriculum. On Tuesday evening we will hear more about this book, which is now in publication.

Other Day PTA officers are: president, Dr. and Mrs. Thomas Morris; executive secretary, Mrs. John Evans; publicity, Mrs. Alton Sockol; hospitality, Mrs. Leon Elitov and Mrs. Harry Rosenthal.

Walpole Prison Head Guest Of Newton Legion

Newton veterans and other citizens will have an opportunity to hear John A. Gavin, Walpole State Prison superintendent, at an open meeting announced by James A. Walker, commander of Newton Post 48, American Legion, in the City Hall cafeteria on Thursday evening, Jan. 21, at 8 o'clock.

Supt. Gavin will describe Walpole's correctional and rehabilitation programs, and show slides depicting the life of an inmate from the time he arrives until the day he is released.

In making the announcement, Commander Walker stated, "many citizens have very little knowledge of the work being done within the correctional institutions within Massachusetts and the modern-day attempts to run a correctional as well as a rehabilitation program which will return the inmates to a place in society. As a public service to the citizens of Newton, Post 48 has arranged this meeting with the hope that all interested persons will become better acquainted with the work that is being done within the correctional program of the Commonwealth."

The meeting is open to the public, and following the talk and showing of slides by Supt. Gavin, refreshments will be served.

Assisting Commander Walker with arrangements are Vice Commanders Joseph T. Fitzsimmons and Carleton P. Merrill.

Active Roles For Localites At Hub Event

Several women from this area will play important roles when the Massachusetts Society for the University Education of Women holds its 88th annual meeting in the George Sherman Union, Boston University, starting at 1:30 p.m. Saturday, January 23rd.

On the committee planning a reception to new members are, Mrs. Gordon Joslin, West Newton; Mrs. Raymon W. Eldridge, Newton Highlands, Mrs. William M. Powers, Needham, and Mrs. Paul W. Mather, Wellesley.

Mrs. Louis F. Baker, Wellesley, director and chairman of public meetings, will present two representatives of the American Field Service as speakers, Miss Andrea Bartocci, a freshman at Radcliffe who spent her senior year in high school in Germany; and Mr. Dingar Devitre of Jamshedpur, India, who presently is residing in Wellesley as a member of the family of Henry Kriebels.

Among those who will serve as hostesses will be Mrs. H. Starr Ballou of Wellesley.

Under Massachusetts' Motor Vehicle Speed Law, reminds the Automobile Legal Association, "every person operating a motor vehicle shall decrease the speed of the same when a special hazard exists with respect to pedestrians or other traffic, or by reason of weather or highway conditions . . ."

Dr. Ross Cannon Backs Simplified Marriage Bill

Dr. Ross Cameron, minister of the Second Church of Newton and member of the board of trustees of the Massachusetts Council of Churches, appeared this week before the committee on Legal Affairs at the State House in support of a proposed bill for a simplification of procedure of the solemnization of marriage by non-resident clergymen.

Dr. Cannon said the present law requires non-resident clergymen and others authorized to perform marriage to file an application with the Secretary of State for a license to perform a particular marriage in a specified town on a specified date. The clergyman must also appear in person at the Governor's office to obtain the license prior to performing the ceremony.

"That this is an arduous requirement demanding much time and energy has been stated by many clergy often coming great distances to perform the marriage of those who have requested them to officiate," he said.

Whereas Massachusetts now requires action by both the Secretary of State and Governor, the bill, filed by Rep. Mary B. Newman of Cambridge, would place authorization for the solemnization of marriage by non-resident clergy solely with the Secretary of State.

A survey of the 50 states, Dr. Cannon said revealed that 25 states require no special licenses for clergy from out of state; 12 states and the city of New York require special permit of license; and five others have varying qualifications, from requiring authorization from the minister whom one replaces (Nevada), to surety in the amount of $500 by some person of good character in the community (Virginia).

MEDICAL PROGRESS IN Massachusetts with the MARCH OF DIMES

ARTHRITIS
BIRTH DEFECTS
POLIO

In MASSACHUSETTS your contributions to the 1965 MARCH OF DIMES will fight crippling diseases on three major fronts:

ARTHRITIS

The MARCH OF DIMES Special Treatment Center for Juvenile Rheumatoid Arthritis at the ROBERT BRECK BRIGHAM HOSPITAL in Boston is supported by all Massachusetts Chapters.

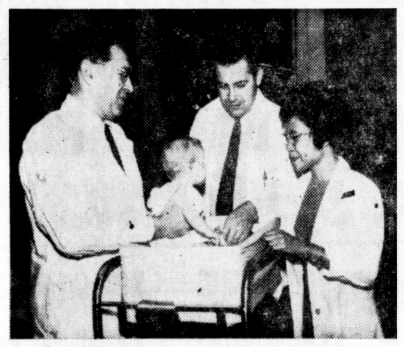

The grant from The National Foundation-March of Dimes makes possible the out-patient treatment of arthritis patients by providing part-time support for the clinic staff in addition to the necessary x-rays and laboratory work.

Referral to the March of Dimes Arthritis and Birth Defects Centers may be accomplished through the family doctor. Further information may be obtained at your local chapter of The National Foundation—March of Dimes.

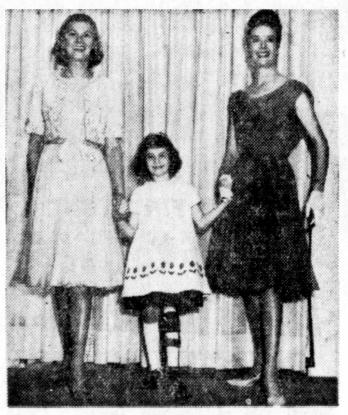

BIRTH DEFECTS

The MARCH OF DIMES Birth Defects Center at the BOSTON CITY HOSPITAL emphasizes the total care of the infant with the defect and the impact on the child and its family.

Doctors, medical students and nurses are being trained in the early detection of birth defects. This information is also being communicated to local physicians.

POLIO

Hundreds of polio patients still need aid. They were stricken before the SALK and SABIN vaccines were developed with MARCH OF DIMES contributions.

These patients annually require corrective surgery, physical therapy, special shoes, braces or clinical treatment.

Research by the same health agency that was responsible for a reduction of 98% in the incidence of POLIO can, with your help, make breakthroughs in other crippling diseases.

Doctors To Aid N-W Hospital Fund Campaign

Appointment of Dr. R. Emerson Sylvester as chairman of the medical staff committee for solicitation of all physicians and surgeons connected with Newton-Wellesley Hospital was announced today by Bernard D. Grossman, general chairman of the hospital's $3.5 million building fund campaign.

Assisting Dr. Sylvester will be Drs. Arthur D. Baldwin, Donald E. Bowen, Joseph D. Ferrone, Richard S. Nugent, Lewis S. Pilcher, Edwin L. Prien, Lawrence I. Stellar and John W. Strieder. The medical staff, along with the Board of Trustees and hospital employees, comprise the hospital "family," and solicitation of these groups will be completed in advance of the public canvass.

The expansion program of Newton - Wellesley Hospital will provide two major new additions together with extensive renovation and relocation of existing facilities. When completed, the hospital will be among the most modern community hospitals in the country. The program is an outgrowth of a master plan first published in 1956 and periodically updated since then.

The plan summarizes recommendations of the medical staff and department heads and relates them to such factors as population growth, health resources in the Greater Boston area and service demands anticipated during the next ten years. It is the first major expansion of Newton-Wellesley Hospital in 18 years, and among many other improvements provides for a new surgical department, a new X-ray department, new laboratories, a new out-patient department and a section for in-hospital treatment of psychiatric patients. An increase of 75 patient beds will bring the capacity of the hospital to 335 beds.

Council Of Churches Here Reports On Year's Action

The annual meeting of the Newton Council of Churches was held Tuesday, Jan. 12, at the Second Church in Newton. The meeting began with dinner served by the ladies of the church. The invocation was given by the Rev. K. C. George, Boy Scout Chaplain for the Council.

Presiding was the Vice-president, Robert M. Vaughan, who announced that he was left with the job, because the former president, Dr. Ross Sanderson finding that "life begins at eighty," had married after many years of widowhood, and moved to Buffalo. Mr. Vaughan then asked for a summary of the work of the Council during the past year.

Christian Education. Dr. Wesner Fallaw of Andover-Newton Theological Seminary stated that the Newton Institute of Religious Studies is offering courses in religion and ethics which are open to high school juniors and seniors. These courses are interdenominational, taught by college or seminary professors, and may be included in the students' official transcripts for college admission.

Hospital Chaplaincy. The Rev. James S. Kirk is employed by the Council to visit Protestant patients in Newton-Wellesley Hospital who are not members of Newton Churches, or who are unchurched. All out-of-town patients, and others wishing calls, may receive them from Mr. Kirk. Since beginning his work in September he has made over seven hundred calls.

United Church Women, a branch of the Council of Churches, has had interdenominational study courses, leadership training courses, has done work for peace and civil rights, collected clothing for overseas relief, worked for better housing, helped support the chaplains, and visited in nursing homes. This report was given by Mrs. Stewart Holmes, president of United Church Women, who also reported on **Nursing Homes.** All the nursing homes in Newton were contacted, and six of them have requested regular visits from persons interested in them. Work is being done to get churches to 'adopt' a home in order to give friendship to lonely persons. The Rev. Charles H. Harper is chairman of this committee.

The Rev. William Clark gave a review of the **John Eliot Counseling Service,** whose office is at the Eliot Church, 474 Centre street. Services offered are: Marital and group counseling, vocational or educational guidance, and individual psychotherapy. The service charges are minimal, and adjusted to meet individual needs. A competent staff of Physicians and ministers supervise the work.

Two reports were given by the **Social Concerns Committee.** Mrs. S. Paul Schilling described the "Seminar on Wheels," a study by two busloads of interested persons on the conditions of the inner-city in Boston, where there is much need for help in guiding children and young people, and caring for spiritual and physical needs of all ages.

Some groups are giving help as a result of this study. She also reported on an Inter-Faith meeting on civil rights held at Temple Emanuel. The Rev. Harold Fray, chairman of the committee, told of work done in racial areas by this committee, a project of visitation in Mississippi by several ministers and laymen, work for world peace, and plans for a co-operative urban ministry. Mr. Fray was highly commended for his able leadership in social concerns.

Mr. Edson Fitch stated that a large amount of clothing, with money to defray the cost of transportation, had been collected for **Church World Service.** The work of the **Boy Scout Chaplain** was outlined by the Rev. K. C. George.

The report of the nominating committee was read by Mrs. John D. Fox, and the following officers were elected:

President, Dr. John H. Scammon; First Vice-president, Mrs. Stewart Holmes; Second Vice-president, Mr. Robert M. Vaughan; Secretary, Mrs. S. Paul Schilling; Treasurer, Mr. Edson L. Fitch.

Thanks were given to Mr. Richard Crosby for his work in steering the appraisal committee, which reviewed the work of the Council, made recommendations for changes, and suggested plans for future work. This committee's report was discussed at length, and adopted with several amendments.

The new Council office will be at the Newtonville Methodist Church, with Mrs. H. Neil Richardson as part-time office secretary.

Thanks were extended to the retiring Executive Secretary, the Rev. Roland W. Junkins. The good wishes and greetings of the group were sent to him during his hospital stay, and prayers were asked for his recovery.

Ninety persons were present, representing 21 churches in Newton, Old South Church in Boston, and Andover-Newton Theological Seminary.

The committee observed that the indoor-outdoor pools at the two high schools would be somewhat more expensive to operate but that they could be used four months longer each year than the outdoor pools.

Plans and specifications for the swimming pool at Albemarle Playground are complete so that bids can be sought as soon as the State Emergency Finance Board gives its assent to the bond issue.

Local Red Cross Gets Report On Disaster Relief

Recently, the Newton Chapter, American Red Cross, received a Disaster Bullentin from American National Red Cross Headquarters in Washington, D.C., that Red Cross has 300 workers giving assistance to the 34,000 victims of the West Coast Storms.

Nearly 500 "Angels of Mercy", ARC nurses, have come from all parts of the flood area and the country to help care for the sick and injured flood victims. These men and women have served around-the-clock traveling by plane, jeep, boat, and even on foot to reach isolated flood areas and help people in distress.

In addition to normal emergency duties, nurses have given such special assistance as obtaining a new pair of eyeglasses for Robert Wilson, a Humboldt county resident who lost his in the rampaging Eel River. Another disaster victim received special attention — medicine was obtained for a marooned epileptic patient.

A tragic note to ARC personnel was the January 1 death of Paul R. Gillis, manager of the Los Angeles Chapter's San Fernando Valley region. Gillis, 40, died instantly when struck by the whirling blades of a helicopter while loading Red Cross supplies at the Siskiyou County town of Happy Camp. His twin brother, Hugh, received the news while coordinating similar Red Cross flights near Eureka.

All Chapters are accepting voluntary contributions of funds for the disaster. No clothing, food or other supplies are needed as facilities in the disaster area are not adeguate for the processing and distribution of additional donated supplies.

Money Allotted For Snow And Ice and Other Projects

An appropriation of $100,000 for the snow and ice account was made by the Board of Aldermen Monday night after John P. Nixon, finance committee chairman, pointed out that the weekend storm had depleted the account by some $60,000. Nixon advised the members that the Old Farmer's Almanac predicted a serious snow problem due prior to February 1.

Improved vacation benefits for city employees, a long-pending matter, became a reality when the Board accepted the recommendations of a special study committee. Ordinance amendments thus adopted will give three weeks vacation after five years of employment, and four weeks after 20 years. At the same time, the Board repealed the ordinance under which three weeks vacation was allowed employees who had accumulated 100 days of unused sick leave, which required at least eight years.

Following are the members of the study committee that was appointed by President Wendell R. Bauckman: Warren A. Sutherland, chairman, Winslow C. Auryansen, David W. Jackson, Andrew J. Magni and Jack M. Roberts. Alderman Paul J. Burke originally presented the new vacation schedule.

Held in committee was the petition of the Parker Convalescent and Nursing Home for permission to construct a $400,000, 85-bed, nursing home to replace the existing 10-patient home at 7 Parker street, Newton Centre.

Addition of two permanent part-time women school traffic control officers, brings the squad to 44 full-time and four part-time officers. The Board appropriated $300 to the Police Department for the two extra officers.

City Solicitor Matt B. Jones was authorized to enter into an agreement with Saverio Nardelli, granting permission to connect five apartment houses in West Roxbury to the Newton sewer system on condition that the builder pay any costs to the city.

An offer for a 10,230 sq. ft. lot adjoining his home by Martin Greenberger of 96 Montvale road, Newton Centre, was approved on condition that it be raised from $600 to $1000.

Among other appropriations voted Monday were the following:

Water Department — $1955 for a new six-inch pipe to replace 200 feet of old 1½-inch pipe in Shirley street, Auburndale.

Street Department — $1500 additional for "Walk." "Don't Walk" traffic lights at Walnut street and Commonwealth avenue, Newton Centre.

Cottage street, Newton Upper Falls — $2800 for a drain and sewer to cover from No. 20 to 22.

Law Department — $3200 to Kathleen Simmons for injuries suffered in a sidewalk fall last March 3, and $500 to Frances DiSilva, also for sidewalk fall injuries.

National Shawmut Forms A New Bank Corporation

Lawrence A. Martin, president of the National Shawmut Bank of Boston and of Shawmut Association, which holds controlling interest in 12 banks, including the Newton National Bank, announced (Wednesday, January 6) that applications have been filed with the State Board of Bank Incorporation and the Federal Reserve Board for approval of action for a proposed plan for reorganization of the bank holding company group comprising the National Shawmut and the Shawmut Association.

Under the proposed plan, Shawmut Association, now a Massachusetts business trust, would be converted into a new corporation, Shawmut Association, Inc., and the National Shawmut Bank of Boston would become a wholly owned subsidiary of that corporation, with stockholders of Shawmut Bank receiving stock of the new corporation in exchange for their shares of stock of the bank. Shareholders of Shawmut Association would receive stock of the new corporation on a share-for-share basis. The ratio for stock of the new corporation to be received by stockholders of Shawmut Bank has not yet been established, but First Boston Corporation has been retained in an advisory capacity to recommend to the trustees of Shawmut Association and the board of directors of Shawmut Bank the exchange ratio that it considers to be fair under all of the circumstances.

Mr. Martin stated that the principal purpose of the plan are to modernize and simplify the organization pattern of this banking group and to provide to shareholders of each of the two present entities a broader based, more diversified investment. He said that no changes are contemplated in present basic autonomous operating relation ships between the holding company, the Shawmut Association banks and Shawmut Bank.

Mr. Martin pointed out that a very close relationship has always existed between Shawmut Association and Shawmut Bank since the Association was formed in 1928. Under its Declaration of Trust, appointments of successor trustees are subject to approval by the Executive Committee of Shawmut Bank and, except in one instance, the Trustees have always been officers or directors of Shawmut Bank. Stockholders of the new holding corporation would have usual full voting rights in the election of directors and other matters.

Proposed action to put the plan into effect will be submitted to special meetings of shareholders of Shawmut Bank and Shawmut Association at an appropriate time in relation to action by regulatory authorities. Prior to such special meetings, full details will be furnished to shareholders.

At the meeting which followed a dinner for her at the Pillar House with some of the board members, the P.T.A. President, Mr. Alfred Thibeaux presented her with two gifts, one personal — the other, the donation of books to the school library in her name.

She then introduced her successor as principal, Mrs. Hope Danielson, who spoke briefly, filling the group in

Alderman Enters Campaign For Top Post

Carmen Stresses Action As Mayoralty Candidate

Alderman William Carmen today officially announced that he will be a candidate for Mayor in next November's municipal election. He is seeking to succeed Mayor Donald L. Gibbs who will retire from office at the end of this year.

Now serving his second term as Alderman from Ward 7, Mr. Carmen has been an unpaid member of the Newton Housing Authority since its inception. For the past five years he has been chairman of the Authority and for one year was its vice chairman.

In presenting his candidacy for Mayor to the people of Newton, Alderman Carmen cited his business background and outlined some of his ideas for giving the city "a dynamic and forward-looking administration" and making it a better community in which to live.

Carmen, in his statement, made it clear that as Mayor he would be "a man of action," declaring that he does not believe in procrastination, in sweeping problems under the rug or in putting off until some future year things which should be done immediately.

He said that as Mayor he would move to give Newton a bigger and better police force, maintaining that the present police protection is inadequate.

Carmen favored an acceleration of the final phases of Newton's school building program.

He urged the expansion of the city's recreational facilities, terming this a "much needed step."

He urged the establishment of a Community Relations Committee "with some authority, a budget so it can operate and a staff," adding that it should be a committee with prestige and stature in the community.

A prominent and successful businessman, Mr. Carmen is a graduate of the Boston University College of Business Administration. He also has studied at Tufts College and the Andover-Newton Theological School, where he was a special student last year.

In business life he is a partner in the Carmen Management Co., which engages in real estate management, is president of the Carmen Management Corp., a real estate development firm, and is president of the Massachusetts Centers, Inc., operators of retail shopping centers.

A resident of Newton for 30 years, Carmen lives at 48 Philmore Rd. He is married and the father of three daughters, two of whom graduated from Newton schools. The third and youngest now attends the John Ward School.

A naval veteran of World War II, Alderman Carmen is

JUSTIN T. HORAN

Justin T. Horan will resign the position of vice president of the Newton - Waltham Bank & Trust Company to become the executive director and executive vice president of the Newton Chamber of Commerce, effective February 1st.

In making the announcement, Howard Whitmore, Jr., president of the Chamber of Commerce, expressed pleasure that the Chamber was able to arrange to have Mr. Horan return and resume his former duties.

President Whitmore highly praised the manner in which Mr. Horan had discharged his former duties as the Chamber's executive officer.

He has spent ten years in the field of Chamber of Commerce management, seven of them spent in Newton.

Mr. Horan is a graduate of the University of New Hampshire, the Institute for Organization Management at Yale University, the Advanced Organization Management Course at Syracuse University and has completed two-thirds of the Academy Program requirements at the University of Michigan.

He is a former president of the Massachusetts Association of Chamber of Commerce Executives, a former director of the New England Association of Chamber Executives, and is currently vice president of the Newton Boys' Club.

ELLIOT RICHARDSON

Richardson To Speak At GOP Program

Lt. Governor Elliot L. Richardson, it was announced today, will be a principal speaker at the Annual Lincoln Day Dinner of the Combined Republican organizations of Newton Saturday evening, Feb. 13, in Lyons Hall of Boston College in Newton.

Richardson's welcome at the dinner is certain to be an enthusiastic one. The Lieutenant Governor received a very flattering vote in the area and his many friends will be on hand to greet him at the dinner.

He is particularly interesting to the people of Newton because of his unique background which includes experience as law clerk to two distinguished jurists and as Acting Secretary of the Department of Health, Education and Welfare in the Eisenhower Administration.

He was appointed by the President to the post of U.S. Attorney for Massachusetts. At various times he served on the staffs of Senator Leverett Saltonstall, Governor Christian A. Herter and others. His opinions and views at this critical juncture of the GOP's affairs are sure to be provocative.

Bringing the list of patrons up to date is the following list of those subscribing for tables at the dinner: (More names will be issued later) Miss Adelaide B. Ball, Mr. and Mrs. Monte G. Basbas, Mr. and

Star Robert Morse Scores Hit With Visit To Newton

Robert Morse, native of Newton and one of the entertainment world's brightest and busiest stars, remembered his former appreciation teacher at Newton High School, and paid him a visit last week, at the school.

The effervescent Morse, star of stage, films and television, spent an afteronon with Henry Lasker and his pupils in an event which will not soon be forgoten at the school.

Morse was a student in Mr. Lasker's classes at Newton High School from 1948 to 1950 when he was graduated from the school.

Giving much of the credit for his success to his Newton mentor, the young star has been in constant contact with his former teacher by mail since he entered the theatrical world.

Mr. and Mrs. Lasker have held a standing invitation to be the guests of Morse at any of his stage shows, and he promised his former teacher that he would visit him in Newton on his first trip to Boston.

Morse was true to his word. He was in Boston last week on a publicity tour for his latest Metro-Goldwyn-Mayer picture, "Quick, Before It Melts." A visit to Newton High School was arranged by Earl Fasick of M.G.M.'s Boston office.

The bubbly, irrepressible personality and impish humor which skyrocketed Bobby Morse into star billing in four Broadway hits, a half dozen motion pictures and several television shows, was apparent at an early age.

It didn't make him the easiest kid to handle at Newton High, but Henry Lasker was impressed by the boy and dug in to meet the challenge of the Morse person-

"Self-Segregation" In Newton Charged

Support for the proposed Newton Commission on Human Relations was urged by three local clergymen Monday night during a panel discussion on the Newton Community Council's Human Relations Report.

The Commission might well prove the means of transforming Newton from a collection of separate villages into a homogenous city, agreed Rabbi Murray I. Rothman of Temple Shalom, Rev. Harold Frey Jr. of Eliot Church, and Rev. John J. Griffin of St. Bernard's Church.

More than 250 filled the auditorium of the Peirce School to hear the discussion cosponsored by the Newton League of Women Voters and the Newton Committee for Fair Housing and Equal Rights.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Peabody Is Being Boomed For U.S. Senate In 1966

Ex-Governor Endicott Peabody, who faded into the background after taking the traditional walk down the State House steps, is being boomed as a possible candidate for the U. S. Senate in 1966.

Two reasons are being advanced to support the theory that Peabody should make the run against Senator Leverett Saltonstall.

One is that while Peabody might prefer to stand again for the Governorship, he would have little chance of gaining the gubernatorial nomination against an opponent of the political strength and stature of Boston Mayor John F. Collins or former Attorney General Edward J. McCormack, Jr.

The second is that Peabody could cut into the Republican vote even against Leverett Saltonstall and that he might have a chance of upsetting the senior Massachusetts Senator.

Both arguments are reasonably sound although Saltonstall might prove to be a tough man to beat even at the age of 74.

An issue which undoubtedly will be used against Saltonstall is that he will be standing for a six-year

on her background and qualifications. Plans for this affair were handled by Mrs. Francis Johnson, program chairman and Mrs. Kenneth Spilman, hospitality chairman.

Miss Chadwick has been principal of the Hamilton School for the past six and one-half years, during which she has converted the school to the non-graded system composed of primary and intermediate units. Under this system each child progresses in each individual subject at his own speed.

Parents who have had their children under Miss Chadwick's guidance feel a deep sense of gratitude toward her. "Time" magazine was so interested in her pioneering efforts that the system was written up in one of their issues last year.

Miss Chadwick came to the school in September 1958 after serving as Assistant Principal in Wellesley Jr. High. Prior to that, an Assistant Principalship in Mattapoisett for grades 1-9, preceded by classroom teaching of grades 6-8 in Salisbury, Mass.

Hamilton School's loss becomes gain for the Horace Mann School in Newtonville as Miss Chadwick devotes her full time now to the principalship of that school. She has been principal of both schools for the past few months.

Young Man Remembers

Teen-agers in our local high schools could give thought to the visit made here by Robert Morse, bright young luminary of stage, motion pictures and television.

The Morse star is in the ascendency in the harried, glittering world of entertainment. He has it made as the saying goes. He is sought after for well-moneyed parts in all three entertainment media and has skyrocketed a long way into the firmament of success since his schoolboy days in Newton.

Therein lies the moral and the reason for these remarks to other local youngsters who still have to make the big move into the competitive world of adulthood.

Robert Morse returned to Newton High School because of his respect and friendship for a former teacher, Henry Lasker.

All other aspects of his visit were secondary to that long-time friendship, made and nurtured, by the way, in the Lasker classroom at Newton High. It survived and was strengthened over the years.

It is an inspiring tribute to a dedicated instructor, which is exactly the way the young actor would have it. He is quick to give much credit for his success in the theatre to Mr. Lasker.

How seldom are the concerns and the labors of our good teachers recognized for their sterling worth, how few indeed are their opportunities to take a prideful bow in public?

It is to the credit of young Mr. Robert Morse that he made the recognition and the prideful bow possible.

The talented young man didn't forget the decisions, the understanding and the efforts developed under the Lasker tutelage which helped charter a course along his chosen career trail.

Most of us can travel in memory back through the dimming, twisting path of the years, back to desks, blackboards and childhood. There we find one or more teachers vividly recalled because of their efforts in our halting behalf, well above and beyond the call of regularly paid duties.

Gilbert & Sullivan lamented because a "policeman's lot is not a happy one." So be it, and a teacher treads no rose-strewn pathway, either.

We like to interpret the visit of Robert Morse as a testimonial to a teacher, and in a larger sense to all his teachers in Newton. More than a decade has passed since he received his diploma at Newton High School. It was a busy and fruitful decade for Bobby Morse. He is a recognized star in the theatre today and he is still a young man.

He made it the hard way and only after working at many tough jobs, far removed from the footlights. So there you have it, teen-agers. We give you Robert Morse, a really big star. He is big enough to admit his dependence along the way on the judgement and experience of someone older than himself, and came all the way back to Newton to show his gratitude.

Are Snow Storms Really Fun?

Maybe there is beauty in a snow-storm but, in most instances, the esthetic aspects of such an event is lost on the average citizen, working man, businessman, commuter, housewife and the great army of adults who are not stricken with skiitis.

There is little about a snow storm to enthrall the average urban dweller. The inconveniences accompanying a storm of any magnitude completely overshadow any lingering artistic thrill associated with the piled up stuff.

The happy fellows who handle the weather reports on television and the radio share a deep-rooted concern for the skiers. Let the first little snow-flake fall come winter and they are off in full cry seeking snow, snow and more snow for the skiers.

Some of these happy lads, with all the chalk marks and flashing boards, actually bemoan as a tragedy the side-stepping of a snow storm which bypasses our area to dump the stuff elsewhere.

However, this is a joyous event for the rest of us, who are quite relieved when a predicted "major snow storm" develops into a blooper. New England always has considered a snow storm as a costly and menacing event, often accompanied with loss of life or injuries, and bringing countless inconveniences to ordinary citizens who try to carry on with the routine of daily living.

If our stalwart citizens up country find snow storms fun then there's where they belong. There are many, many thousands of us in the metropolitan areas who cannot join the happiness boys in their joy at a prospective storm. But, these are fun times we're living in, aren't they?

Letters

Fluoridation Opinion

Editor of The Graphic:

A rash of polemics will rise to the surface a few weeks before the large issue of fluoridation appears on the Newton ballot. Even at this early date, it would be well for civic-minded residents to begin, and not falter in, the task of effecting the resolution of this issue fairly.

The literature which was mailed to Brookline and Wellesley residents was more frightening than the scare emanating from Orson Wells' misunderstood broadcast some years ago. Something must be done about the contemptible individuals and organizations who spew dross in the manner of a Senator Eastman or a Huey Long.

Certainly, there are plausible arguments to be made for or against compulsory fluoridation. There is merit in the assertion that parents can fluoridate their children's teeth by following the instructions of a dentist or physician. On the other hand, we ought to consider what occurred in Rhode Island where the last epidemic of polio erupted in a city where parents had neglected to take advantage of free Salk injections. This is a social, a humanitarian issue.

I would hope that, in the future, we vote "yes" because we have faith in the learned judgements of the American Medical and Dental Associations, the U. S. Public Health Service, the deans of our medical and dental colleges, as well as most physicians and dentists.

I would wish, also, that those who vote "no" will do so because they feel the need for more scientific study of possible side-effects in spite of the assurance of most leading medical and other scientists. I would like to know that the latter is not stimulated by such unfounded horror stories as would put a Boris Karloff motion picture to shame.

Finally, I say that some authoritative body, either Congress or our state legislature, should now undertake an investigation into the arcane sources of huge funds which were expended in outrageously bringing panic to the residents of our communities. No investigation is necessary to identify the supporters of fluoridation. We know who they are.

Very truly yours,

BENJAMIN WOLLINS,
95 Woodward Street
Newton Highlands,
Mass.

Presenting the grant were Mrs. Alvin Ludwig of Waban and Mrs. Joseph Liberman of Newton, chairman and co-chairman respectively of the presentation committee.

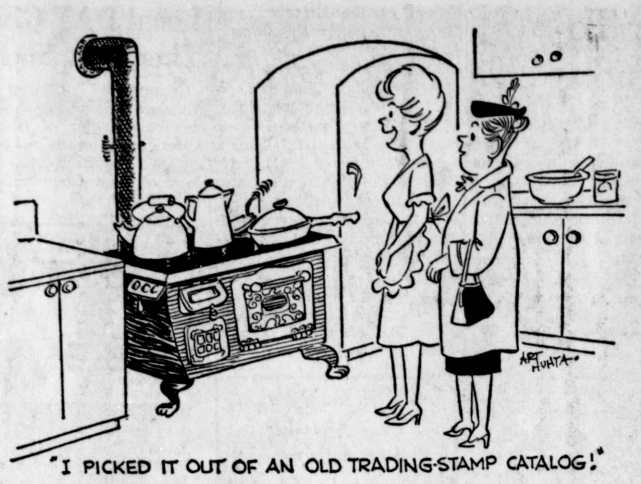

Miss Kirschmann is with the Rogoff Medical Research Institute near Tel Aviv. Her Harvard studies are concerned with the application of the principles of bacteriology to that of hematology. She has been at the Harvard Medical School for a year.

Political Highlights

(Continued from Page 1)

term which would extend through his 80th birthday.

That might cause some persons who normally vote for Saltonstall to hesitate in doing so.

It's also possible, of course, that some political observers may be jumping too swiftly to conclusions in assuming that Mayor Collins and former Attorney General McCormack will meet in a head-to-head fight for the Democratic nomination for Governor next year.

Either McCormack or Collins might wind up as a candidate for the U. S. Senate instead of Governor.

Both men act as if they were planning to run for Governor, but neither has yet committed himself to any specific course of political action.

One thing Collins, McCormack, Senate President Maurice A. Donahue and any other potential candidates for the Governorship are certain to do before reaching a final decision is to make a careful assessment of the political strength of Governor John A. Volpe.

It's entirely conceivable that Volpe may prove a harder candidate to defeat than Saltonstall in 1966.

Volpe, profiting from the experience he gained during his first term as Governor, has got his administration away to a steady, sure start.

How Volpe's political stock will stand a year from now, when the top Democratic leaders will be making their decisions and their moves, is impossible to foretell.

On the basis of his record so far, however, the indications are that Volpe will make fewer mistakes this year and next than he did during his first term in office.

You may be sure that in the back of Volpe's mind is the realization that he will be running for re-election 21 months from now in a contest which will be crucial to his political career. And he appears to be acting accordingly.

Volpe's success or failure in achieving legislative approval of his program probably will have a major impact upon his political future.

Meanwhile, the Democratic picture presently is cloudy and uncertain. It may be a full year before it comes into clear focus.

Messrs. Collins, McCormack and Peabody undoubtedly will be seeking Democratic nominations for state-wide offices this time next year. Any forecast as to what office each will set his sights on would be somewhat risky.

Margaret Heckler Seeks Pardon System Reforms

An investigation of pardon procedures in Massachusetts, which was initiated by Governor's Councillor Margaret M. Heckler, may result in some changes and reforms in the State's pardon system.

Mrs. Heckler reveals that at the present time hundreds of petitions for pardons, which have been acted upon by the State Board of Pardons, are gathering dust in the files of the executive secretary of the Governor's Council.

She reports that her studies have indicated that unless a pardon petition is pushed by someone in politics it can be shunted aside and pigeonholed for years.

As a result, she feels, some petitions which may be deserving are being ignored because the petitioners do not happen to have political contacts or because the files have not been brought to the attention of the Governor or, if they have been submitted to him, have not been acted upon by him.

Mrs. Heckler emphasized that all pardon applications approved by the Board of Pardons should not necessarily receive the okay of the Governor and Council.

But she believes that all such petitions should be considered and acted upon one way or another by the Governor and the Council within a reasonable period of time.

She stressed that she is talking about pardon petitions which have been cleared by all other State agencies and need only action by the Governor and Council.

Councillor Heckler cited one case of a man, whose pardon petition for a minor offense was ready for action but was not submitted to the Governor's Council for years. On the day the pardon petition finally was approved by the Council, the man being pardoned died.

Mrs. Heckler is not discussing persons who are in prison. They come under the parole system.

She is referring to people who have committed an offence, have either served their sentences and been rehabilitated or have paid their fines and are seeking to have their records cleared.

Mrs. Heckler pointed out that persons cannot get a civil service job or be admitted to the armed forces if they have a misdemeanor on their records.

Few people realize, she added, that even traffic violations are carried in the records of individuals in Massachusetts and that petitions are filed for pardons of such offences.

"Whether a pardon should be granted and a person's record cleared, is something which can be determined only after all the facts have been considered," Mrs. Heckler declared.

"My point is that these files should be studied promptly and the records examined within a reasonable time so that these pardon applications would not gather dust for years while some person who deserves a pardon does not get it because of procrastination or lack of political contacts," she asserted.

Mrs. Heckler is entirely right. If she accomplishes her objective, she will have performed a notable public service.

One trouble probably is that a Governor has so many demands upon his time that he doesn't get around to pardon petitions which may be minor in nature but important in the lives of the person submitting them.

It would seem, however, that he could assign someone to screen them for him and that a deadline should be set for action on such applications.

Volpe Ponders Fate Of Robert F. Murphy

Governor Volpe shortly will make a decision on replacing or reappointing Robert F. Murphy as chairman of the Metropolitan District Commission.

A Democrat and a former Lieutenant Governor, it is anticipated that Murphy will get the axe even though it is acknowledged that he has done an excellent job as the MDC head for the past four years.

An unusual aspect to this is that Murphy once worked for a newspaper of which Volpe was a part-owner. In a sense Volpe was one of his employers.

Murphy resigned from his newspaper job a little more than a decade ago after he had been nominated the Democratic candidate for Governor against Christian A. Herter.

Volpe at the time was serving as the State Public Works Commissioner under Herter so that the situation was somewhat unusual.

Whether Murphy quit his newspaper job voluntarily or was asked to do so has never been disclosed, but the assumption has been that he acted on his own to remove himself from an awkward position.

A mutual respect exists between Volpe and Murphy, and Murphy has proved himself an extremely capable administrator.

However, Murphy always has been an unswerving, down-the-line Democrat, and top Republicans say it is improbable Volpe will reappoint him.

After his unsuccessful run for the Governorship against Herter in 1954, Murphy was elected Lieutenant Governor in 1956 and 1958 but was defeated for the nomination for Governor in the 1960 Democratic primary. Ex-Governor Foster Furcolo subsequently named him as the MDC chairman despite the fact that he and Murphy had many differences of opinion while they were serving as Governor and Lieutenant Governor respectively.

Absurd Law Prohibits Bargains in Liquor

One sensible step members of the Legislature could take would be to repeal the so-called Fair Trade Law which prohibits package store operators from selling liquor below specified prices.

If any law ever was misnamed, this is it.

The only people it is fair to are certain package store owners who want to keep prices high and prevent any competition.

Imagine a law which says a package store owner cannot sell a bottle of whiskey to a customer at a bargain price if he chooses to do so!

What is especially ludicrous about all this is that public funds are expended to make certain that the public doesn't get any bargains when buying liquor.

Inspectors of the State Alcoholic Beverages Control Commission make the circuit of the package stores to be sure that an unscrupulous store-owner is not selling a bottle of liquor to a customer at a $1 less than the listed prices.

Should a store-owner be caught in the act of committing so dastardly an offense, he will be called on the carpet before the ABC Commission and may even have his license suspended for this crime against society.

The flimsy justification offered for this ridiculous and astonishing law is that it eliminates the danger of price wars between liquor store operators who in their efforts to get business might outdo each other in offering bargains to their patrons. It would be a shame and a tragedy if anything like that happened.

It is unfortunate that the ABC inspectors don't display the same zeal in policing drinking places where teen-age boys and girls are served in violation of the law as they do in guarding against the frightening possibility that an adult might buy a bottle of liquor at a reduced price.

The Great and General Court doesn't want any bargain sales in booze, and the liquor lobby at the State House is so strong there is scant likelihood the law will be repealed.

But if you're interested, you can always drop a note to your State Senator and Representative and ask them whether they're representing you or the liquor lobby.

Star

ality. Bobby was equally impressed by this dauntless and devoted teacher and a life long friendship has resulted.

The Morse appearance at Newton High will be catalogued along with his other hits. He addressed the students in the Lasker classes, put on a hilarious question and answer appearance and met some of his other former teachers in a whirlwind two hours.

The five-foot-eight, blue-eyed star added to his wardrobe while visiting his old high school. He was presented with an official Newton High School sweater emblazoned with the big "N" by students in the Lasker classes, and Earl Fasick of M.G.M.

Morse, one of Broadway's busiest stars before being signed by Metro-Goldwyn-Mayer, is setting an equally fast pace in Hollywood.

"The Loved One" for MGM-Filmways and director Tony Richardson, is his third comedy in a row since his debut in "Honeymoon Hotel", which was followed by the romantic farce comedy, "Quick, Before It Melts."

Prior to launching his screen career, Morse starred for two years in the smash New York stage hit, "How To Succeed in Business Without Really Trying."

His outstanding performance in this show brought him the coveted Antoinette Perry Award.

He was born in Newton to Charles Morse, then manager of a chain of New England movie houses and now manager of a record shop, and May (Silver) Morse, a professional pianist before marriage. His older brother, Richard, is also an actor. He has a sister, Barbara, a teacher.

Morse received his pre-high school education at Ward Elementary School and Weeks Junior High School in Newton. From boyhood he has had an avid interest in Broadway, collecting record albums to which he did impressions.

At Newton High School, Morse's natural bent for cutting up had everyone in a lather. However, his perspective music teacher, Henry Lasker, recognized his theatrical talent and arranged for him to direct and star in a junior class production of "Sing Out, Sweet Land." Henry Lasker was pleased to note that Bobby's grades improved immediately.

Morse's dedication to the theatre did not bloom into instant stardoom but followed a rugged aprenticeship, and work in a variety of jobs.

After graduation from Newton High School, he went to New York and obtained a $12-cookie salesman for Schrafft's and then as a Fuller Brush salesman.

Later that year, Morse a-week job handling a spotlight for the Children's World Theatre. Next he worked as a

joined the U. S. Navy and served aboard a destroyer for most of his four years in blue. Upon his discharge, he again headed for New York, more convinced than ever that his place was in the theatre.

He moved in with his actor-brother and used his G.I. Bill to study with the American Theatre Wing. During this period, he was spotted by an agent who helped get him a small role in the film, "The Proud and the Profane".

Following some radio work, Morse went into the stage production of "The Matchmaker". He didn't even audition for the part, but got it on the strength of a few minutes conversation with a famed British Director, Tyrone Guthrie. His notices were excellent, and he repeated his performance in the film version.

Morse next appeared in Broadway's "Say, Darling" which in 1959, led to his capturing a leading role in the stage musical "Take Me Along" based on Eugene O'Neill's "Ah, Wilderness".

So it was that when "How to Succeed" was being prepared for its 1961 debut, Robert Morse was the star everyone had in mind. The play was a smash hit, winning the Pulitzer Prize, and Morse himself won tremendous personal acclaim as one of Broadway's best young actors, plus a "Tony" award for his performance.

In the spring of 1961, Morse married stage and screen dancer, Carole D'Andrea. They have two children, Andrea and Robin.

APPRECIATIVE STUDENT AUDIENCE AT NEWTON HIGH — Robert Morse, at right, has his audience in a mood as he addresses members of music appreciation class of Henry Lasker last week. Young actor discussed many aspects of the theatre and answered questions from the floor.

Newton Legion Opposes Vets' Hospital Closings

At the monthly meeting of Newton Post 48, American Legion, the unit voted as being opposed to the closing of certain Veterans Administration facilities in Massachusetts and urged its members to write United States Senators Kennedy and Saltonstall, as well as Congressman Joseph Martin, and asked that they join with all veterans in the campaign to keep the existing Massachusetts V. A. hospitals in operation.

It has been reported that the V. A. hospital at Rutland would be closed and its patients transferred to other V. A. hospitals. At the present time, the post was advised, the V. A. hospitals at Jamaica Plain and at West Roxbury can only accept emergency cases and non-emergency cases must wait for available bed space. It was further explained that the V. A. cannot accept the chronically ill veteran and that in most instances these patients must be hospitalized in private hospitals or certain state facilities if bed space is available.

The post recorded itself as being in favor of the Veterans Administration taking over the Brighton Marine Hospital so that additional bed space will be available to those veterans needing hospitalization. This hospital is also on the Defense Departments list as being expendable with the present patients to be treated at the already heavily taxed Jamaica Plain V. A. hospital. The post further supports the move to have the Rutland V. A. hospital maintained for the purpose of having a V. A. facility for the hospitalization of the chronically ill veteran.

Commander James Walker stated, "with the veterans population advancing in years, in respect to age, more bed space is going to be required and additional hospital facilities needed if the eligible veteran is to receive the care which is provided under the Veterans Administration program. This nation cannot afford to say to a disabled veteran that he is eligible for treatment and then advise that treatment must wait until bed space is available. We of Newton Post 48 are greatly concerned over the prospect of the closing of certain V. A. hospitals and, therefore, ask that all veterans, dependents of veterans and other interested citizens contact the members of Congress and ask that they do all within their power to insure that the present facilities of the V.A. stay open in Massachusetts in order that the needs of veterans might be met in the same fine manner in which they have been met for many, many years."

Edward Cunningham, post service officers; Joseph T. Fitzsimmons, senior vice commander and Carleton P. Merrill, junior vice commander will assist Commander Walker in the program to initiate positive action in respect to the position of the post.

Would Widen Washington St. At Upper Falls

The Newton Traffic Commission, in an effort to improve conditions at one of the city's worst bottlenecks, has recommended widening of Washington St., Newton Upper Falls, at the Wellesley line.

It is proposed to take a 10-foot strip on the north side of the highway from the Wayside Market to Concord St., a distance of 200 feet, and to narrow the sidewalk of the south side by several feet in order to create an additional traffic lane.

Willard S. Pratt, commission secretary, said the proposed alterations would give the street the same width as the bridge over the Charles River.

Gibbs Not Ready To Comment On Volpe Tax Plan

Mayor Donald L. Gibbs has reserved comment pending further study of Gov. John A. Volpe's proposed tax program.

The Mayor indicated early this week that he would carefully scrutinize the Governor's plans that include raising $200 million in new taxes, with the money to be equally divided between the state and its cities and towns.

If the distribution formular resembles that proposed two years ago by Gov. Peabody, the Mayor said, he would oppose it, as it provided for a smaller proportionate share to wealthier communities.

6 Cases Decided In City's Favor By Tax Board

At a recent session of the State Appelate Tax Board, six of seven Newton cases heard were decided in city's favor,, and in the seventh case, Newton had a partial victory as the abatement granted was less than half the amount requested by the appellant.

In the case of Mary F. McInerney, 162 Chestnut Hill road, Chestnut Hill, the board upheld the city's $34,050 assessment on a 13-room dwelling on a lot of 35,495 square feet. Mrs. McInerney sought a $4000 abatement for each of the five years, 1958, 1959, 1960, 1961 and 1963. No abatement was asked for 1962.

The case of Martin Dorfman, 15 Lorna road, Newton Centre, was decided against the city. He sought abatements of $7000 each for 1961, 1962 and 1963 of an assessment of $37,400. The board ordered a reduction of the assessment.

The Board of Assessors reported that the assessments for the other five buildings totalled in the vicinity of $65,000.

Newton was represented by Newton was represented by Douglas A. Danner of the city's law department. The Board of Assessors comprised Edward A. Fahey, chairman; Mrs. Isabelle R. Mackey, clerk, and J. Philip Berquist.

Capt. Tom Roberts of Newton, 177 pound, was awarded a decision over his opponent.

Tuck, Newton Circle; Mrs. Edward Mitton, Central Committee; Mrs. Stanley Barnes, Needham Junior Circle; Mrs. Frederick Phelps, Needham Senior Circle; and Mrs. Philip Hurley, Needham Senior Circle. To Speak At Church Sunday

Miss Helen Fogg, director of social work for the Unitarian Universalist Service Committee, will speak on "Changing Patterns of Service" at the morning service at the First Unitarian Church in West Newton, on Sunday, January 31.

This is a postponement from last Sunday, January 24, when the storm made it impossible for Miss Fogg to come at originally planned.

Crittenton League To Sponsor Fashion Show

Plans for the third annual Fashion ShowBrunch, sponsored by the Florence Crittenton League, were continued recently at a coffee hosted by Mrs. Alexander Welch at the Brae Burn Country Club.

Advance tickets were given out to all of the Circles to insure that all members who desire tickets will be able to obtain them. Invitations to interested friends and the general public will be mailed at a later date.

The Fashion Show-Brunch, which benefits Crittenton Hasting House, a Red Feather agency, will be held on Thursday, April 8th, and will again take place in the lovely ballroom of the Statler-Hilton, where an even longer runway will be constructed this year.

The fashions shown will again be from Jordan Marsh Company's spring collection of European designers, and, with the ballroom decorated with topiary trees and unusual table arrangements, the motif will be one of continental springtime.

Chairman of the 1965 Fashion Show-Brunch is Mrs. Alexander Welch, with Mrs. William P. Reed as vice chairman. Mrs. Howard W. Davis is ticket chairman, and Mrs. Harper Clifford is in charge of reservations and invitations. Mrs. Ellsworth B. Lawrence is handling publicity, and Mrs. Edward J. Robert Jenney To Head Easter Seal Campaign

Adequate rehabilitation services for growing numbers of crippled children and adults pose a major challenge to the people of Massachusetts according to Robert M. Jenney of Chestnut Hill, president of Jenney Manufacturing Company, who will serve as general chairman of the 1965 statewide Easter Seal campaign. The goal is $355,000.

Paul Sonnabend of Boston, executive vice president of Hotel Corporation of America and president of the Easter Seal Society, announced Jenney's acceptance of the campaign chairmanship for the second consecutive year. The drive opens March 1 and continues through Easter, April 18.

"There are more crippled people," Jenney said, "but modern science has found new and better ways of rehabilitating them and returning them to normal living. These new methods, the result of medical and scientific research in the past decade, demand that we keep abreast of each new development, both with professional services and the newest and most effective equipment.

"I have accepted the general chairmanship of this year's appeal recognizing that this will be a great challenge to me, to the other volunteers and to all the people of Massachusetts who want to see their crippled neighbors as useful, as independent and as much a part of the life of our community as we are."

The annual campaign is the chief source of support of the Society's rehabilitation services for the disabled of all ages, regardless of the cause of crippling. Last year the Society helped 1,980 of Massachusetts' crippled population to lead happier, more useful lives. This was a 30 percent increase over the previous year.

School

(Continued from Page 1)

Danielson, who has replaced her as principal of the Hamilton School, and who, Miss Chadwick said, would assist her in the difficult and time-consuming task of bringing to Horace Mann a teaching system and curriculum similar to the one which Miss Chadwick had installed while at the Hamilton School.

Horace Mann will have a three-phase program, Miss Chadwick told the committee members. Phase 1 concerns the installation of the non-graded system. Phase 2 comprises an arrangement for multi-age groups of pupils, with one room having youngsters six, seven and eight years of age, and another children nine and ten. Phase 3 involves cooperative, or team, teaching, whereby a group of teachers will have some youngsters in different subjects over a period of four years.

One of the biggest problems in putting into effect a non-graded system, Miss Chadwick declared, involves report cards, and she explained an alternative that involves teacher-parent conferences at stated intervals. This, she said, had proved more effective in keeping parents aware of their children's progress.

Under the teach teaching idea, two teachers will handle all the math instruction, and two will take care of all the reading. Miss Chadwick said that the practice of a teacher's being confined to a single subject had proved unworkable at Hamilton.

"A greater dependence on team teaching is going to grow with us," Miss Chadwick declared, and she added that the great task ahead was establishment of the curriculum at Horace Mann.

At one point in her discussion, Miss Chadwick said that "it is not realistic to hope that each child in a non-grade school will be equally good in all studies, such as math, science, reading, physical education, etc." and she explained that although some children will be slow to learn for a while, in the long run, under the non-graded system, they will be a great deal better off.

Miss Chadwick concluded her remarks by saying that "I feel that over a long period of time, children can't help but do better in a non-graded school."

She added that "I have been in this business for 25 years, and despite the long and difficult hours it takes to get a non-graded school established, I have never been more happy."

Roger Hopkins, son of Mr. and Mrs. William E. Hopkins, 11 Willard St., and **Jerome Silverman,** son of Mr. and Mrs. Theodore Silverman, 153 Westchester Rd., both Newton, have been placed on the honor roll at Berwick Academy, South Berwick, Me., where both are seniors.

Power Of Love Is Christian Science Topic

The vital nature of love as a power that can reshape human lives will be brought out in Christian Science churches this Sunday. The subject is "Love," and the Golden Text from I John (4.7,8) underlies the theme: "Beloved, let us love one another: for love is of God . . . He that loveth not knoweth not God; for God is love."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy describe how men learn to love God. "Simply asking that we may love God will never make us love Him; but the longing to be better and holier, expressed in daily watchfulness and in striving to assimilate more of the divine character, will mould and fashion us anew, until we awake in His likeness" (p. 4).

NEW HOME OF MUSIC SCHOOL — The new home of the All Newton Music School, Inc., located at 321 Chestnut St., West Newton. The property, purchased last summer from Temple Reyim, was the estate of the late Henry B. Day, a well known Newton citizen.

All Newton Music School To Move To New Location

January 29 is moving day for the All Newton Music School. The ne wlocation at 321 Chestnut Street, West Newton, offers vastly superior facilities to the present victorian building on Walnut Street near the Newton High School.

From a humble beginning in a West Newton Kindergarten room in 1911, the All Newton Music School expanded to a few rooms at the old Pierce School after hours, and then, in 1947, moved to its present location with nine studios and a small recital hall.

Under its present director, Mrs. Anne Gombosi, the Music School has grown not only in quality of instruction, but the enrollment has risen to nearly 700 and the faculty now comprises 40 teachers. Every nook and cranny, including kitchen and lavatory, have been exploited for teaching areas.

The new building on Chestnut Street was the estate of the late Henry B. Day, a well known citizen of Newton. The property was purchased from Temple Reyim last summer. Landscaping and extensive interior and exterior restoration have been underway since last fall.

Besides a reception room, business office, library, teachers' room, and director's office, the building offers 21 studios and a large recital hall seating 175 people.

Lloyd Williams, architect and specialist in acoustics, has designed special studios which will make possible instruction in brass instruments.

Classes in Ballet at all levels will be offered for the first time. Mrs. Ralph Gomberg, a former professional dancer, trained in both Cecchetti and Russian schools of ballet, will teach the classes. Registration and auditions for class placement will be held on Saturday, Feb. 6 at 1:00 p.m.

The All Newton Music School is a member of the National Guild of Community Music Schools. It is a nonprofit organization serving the community by offering a wide range of musical experience, formal and informal, to children and adults of Newton and surrounding areas. All interested residents are invited to visit the school when it opens its second semester at 321 Chestnut Street, West Newton, on February 1.

Girl Tips Police But Suspects Escape Them

Alerted by a 17-year-old Newton High School girl who was confined to her home by a cold, more than 30 police officers and a pair of dogs hunted in vain for five hours last Monday for a trio of suspected burglars.

The girl told police that a man rang the doorbell of her house and tried the front and rear doors before taking off in a car that was parked on Concord St., Newton Lower Falls. She supplied the registration number and described the man.

It developed that the car carried stolen New York registration plates. The police spotted it with three men aboard, on Quinobequin Rd., at Radcliffe St., Waban, and took up the chase, but lost it. It was seen a little later on Boylston St., Newton Highlands, but again it eluded police.

Dennis Greenwood of the Abramson Carpet Co., 2047 Centre street, West Roxbury, who is in charge of the carpet cleaning department says, "dirty carpets and rugs harbor disease bearing germs that endanger one's health."

For many years he was in charge of carpet cleaning at the City Oriental Rug Co., Newton, and now handles carpet and rug cleaning, installation, repairs and sales at George J. Abramson Carpets.

Greenwood is continually interested in developing better carpet cleaning techniques and is proud of his servicemen, who truly carefully clean carpets. Abramson Carpet servicemen are instructed not to rush through a job but take all the time required for a perfect job.

Each job is handled with individual care and personalized effort. 'It take so little extra time and the cost is so moderate" Greenwood stated.

6 From Newton Drawn For Duty At State House

The names of six Newton youngsters came out of the goldfish bowl at the recent drawing in the State House, and all of them will assume roles in the annual Student Government day next April 2.

Representing districts of Middlesex County as members of the House of Representatives for the day will be the following:

Marjorie Ann Kinchla, 55 Adella Ave., West Newton, St. Bernard High School student; Mary Hodges, 2 Kingston Rd., Newton Highlands, Country Day School of the Sacred Heart, and Dennis Ford, 37 Chase St., Newton Centre, Sacred Heart High School.

The following three will serve as Student Government Day members of legislative committees conducting hearings on student-sponsored bills:

Timothy Dorsey, 227 Jackson Rd., Newton, Our Lady Help of Christians High School; Peter Lewenberg, 41 Longfellow Rd., Newton Lower Falls, Newton South High School, and Susan Paris, 28 Pembroke St., Newton, a student at Concord Academy.

Newton Co-operative Bank To Have Computer Service

Another "first" will be established by Newton Co-operative Bank along with other Massachusetts savings and co-operative banks next spring when nine banks scattered about the Commonwealth will be linked with a revolutionary electronics system which will provide practically instaneous accounting at their tellers windows.

Participating in the new system are Braintree Savings Bank, Charlestown Savings Bank, East Boston Savings Bank, Essex Savings Bank, Lawrence; Lynn Institution for Savings; Watertown Savings Bank; Weymouth Savings Bank; Arlington Co-operative Bank and Newton Co-operative Bank.

Tellers in any of these banks —some located more than 50 miles from Boston—will cease turning away from their customers at their banking-room windows when handling deposits or withdrawals. Instead, at their individual windows they will operate machines which—in seconds—will record a deposit or withdrawal on a central record. At the same time, the electronic apparatus wizardry will show the teller the condition of the account. Service to depositors at all the banks will be speeded-up to an average of less than a minute per transaction.

At the recent stockholders' meeting it was disclosed by Leonard P. Chamberlain, president of Bankers Data Processing, Inc., that nine banks of the group will enter the on-line system and have their accounting done direct by automation.

Distance is now no deterrent to the BDP system, Chamberlain told stockholders at their meeting. He said that BDP keeps at least three generations of magnetic tape data to allow for the complete restoration of records in the event that machine malfunction, human error, or acts of God destroy a current master file. The magnetic tapes of BDP are stored in two separate fireproof vaults and are maintained by a librarian.

BDP, Inc., is now under contract to perform accounting services for over 400,000 depositors' savings accounts and over 65,000 mortgage accounts for 16 Massachusetts mutual savings and co-operative banks. The majority of these banks are stockholders in the BDP corporation and have their accounting needs served by BDP's amazing machines. Member banks range in size from 4,500 to 150,000 savings accounts and 1,100 to over 11,000 mortgage accounts. Presently each participating bank records its transactions on punched paper tape which is sent to the BDP processing center.

World Affairs Council Meeting On February 3

"The Place of Law in the Settlement of International Disputes" is the topic for the next open meeting of the World Affairs Council of Newton. Roger Fisher, Professor of Law at Harvard Law School, will be the guest speaker. The meeting will be held at the home of Mrs. Paul Myerson, 25 Larch Road, Waban, at 8 p.m. on Wednesday, February 3rd. All those interested are welcome to attend.

Professor Fisher is a graduate of Harvard University and Harvard Law School. He was assistant to the General Counsel of the Economic Cooperation Administration in Paris from 1948-1949, and assistant to the Solicitor General of the United States from 1956-1958. He has been a Professor of Law at Harvard Law School since 1960. He teaches Civil Procedure and International Law.

Mrs. Franklin Jerome, of 140 Carlton Road, Waban, has been appointed chairman in Newton for "Decisions—1965", an eight-week foreign policy discussion series sponsored in Massachusetts by the World Affairs Council of Boston.

According to Mrs. Jerome, more than 350,000 individuals, including representatives of several hundred schools, churches, libraries, organizations and business firms, will participate in the state-wide program.

Mrs. Jerome said these issues will provide weekly copies for WGBH-TV, Channel 2, on Wednesday evenings between 8:00 and 9:00 P.M. beginning February 10, for WHDH radio on Wednesday evenings at 10:30 p.m. beginning February 17. "The core of it, however, will be informal home discussion groups such as the ones being organized here in Newton," she added.

Mrs. Jerome emphasized that no special training is necessary to participate in a "Decisions" informal discussion group. "The primary objective of the program," she explained, "is to allow every citizen to inform himself and to express his own opinions on foreign policy to Massachusetts Senators and Congressmen and the State Department."

In Newton the Guidebooks for the Decisions course are on sale at the Langley Book Shop, 1187 Center Street, Newton Centre, the Bookshelf, 325 Walnut Street, Newtonville, and at the Stop and Shop on Route 9 at Chestnut Hill. For further information regarding the program call Mrs. Martin R. Karlin, 527-0604.

community hospitals," declared Bernard D. Grossman, general chairman of the fund-raising endeavor.

Bisohp MacKenzie is presently serving as a member of the Governor's Public Defenders Committee.

A graduate of Boston College, where he received his B.A. degree in 1914, he went on to study at St. John's Seminary in Brighton and was ordained a priest in 1918.

He is the presiding judge of the Metropolitan Tribunal of the Archdiocese of Boston and chairman of the Liturgical Musical Commission.

Bishop MacKenzie, who holds a doctorate in canon law, has for many years been active in the Boston Legal Aid Society and the Voluntary Defenders.

The Newton-Wellesley Hospital Building Fund Campaign, in which Bishop MacKenzie, Miss Clapp and Dr. Sachar will serve, envisions the hospital's first major expansion in 18 years.

The $3.5 million will be used to build two more structures and to finance extensive renovation and modernization of existing facilities in order to create a stronger, more flexible institution for current and anticipated needs of a service area which has doubled its population since 1925.

Garage Fire Is Subject Of An Investigation

Newton officials and others from the office of the state fire marshal are conducting an investigation in an effort to determine the cause of the $100,000 general alarm fire that was discovered early last Sunday morning by a Boston College student after it apparently had been smoldering for a considerable period of time at the Chestnut Hill Garage, 199 Commonwealth Ave., Chestnut Hill.

The building, owned by Socony-Mobile Oil Company, and leased by a Brockton man who, it was reported, was to have given the lease up Feb. 1, was a total loss.

Firemen from Newton and surrounding communities fought the blaze for six hours. Frefighter Charles Gordon, aide to Assistant Chief Francis X. Dwyer, was treated at Newton-Wellesley Hospital for ankle injuries.

Twenty-one cars and a truck were destroyed with the building.

Mayor Gibbs Points To Human Relations Record

Mayor Donald L. Gibbs declared last night that his administration can point to "a very substantial record of accomplishment" in the human relations field.

The Mayor made the statement in response to criticism directed at him by Alderman William Carmen.

"Rather than disregard the field of human relations, as charged, my administration can point to a very substantial record of accomplishment in this field," Gibbs asserted. "Some of these accomplishments are:

"1. In 1963, we negotiated a very favorable agreement with the Peabody Home for Crippled Children to establish the first Program for Exceptional Children in the United States;

"2. We have proposed in the 1965 budget an appropriation of $30,000 for the establishment of a mental health clinic in Newton;

"1. This administration put into operation the construction of swimming facilities for student and adult indoor and outdoor recreation;

"4. We started the first use of school building facilities for evening youth recreation;

"5. Construction of Housing for the Elderly was carried on by this administration;

"6. When toll road construction displaced many of our citizens, we appointed a Coordinating Committee to assist in relocating those displaced by this construction. At the same time, this administration was able to reduce considerably the total number of people to be displaced;

"7. This administration established a full time city Planning Department and embarked upon a community renewal program which is in the process of being implemented for long range upgrading of the total city;

"8. During this administration, recognizing the possibility of future problems involving school facilities, we have embarked on a city-wide program of construction and upgrading of certain outmoded school plants in the city;

"9. Blue Cross and Blue Shield coverage was established for retired city employees during our administration;

"10. Benefitting an important segment of our school population was the accreditation of Newton Junior College, which was achieved during this administration;

"11. Recognizing the possible inadequacies of our library system, this administration proceeded with the Library Survey and Study which is currently under consideration;

"12. Finally, and as a matter of fact, this Human Relations Report was initiated as a result of my own request to the Newton Community Council for such a study.

"I hope the revised ordinance which will be offered soon will be implemented into action," he stated.

Mayor Gibbs said that he requested the Newton Community Council to study the human relations renewal field in Newton almost two years ago. He declared that after receiving their final report he sent a letter to the president of the Council last Dec. 9.

The letter, addressed to ex-Representative Irene K. Thresher, said:

"Dear Mrs. Thresher:

"May I thank the Newton Community Council members and friends for the final report on the Human Relations Study which the Council so graciously made at my request.

"I am well aware of the hours contributed to the preparation of this report by the Study Committee. Such civic contribution of time by these members is another perfect example of the strengths of this community. If we continue to have dedicated citizens with the interests of the City at heart, those with special talents and knowledge made freely available to us, then our continued progress towards a better city, a richer and fuller living for all, is assured.

"In the future it will be my intention to seek approval of a new ordinance covering this important subject, based in the greater part on your excellent report. Such a revised ordinance will update what was a "first" in Massachusetts in this field of community relations. It will point to a more complete understanding of equal opportunities ordinances, regardless of race, creed or color. Although no law is a cure-all by itself and any law must be implemented in the hearts and minds of men and women, I am sure that our citizens subscribe wholeheartedly to this updating and the application of modern thinking to this understanding of a social problem so vital to a better community living.

"Again my appreciation to each and every member who participated in this study. May I extend Season's Greetings to you and the Council's membership.

"Sincerely,
"DONALD L. GIBBS
"Mayor"

"My endorsement of the work of the Study Committee and its report is evident from this letter," Mayor Gibbs stated.

Referring to a recent letter and statement by Alderman Carmen, Mayor Gibbs said that Carmen could not know what his attitude was on the subje ct "or what our progress and timetable are in seeking implementation of the Newton Community Council Human Relations Committee Report because he has never communicated with me in any way."

Gibbs quoted Carmen as saying the report recommends that the Mayor establish a nine-member Community Relations with a professional director.

The mayor said the report actually recommends the establishment of a certain budget "for such purpose as engaging paid workers, consultants, secretarial help, purchasing materials, investigating other programs and otherwise furthering the authorized purpose of the ordinance as the committee deems advisable."

He declared that such an ordinance will be submitted to the Board of Aldermen in the near future "when it is properly prepared and made ready for their consideration."

Children's Program Here Aids JFK Israel Memorial

The Hancock Chapter of the Eastern Mass. Region of Women's American ORT (Organization for Rehabilitation Through Training) announces a children's program of "The Sleeping Princess" produced, directed, and staged by the Newton Country Players to be held on Sunday, February 7, 2-3:30 p.m. at Newton High School, 430 Walnut street, Newton.

The "Sleeping Princess" is an original French play about Sleeping Beauty by Henri Oheon. The doors open at 1:30 o'clock.

Mrs. Gerald Kraft of Newton, president of the Hancock Chapter, has appointed Mrs. Robert Lainer, Newton, chairman, along with ticket sales chairman, Mrs. Martin Goldenberg, Newton; ticket distribution, Mrs. Irving Retz; publicity, Mrs. Burton Pike, Newton; Mrs. A. L. Ziskend, Newton Centre; refreshment chairman, Mrs. Marvin Zeichner, Newton Centre, and Mrs. Robert Jacobs, Newton, and usher chairman, Mrs. Arnold Barron, Newton.

The proceeds from this ORT's production of "Sleeping Princess" will go to the new vocational school, to be built by Women's American ORT and the municipality of Jerusalem in honor of the late President John F. Kennedy.

The new John F. Kennedy Apprenticeship Center for 2,000 ORT students reflects the strong interest the late President had in vocational education and also his concern for disadvantaged youngsters, since its students will be boys and girls who have come to Israel from underdeveloped and impoverished areas of the world.

More than 60,000 members of ORT in 450 chapters across the nation are proud that "their new ORT school in Jerusalem, the city of many faiths, will stand and function as a living memorial to the ideals and aims of education, democracy, and brotherhood of the late President Kennedy. For tickets call Mrs. Goldenberg, LA 7-6010.

Math Fair To Be Held For Grades 7 to 12

All students in Grades 7 through 12 in public, private and parochial schools in Middlesex County, including those in Newton, have been invited to participate in the Middlesex County Regional Math Fair.

Sponsored by the State Department of Education, Salem State Teachers College and the public school systems in Concord and Chelmsford, the fair will be held Friday, Mar. 5, in Concord-Carlisle Regional High School.

Its purpose is to stimulate and sustain a high level of interest in mathematics and give students an opportunity to share their achievements.

Newton's secondary schools have received student application forms and rules concerning student exhibits. Deadline for entries has been extended to Feb. 8 to permit completion of local fairs.

Each school may submit no more than five entries for each grade. Students taking part will be competing only against those at their same grade level. Three regional winners for each grade will later compete in the fifth annual State Math Fair to be held later at Salem State College. No students in Middlesex County may take part in the State Math Fair unless they have entered this regional fair and received an award.

Students with mathematical interest and ability should contact their math teacher for the general rules and a student registration form.

Last year, Justus Weiner of Meadowbrook Junior High School, and Diane Feldman of Newton South High School were finalists in the State Math Fair at Salem State College.

High School Hockey Team Has 4th Win

Newton High School's hockey team won its fourth straight game as it overwhelmed Medford 9-0 at the Boston Arena last Saturday.

The Tigers thus retained their hold on second place in the GBI League standing, one game behind Arlington.

Newton has won five games and lost one in league competition. Arlington has been victorious in all six of its league games.

The Tigers hope to continue their winning streak when they clash with 7th place Somerville this Saturday. They have a crucial game a week from Saturday, Feb. 6, with Arlington. The league title may hinge on the outcome of that encounter.

The Toomey brothers — Dick, Bob and Steve — played a prominent part in the 9-0 shellacking of Medford as they participated in the scoring of five goals. Dick and Bob are seniors. Steve is a sophomore.

Dick Toomey, the league's high scorer, had two goals and an assist. Bob had a goal and two assists. Steve also scored a goal on a play on which his two brothers both had assists.

Also outstanding for Newton were Jeff MacLaughlin, John Coyle, George Mechem and goalie Kevin McLatchy.

MacLaughlin and Coyle tallied two goals apiece, while Mechem scored once.

The sturdy Tiger defense of Bob Toomey, Kim Britt and Elliot Feldman limited Medford to just nine shots at the Newton nets. Six of them came in the second period.

McLatchy had nine saves as he turned in his first shutout of the season.

Newton now is the highest scoring team in the GBI League. The Tigers have tallied a total of 31 as compared to 29 for Arlington.

Our Lady's In Catholic Loop Victory 66-46

George Berry, Jim McLaughlin and Bill Barrett sparked Our Lady's High School basketball team to a 66-46 victory over Sacred Heart High in a Catholic Suburban League game played last Sunday afternoon at Our Lady's gymnasium.

The win kept alive the hopes of Our Lady's basketeers for a place in the Tech Tourney. They now have a record of seven wins and four losses in league competition and an over-all record of 10 triumphs against only four defeats.

Berry scored 19 points and Barrett 18 to turn the tide for Our Lady's in last Sunday's game.

The rival teams started slowly and played a low-scoring first period at the end of which they were deadlocked with only eight points apiece.

Our Lady's then put on a spurt, scoring 23 points in the second period and the same number in the third quarter to move into a commanding lead.

Art Fisher carried Our Lady's into the lead early in the second period as he scored on three successive jump shots to make the score 14-6. From there on Our Lady's was never headed.

Sacred Heart could score only 11 points in the second period, and at half-time Our Lady's led 31-19.

The Sacred Heart players began pressing too closely in the third period, and Barrett scored six points on fouls.

Jim McLaughlin played an outstanding defensive game for Our Lady's, controlling both boards and being in a large measure responsible for Sacred Heart's low total.

The Sacred Heart boys never gave up and in the fourth period outscored Our Lady's by one point, but it was then too late.

SIDNEY T. SMALL

Newton Man Is Appointed To Special Group

Sidney T. Small of 77 Halcyon rd., Newton, was recently appointed to a special commission established by the Legislature to "study and adopt measures which will create permanent employment opportunities in redevelopment areas in Massachusetts."

Appointed by outgoing Gov. Endicott Peabody, Mr. Small will serve on the Commission which will also "provide for the establishment of industrial development projects in such areas, and promote and assist economic development by private enterprise."

Mr. Small, president of the Greenwood Chemical Co. Inc., of Newton, has been active in many civic projects. He is Grand Chancellor of the Massachusetts Domain of the Knights of Pythias.

Married to the former Janet Sgan of Medford, Mr. Small is the father of three children, Karen, Russell and Phillip.

The 35-year-old Newton Centre resident has been the recipient of numerous awards, including the "Carnation Award" presented annually by the Jewish Advocate.

Mr. Small also has been cited by the Massachusetts Chapter of the National Cystic Fibrosis Foundation, and was given an award as one of Massachusetts' outsanding men by Kiddie Kamp.

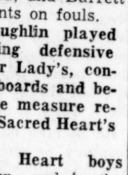

Richard Berk In Second Spot In Bridge Play

Richard Berk, son of Mr. and Mrs. Irving Berk, 58 Greenlaw Ave., Newton Centre, a student at Long Island University, N. Y., was the youngest player ever to place high in the Boston Globe-Alfred Sheinwold Challenge Trophy Tournament, emblematic of the New England individual contract bridge championship.

Young Berk placed second in the tourney, held recently in Boston, finishing four and a half points out of first place.

Mrs. Mickey Rosenthal of Newtonville, placed third.

The L.I.U. student writes a weekly bridge column called "Around the Bridge Table."

Lee Loumos Says:

We have now arrived at a point where the question can be asked, "why should anyone watch a black and white television set when they can watch color?"

First of all, and most importantly, the price of color TV has been reduced to below the price that many of you paid for black and white TV sets you are currently using. As a matter of fact, the cost of a large screen black and white was originally about twice as much as comparable color TV sets are today. This is even more significant when you bear in mind that a color TV set has about twice the components of a regular set. Price reductions have mainly been effected by technological improvements and mass production. There are approximately three million color sets in use at the present time and it is expected that over a million more will move into homes during 1965.

We are no longer concerned whether the chicken or the egg came first. There are now enough color viewers to guarantee a continuation and increase in the number of color programs available to the viewing public. It shouldn't be much longer before most programs will be transmitted in both black and white and color.

The only thing left for your decision now is where to buy your color set but, by now, I should have made that decision academic.

Nat Chonin At Harvard Parley On Marketing

Problems in marketing concepts, general management and labor relations were the principal subjects discussed by Nat Chonin, 10 Kendall Rd., Newton Centre, at an Executive Development Institute at Harvard University Jan. 17-23.

Mr. Chonin is general manager of the Standard Coat, Apron and Linen Service, Inc.

The institute, conducted by a team of noted Harvard faculty members, has gained wide recognition as a management "refresher" program. It is sponsored in cooperation with the Harvard Graduate School of Business Administration and the Linen Supply Association of America, the national trade organization of companies supplying a wide range of textile products to a variety of customers.

Mr. Chonin's company is a member of LSAA.

Urge Pensions For Survivors Of City Help

The city of Newton has been urged by the Retired City Employes Association to favor legislation providing for payment of pensions to survivors of city workers who were not in the contributory retirement system.

Under Section 59A, Acts of 1960, the city could grant pensions not to exceed 50 percent of the deceased employe's pay, to his widow or to a legal guardian for the benefit of a surviving child under 18 years of age.

In a letter to Mayor Donald L. Gibbs and the Board of Aldermen, the officers of the association declare that acceptance of the law would result in payment of such pensions for not more than 10 years.

"As to the climbing tax rate," the letter states, "we realize that any expenditure is a cause of added taxes, but we also feel that in the past years the tax rate has risen and will continue to rise, whether or not this act is passed."

Carmen

(Continued from Page 1)

of the Jewish War Veterans. He also is a member of the Newton Post of the American Legion and the Sgt. Eugene Daly Post of the Veterans of Foreign Wars.

Active in charitable endeavors and civic and PTA affairs, Alderman Carmen served last year as Newton chairman of the United Fund and as Newton chairman of the Combined Jewish Philanthropies.

He has been president and building committee chairman of both the John Ward and Bigelow Junior High PTAs, and was president and a member of the executive committee of the Newton High School PTSA.

Keenly interested in providing greater recreational facilities for the youth of Newton, Mr. Carmen was chairman of a Teen-Age Recreational Committee and headed a City-Wide Teen-Age Survey while serving as a representative on the PTA Council.

He has served as clerk of the Newton Community Council and as chairman of the Community Council's Youth Advisory Committee.

For four years Mr. Carmen was chairman of Brotherhood Week in Newton.

Mr. Carmen is a supporting member of both the Newton YMCA and the Newton Community Council, is a member of the Catholic Guild for All the Blind in Newton, the Newton Taxpayers Association, and the Newton Conservators.

A member of Temple Shalom, he is a member of the executive committee and social action committee of the Temple Shalom Brotherhood. He is on the board of directors of Action for Mental Health in Newton.

Alderman Carmen declared that he decided to stand for election as the city's next Mayor because he believes he can perform a major service for his fellow citizens of Newton.

"I'm proud of our city and its residents," Aldermen Carmen asserted. "But there are numerous steps we can take to make it a better city. As Mayor I would initiate those steps."

As an example, Alderman Carmen expressed the conviction that Newton has a good police force but that it needs a bigger and better one.

"It seems obvious to me that steps must be taken to make our homes and our streets safer and to make Newton a safer place in which to live," Carmen stated.

"It is utter nonsense to say that we can't afford to do this. The fact is we can't afford NOT to do it," he stressed.

"We need more police protection, more police coverage and more frequent police coverage," Carmen continued. "We have got to let thieves and burglars know that Newton is not a good place to ply their trade and they will be caught if they attempt it here.

"Poor police protection is a false economy," he declared. "A staggering amount of money is taken out of our city every year by thieves. This clearly must be stopped."

Carmen praised the members of the Newton police department, asserting that they are doing about as good a job as is possible under the circumstances.

But he said the police department is under-manned and under-equipped, that it lacks adequate manpower and sufficient patrol cars to police and protect a city as large as Newton.

"I believe a careful study should be made to ascertain whether members of our police force are adequately equipped and trained for the vital public service they perform and whether the morale in the department is as high as it should be," Carmen said.

Carmen added that he favors higher salary standards for members of the police force as well as a higher operating efficiency.

"Greater steps should be taken to meet our juvenile problem," Carmen went on. "We need some officers specially trained in this field. We must develop a higher regard for the police force among our young people."

Another of his actions as Mayor, Carmen stated, would be to provide greater recreational facilities for the youth of Newton.

"We should have youth centers in the city which would be primarily operated by the young people themselves, with enough supervision to guide them," Carmen elaborated. "We should provide facilities where our young people could do the wholesome things they enjoy doing in a good atmosphere.

"If some of our branch libraries are abandoned, these buildings could be utilized as youth centers," he pointed out.

Alderman Carmen emphasized that he "believes in positive action, not procrastination."

"As Mayor it would be my policy to endeavor to do immediately the things which need to be done, not to put them off to some future year," he stated.

"I believe in meeting problems, not in sweeping them under the rung," Carmen said.

Alderman Carmen voiced the opinion that "in sociological areas Newton has not progressed with the times to meet the changing conditions."

"It is time we acted in these areas instead of merely talking," he insisted.

"This has been a city of studies and surveys, with a lack of effective action except in our school system which has moved ahead," he declared.

"In keeping with our fine school system, we must immediately move ahead on another educational front by expanding our public library system and upgrading it to the level of our school system," Carmen continued.

Carmen expressed the belief that a redevelopment and rehabilitation program, with emphasis on rehabilitation and preservation is vital to the future of Newton.

But he said that as Mayor he would insist on "very careful planning to avoid unnecessary hardship."

Carmen asserted that if any buildings were to be torn down as part of a redevelopment program, he feels that the homes or business places in which families or business concerns would be relocated, should be erected before any demolition occurs.

"I believe strongly that moderate income housing should be erected in advance of a redevelopment program," Carmen stressed.

"We must stop sitting on these things and start acting on them. That would be my objective as Mayor," he stated.

"Newton should take greater advantage of the opportunity to get State and federal financial assistance in certain areas," Carmen declared. "We have not been realistic in this matter."

Carmen said he favors an enforced minimum housing code for Newton. "This is a matter which has been discussed at length but on which no effective action has been taken," he cited.

"Under the urban renewal program, many Newton residents could get long-term, low-interest loans to improve their homes and in so doing upgrade their whole way of life," Carmen said.

He pointed out that his experience as chairman of the Newton Housing Authority would stand him in good stead in carrying forward rehabilitation and housing programs.

Carmen maintained that Newton's fire department has been handicapped by some of the same policies which have hampered the police department."

"Our fire department does not have the adequate equipment it desires to offer proper protection to residents in high buildings erected recently in Newton. As Mayor I would seek to remedy that deficiency, not wait until some tragedy occurs," Carmen continued.

Carmen said he considers Newton's fire department should have a drill school constructed now. "Our fire alarm system is an old one, and there are needs for further modernization to speed up its efficiency.

"These things mean spending a little more money, but it would also mean improving the department, raising the morale of its members and providing better protection for our people. I believe it would be a sound investment," Carmen observed.

Carmen said he favors an acceleration in the final phases of Newton's school buildings program.

"I see no logic in putting off until 1966 or 1967 a school building project which should be undertaken in 1965," he asserted.

"These are some of my ideas for a dynamic, forward-looking administration I sincerely believe I could give the people of Newton and for making the city in which they live a better one.

"As the campaign progresses I will outline and discuss still other steps I think should be taken to promote the well-being of our citizenry, including emphasis on a city master plan for all phases of our future city operation and direction.

"In presenting my candidacy for Mayor to my fellow citizens I offer them a successful business background which should be of great value in running their municipal government.

"As a businessman, I believe we can and should have more efficiency in the management of the business affairs of our city, that there should be a tightening of fiscal responsibility, better business practices and improved municipal procedures," Carmen stated.

Carmen has served as chairman of the Aldermanic committee on street traffic and as a member of the committees on public works, city planning, municipal parking and the Kendrick Fund.

Bradbury Seasholes, Director of Political Studies at the Lincoln Filene Center for Citizenship and Public Affairs at Tufts University.

"It is not shameful to admit we have problems," stated Mr. Frey. Newton suffers from "self-segregation" because of the way people have settled in villages, he said.

This separation generates tension, which is really the result of lack of opportunity for people to know each other, Mr. Frey continued. He cited a need for youth facilities, endorsed by the P.-T.A. Council, in bringing together young people from throughout the city.

Fr. Griffin termed "non-involvement in other people's problems, a problem." Only since Pope John's time has ecumenism become popular with Catholic churches, he pointed out, and this may lead to wider social involvement.

The Community Relations Report was somewhat vague and gave no specifics for dealing with tensions in Newton, Fr. Griffin said, but the proposed Commission on Human Relations would serve a good purpose if it only brought all of the groups in Newton together.

"Many community groups," he declared, "are attacking the same problems without knowing what others are doing."

Rabbi Rothman also blamed the city's village structure as a source of community "fragmentation". He also urged creation of a teen-age center to serve all Newton youth.

"We must get beyond the fireman's approach to human relations," he said. While Newton may not have a community crisis now, the city should not wait for one to occur before taking positive human relations action.

The panel discussion was introduced by Mrs. Irene K. Thresher, who gave a brief history of the Human Relations Report.

At the conclusion of the meeting, Mrs. Proctor W. Houghton, president of the Newton League of Women Voters, urged the audience to "bring discussion of this report back to your own groups." She offered LWV assistance in supplying background material on the report and on human relations activities in other communities.

Edward L. Richmond, chairman of the Newton Committee for Fair Housing and Equal Rights, asked those attending to let the mayor and the aldermen know how they feel about the recommendations of the Report.

The Human Relations Report, which considered social problems arising out of Newton's growth over the past decade, recommended establishment of a nine-member volunteer Commission on Human Relations with a $15,000 budget.

Bradley, Judge Yesley stated that the time has come for citizens to recognize the great contributions that legislators such as Joseph Bradley have made to the community.

State Senator Francis X. McCann, the guest speaker, praised the Newton Jaycees and the three finalists for the active part they have taken in community affairs and urged others to do the same.

Toastmaster for the evening was James Vaccaro, DSA chairman. Mr. Vaccaro introduced the DSA Committee, comprised of Thomas Calf, Peter Harrington, Theodore Green, and Richard McGrath, the panel of judges made up of Judge Yesley, Edward Cunningham, Kenneth Huberman, and Edward Dashefsky.

Also in attendance were Stanley Miller, last year's award recipient, John Vaccaro, Outstanding Young Man in Massachusetts last year, past Newton Jaycee president, State Vice-President and present Junior Chamber International Senator Robert Shaw, Representative Paul Malloy, Aldermen John Holden and David Jackson and City Clerk Monte Basbas.

Representative Bradley and his wife Jacquelyn reside at 33 Maple Ave., Newton. They have six children, Joseph, John, Mary, Elizabeth, Richard and Geralyn.

A Newton insurance broker, he served three terms on the Newton. At the time of his and in 1962 was elected a State Representative from Newton .At the time of his election he was one of the youngest men and the first of his party to be elected in this district.

He was re-elected in 1964. He is vice-chairman of the Committee on Insurance and the fourth ranking member on the Committee on Metropolitan Affairs in the State Legislature.

He was Newton chairman of the Easter Seal and Cerebral Palsy Drives in 1963 and 1964.

He is a member of the Advisory Board of the Garden City Trust Co. and of the Board of Directors of the New England Kidney Foundation and Action for Mental Health in Newton.

He is a past member of the Newton Junior Chamber of Commerce.

The names of 38 Bay Path Colonial Senior Scouts who will attend the 1965 roundup have been announced by Dr. J. Bertram Kessel, chairman of the selections committee.

The girls, representing 15 communities and 19 different troops in the Council, will join some 8,000 others at Farragut National Wildlife Area in Idaho July 17 to 26.

Senior Scouts selected from Newton are: Sharon Rooney, Anne Sweetser, Jaqueline Tom and Constance Turner.

The five patrols of eight girls each will be filled by two Senior Girl Guides from Brazil, and will visit here for three weeks prior to going to Idaho. This international exchange is made possible by the Juliette Low World Friendship Fund.

Monte G. Basbas To Head Drive Ror Boy Scouts

Monte G. Basbas of 178 Kirkstall Rd., Newtonville, has agreed to serve as 1965 sustaining membership drive chairman for Norumbega Council, Boy Scouts of America. A member of the Council executive board, he has served at various levels of the United Fund, Salvation Army, Retarded Children's and Cancer Fund drives.

A lawyer by profession, Mr. Basbas is Newton's city clerk. He is a director of the Garden City Trust and the Newton South Co-operative Bank, and is a member of several bar associations.

The purpose of the drive is to allow friends of scouting in Newton, Wellesley and Weston to become sustaining members of the Council. Each year the United Fund and Community Chest provide a portion of the total operating budget of the Council, making it necessary to secure its remaining funds through a sustaining membership enrollmen drive.

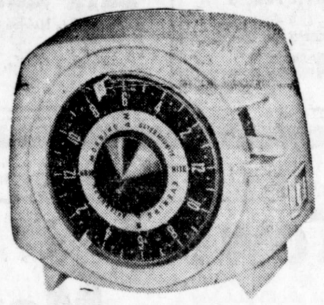

This year's goal is $22,700 in sustaining memberships. The drive is broken into two divisions: a special gifts drive with a goal of $9200, and the three district drives making up the balance. Some of the services provided by the council are: maintaining a service center, providing a trained professional staff (3 full-time professionals), providing training for leaders, organizing new units, special activities for scouts such as camporees, national jamborees, Webelo Days, Philmont expeditions, etc., and in general to develop and promote the entire scouting program.

Mr. Basbas today appointed William Mark as special gifts chairman. Mr. Marks resides at 69 Oakland Ave., Auburndale. He has been active in scouting for 12 years, serving on unit, district, and council executive board levels. Mr. Mark has a son who is an Eagle Scout.

The NEWTON GRAPHIC

If you don't you should because . . .

You certainly must respect old age and we really are old. We just turned 93 this month. We are in pretty good shape all things considered.

For 93 years our only interest has been NEWTON. Newton is not just an afterthought with us. It is our only concern. It should concern you . . . city government, tax rate, schools, organizations, etc. You can't do too much griping if you aren't interested in reading what one of Newton's oldest residents has to say.

We have made an investment in Newton and that is exactly what you should do. Invest just a bit of money and your time to find out what happens in the city that you live in.

You can make us quite a bit more comfortable in our old age by subscribing to "The NEWTON GRAPHIC".

Mrs. Greene To Direct Gala Purim Ball

Mrs. Frederick Greene of Newton, past president of the Greater Boston Council of Pioneer Women, announces that the Council, for the fifth consecutive year, will celebrate the Purim holiday with a festive ball under her direction.

It will be held Mar. 20 in Hotel Bradford, Boston.

Mrs. Greene stated that since the inauguration of the ball five years ago, the Greater Boston Council, comprising 15 chapters throughout the area, has steadily exceeded its quota established by the national office in New York.

The funds realized at this gala occasion, she explained, reach the Pioneer Women installations in Israel almost immediately, so that children and women, including Arabs, may have the advantage of all phases of education which they so rightly deserve.

The Pioneer Women of America, Mrs. Greene points out, is the leading Women's Labor Zionist organization in the country.

Items Of Interest From Newton's Free Library

Cat enthusiasts in Newton will enjoy an exhibit of cat miniatures and ceramics currently on display at the Newton Free Library at 414 Centre St. Generously loaned by Mrs. Arthur C. Cobb of Kenrick St., Newton, the display also includes cat portraits and other related material.

Mrs. Cobb, who has bred Siamese cats for many years and is president of the Siamese Cat Society of America, has won innumerable prizes with her show entries. Some of these colorful ribbons and prizes are also on display.

Cats hold the affections of many people and have figured in countless literary works. The library has a large collection of books about cats and they have been placed near the exhibit for the convenience of borrowers.

The exhibit will continue until early February.

Mental Health is a topic of current interest to many Newton citizens. To assist the public in acquiring a better understanding of all aspects of this subject, the Newton Free Library has just issued an annotated booklist of selected titles on mental health. Copies of this list are available at the Main Library and in all branches.

Included in this listing are the following books: "Positive Aspects of Child Psychiatry", Frederick Allen; "The Role of Schools in Mental Health", Allinsmith and Goethals; "The Development of Motives and Values in the Child", Leonard Berkowitz; "Problems in Addiction: Alcoholism and Narcotics'", W. C. Bier & S. J. Bier; "Play Activities for the Retarded Child", Carlson; "Mental Health in College and University", Dana Farnsworth; "Troublemakers: Rebellious Youth in an Affluent Society", Fyrel; "The Problem of Delinquency", Glueck; "A Parent's Guide to Child Psychotherapy", Halpern; "The Will to Happiness", Hutschnecker; "And Always Tomorrow", Lorenz; "Child Development and Personality", Mussen; "Mental Health in the United States", Ridenour; "Helping the Alcoholic and His Family", Shipp; "No Language but a Cry", Bert K. Smith.

The Newton Free Library has announced its cooperation with station WGBH-TV in its series of one-half hour programs produced by the National Education Television, "The Glory Trail". The "Glory Trail" programs began Dec. 23 and will continue through Feb. 24.

With gusto and humor, "The Glory Trail" recreates the world of swaggering heroes and villians, rustlers, gamblers, homesteaders and dudes, telling the story of the West as it really was — and what has become of it today.

Each episode explores a facet of the West which helped to shape its personality. Blazing along the lands west of the Mississippi, the series relives the savage conflicts between the white man and the Indian, the glitter of the gold rush, the growth of the railroad, the massive cattle drives, the pistol-packing heroes and villains, and the perseverance of the white settlers from the first Spanish explorer to the immigrant "'sod-Buster."

Literally hundreds of books on the subjects mentioned have been published and the Newton Free Library has a rich collection from which to choose. Some of them are displayed in the lobby at the Main Library along with maps of the historic western trails and pictures of the old and new West.

The winter meeting of the Round Table of Children's Librarians was held recently in the Saxe meeting room of the new Worcester Public Library. Children's librarians from the staff of the Newton Free Library who attended were: Miss M. Hinkle, Mrs. E. Hopand Mrs. V. Tashjian.

Woman's Union To Meet Feb. 1 In Newton Ctre

The February meeting of the Woman's Union, First Baptist Church in Newton, will be held on Monday, the first of the month, in the church at Newton Centre Square.

The members of Dorcas Circle will serve as hostesses to greet members at 12:45. Luncheon, at one o'clock, will be served by Naomi Circle.

The business meeting at 1:45 will be conducted by the president, Mrs. P. Edward Eden. Following the business meeting there will be a worship service in charge of the Christian Social Relations Committee.

She reported the results of her discussions with young people and their leaders during the past year. The speaker at the February meeting will be John B. Penney, recreation commissioner for the City of Newton. His talk will be followed by a panel discussion of possible solutions to the problems of youth.

Staff Posts Are Filled For N-W Hospital Building Fund

The Most Rev. Eric F. MacKenzie, senior auxiliary bishop of the Archdiocese of Boston; Miss Margaret Clapp, president of Wellesley College; and Dr. Abram Sachar, president of Brandeis University have accepted honorary chairmanships of Newton-Wellesley Hospital's $3.5 million building fund campaign, according to Bernard D. Grossman, general chairman.

"Participation by these leading figures of our spiritual and educational fields gives distinction and added prestige to a program that will place Newton-Wellesley Hospital among the most modern of community hospital," stated Mr. Grossman.

Bishop MacKenzie is serving as a member of the Governor's Public Defenders Committee. A graduate of Boston College, where he received his BA in 1914, he went on to study at St. John's Seminary in Brighton, and was ordained in 1918. The presiding judge of the Metropolitan Tribunal of the Archiocese of Boston and chairman of the Liturgical Music Commission, he is also pastor of Sacred Heart Church at Newton Centre. Bishop MacKenzie, who holds a doctorate in canon law, has for many years been active in the Boston Legal Aid Society and the Voluntary Defenders.

Miss Margaret Clapp, Wellesley College's eighth president, is a Pulitzer Prize winner and an historian. A graduate of Wellesley where she received her BA in 1930, she is a Fellow of the American Academy of Arts and Sciences. She is a trustee of Walnut Hill School and of Dana Hall Schools.

Dr. Abram Sachar is the first president of Brandeis University, founded in 1948. He received his BA and MA at Washington University in St. Louis, Missouri, did postgraduate work at both Harvard and Emmanuel College, and received a Doctorate in Philosophy at Cambridge University in England. While an instructor of history at the University of Illinois in 1923, he was one of the founding fathers of the Hillel Foundation. He became successively director and then national director of the Foundation, a post in which he served until his appointment to Brandeis. Historian and author, his "History of the Jews" is in its 20th printing. He is a member of the City of Boston's Kennedy Memorial Committee, a trustee of the board of the Kennedy Memorial Library, and a member of the Massachusetts State Board of Education.

The Newton-Wellesley Hospital Building Fund Campaign in which these three notables will serve, embraces that hospital's first major expansion in 18 years. In addition to providing two more structures, extensive renovation and modernization will create a stronger, more flexible health facility for current and anticilpated needs of a service area that has doubled its population since 1925.

Women Of Three Waban Churches To Hear Ecumenicalism Discussed

After demonstrating ecumenicalism at a grass roots level for over 35 years, women of three Waban churches will hear a discussion about the subject on Wednesday, Feb. 3.

That date is Tri-Church day, when women of the Church of Good Shepard, St. Philip Neri Roman Catholic Church and the Union Church in Waban meet to sew and prepare articles for Newton-Wellesley Hospital.

The Episcopal Church will host sewing groups from the three churches beginning at 10 a.m. Further down Beacon Street at St. Philip Neri Church, groups from the Trichurches will sew and fold surgical dressings. At noon, all women will assemble at the Union Church for a luncheon and a program.

Discussing "The Ecumenical Movement" following luncheon are Msgr. George W. Casey, Pastor of St. Brigid's Church in Lexington, and Dr. J. Leslie Dunstan, Adoniram Judson Professor of Christian Missions and World Religion at Andover-Newton Theological School.

Both men have distinguished themselves in the ecumenical movement. Msgr. Casey is familiar for his writings in THE PILOT and his column in THE BOSTON SUNDAY HERALD. Dr. Dunstan has served the Chrisian movement around the world.

Committees working for a successful Tri-Church Day include from the Church of Good Shepherd: Mrs. Kenneth W. Rogers, president; Episcopal Churchwomen; Mrs. Earle W. Cort, sewing director; Mrs. Thomas V. Barb, surgical dressing director; Mrs. Edwin Hawkridge, salad chairman; Mrs. Edward C. Uehlein, ticket chairman.

Committees from St. Philip Neri Church include: Mrs. Augustus P. Castoldi, president of the Guild; Mrs. George N. Danforth and Mrs. Leo E. Concannon, sewing directors; Mrs. D. F. Murphy and Mrs. William B. Kaplain, surgical dressing directors; Mrs. John W. Dacey, dessert chairman; and Mrs. J. Seymour McLean, ticket chairman.

Committees from The Union Church include: Mrs. Frank L. Springer, president of the Woman's Association; Mrs. William V. Parsons and Mrs. Vincent O'Donnell, sewing directors; Mrs. Lytton H. Dowson, surgical dressing director; Mrs. Alex R. Miller, luncheon chairman; Mrs. William Saville, decorating chairman; Mrs. George H. Tryon, waitresses chairman; and Mrs. Scott H. Foster and Mrs. William M. Sanderson, ticket chairmen.

Newton Social Worker Speaks At ORT Meeting

Mrs. Arthur W. Polimer, president of the Eastern Massachusetts Region of Women's American ORT (Organization of Rehabilitation through Training) announces its Inter-Chapter Region meeting to be held at the Hotel Beaconsfield, Beacon street, Brookline, Monday, Feb. 1, at 8 p.m.

The feature speaker of the evening will be Dan Murrow, of Newton, noted social worker. Mr. Murrow is a familiar figure to many who have heard his interviews on radio and television programs, and who read about him in local and national publications.

He was honored by the Du-Pont TV Show of the Month, a documentary entitled "Manhattan Battleground," which told of his experiences in East Harlem. He lived and worked in East Harlem for five years, helping youngsters who were involved in gang warfare, vandalism, drinking and drug addiction. Mr. Murrow is living in Newton and is working with problem children.

He was recently appointed associated director of the Massachusetts Peace Corps. Mrs. Arthur Polimer will also discuss the successful mid-year progress of the region.
